Additional ideas included a computers-for-rent program, faculty or distinguished guest residents in residence halls, more freshmen seminars as well as new career seminars, and the possibility of weekend classes that could help involve non-traditional students in residence hall settings.

Dr. Gast said the current report was about 21 percent greater than the second report of last year largely because of an improved process initiated by the Contract and Grant Administration office. B. The Committee received a report prepared by the Land Management office on the University's Real Property Holdings. The Committee also completed reviews of investment performance and structure for the Pooled Cash Funds and for the permanent investment funds. Mr. Nugent said he was pleased to report the funds are doing better than average in the market.

10. Committee Chairperson McNamara presented the report of the Trustee Policy Committee which included two recommendations.

A. Gender Equity in Intercollegiate Athletics

The Trustee Policy Committee recommended to the Board of Trustees that the Board direct the administration, through the Department of Intercollegiate Athletics, in consultation with the Athletic Council, to develop and implement a gender equity plan that complies with Federal law and regulations (Title IX), and NCAA and Big Ten Conference requirements.

Prior to the vote, Trustees discussed the importance and necessity of complying with Federal law. Board members noted that they supported gender equity and want to assure that intercollegiate athletic programs remain viable and excellent and provide additional support for women. To the greatest extent possible, emphasis should be placed on inclusiveness rather than to limit opportunity. In response to the comment of having sufficient revenues generated to support new scholarships, President McPherson stated that the University must take a fairly firm position that academic support (general fund) monies should not be spent on athletic programs, but that athletic programs should generate those monies.

On a motion by Ms. McNamara and supported by Ms. Cook, the BOARD VOTED unanimously to approve the recommendation.
Mr. Weiss said he did not want to take anything away from the resolution just passed, but he did want to suggest a supplementary motion. He moved that the Board instruct the administration to continue to work on the national scene with the rest of the academic community to discover additional ways to provide reasonable flexibility in advancing gender equity under Title IX.

On a ROLL CALL VOTE by Secretary Pogel, the recommendation was approved by a 7 to 1 vote. Trustee McNamara voted no. She asked to have it on record that she believes the second resolution dilutes the first one. She noted that Title IX is "the law of the land and Michigan State University needs to be in compliance with the law."

B. Conflict of Interest in Educational Responsibilities Resulting From Consensual Amorous or Sexual Relationships*

An amorous or sexual relationship between a student and a faculty member, a graduate teaching assistant or another University employee who has educational responsibility for that student may impair or undermine the ongoing trust needed for effective teaching, learning and professional development. Because of the faculty member, graduate assistant or other employee’s authority over the student, inherently conflicting interests and perceptions of unfair advantage can arise when a faculty member, graduate teaching assistant or other employee assumes or maintains educational responsibility for a student with whom the faculty member, graduate teaching assistant or other employee has engaged in amorous or sexual relations.

It is, therefore, the policy of Michigan State University that each faculty member, graduate teaching assistant and other University employee who has educational responsibilities for students shall not assume or maintain educational responsibility for a student with whom the faculty member, graduate teaching assistant or other employee has engaged in amorous or sexual relations, even if such relations were consensual. Whether such amorous or sexual relationships predate the assumption of educational responsibility for the student, or arise out of the educational relationship, the faculty member, graduate teaching assistant or other employee shall immediately disclose the amorous or sexual relationship to the relevant unit administrator, who shall promptly arrange other oversight for the student.

In unusual circumstances, the achievement of the affected student’s academic requirements may necessitate continued oversight of the affected student by the faculty member, graduate teaching assistant or other University employee who has engaged in amorous or sexual relations with that student. In such circumstances the unit administrator shall, therefore, have authority, after consulting the affected student, to permit the continued oversight of the affected student by the faculty member, graduate teaching assistant or other University employee, provided that the faculty member, graduate teaching assistant or other University employee shall not grade or otherwise evaluate, or participate in the grading or other evaluation of, the work of the affected student, and that the alternative arrangements for grading or evaluating the affected student’s work treat the student comparably to other students.

*Other relevant policies include “Supervision of Academic Work by Relatives” and “Conflict of Interest in Employment.”

On a motion by Ms. McNamara, supported by Mr. Weiss, A ROLL CALL VOTE was conducted by Secretary Pogel. The vote was 5 to 3 in favor of the recommendation. Trustees Gonzales, Nugent, and Traxler voted No.

It was the consensus of Board members that they should receive a report on the policy in one year. Trustee Traxler suggested that a statement be included as a footnote to the policy approved by the faculty that this conduct is to be discouraged. Further discussion included comments by Faculty and Student liaison members.

On a motion by Mr. Nugent, supported by Mr. Weiss, THE BOARD VOTED to adopt a subsequent motion which emphasized the view of the Board that consensual amorous or sexual relations between faculty and students are discouraged.

Ms. McNamara reported that the annual report on University Relations was presented to the Trustee Policy Committee.

11. The following individuals addressed the Board of Trustees on issues not germane to the agenda.

A. Micheal D. Irish, Sr., former employee, commented that he had addressed the Board on two previous occasions during the last four years to request an investigation of his previous employment situation at the University.

B. Lonna Burch, representing the Spartan Youth Parent Organization, expressed concern that the University plans to discontinue the facility agreement with Spartan Youth Gymnastics effective May 31, 1997. She asked to have the decision reconsidered since the program has had a long-standing affiliation with the University.

C. Ed Benson, parent of an eight-year old participant in Spartan Youth Gymnastics, stated that the main thrust of the program is recreational. It is relaxed, non-restrictive, enjoyable, and based on the motivation of the individual gymnast. Mr. Benson said the program is an example of University Outreach and asked the Board to review the decision of the athletic department.

D. Josh Olson, a gymnast in the Spartan Youth Gymnastics program, said the program has given him an opportunity to work out and compete against other clubs. He said the self discipline of gymnastics has taught him to work hard and he has benefitted from the program. He asked to have the decision reconsidered.

E. Larry Nassar, National Team Physician for the sport of gymnastics and team physician and faculty member at MSU, commented that closing the Spartan Youth Program will have local and national effects. He requested Board members to look at the reasons the club is being closed.

F. Pamela Romano Dilley, an art teacher, spoke in support of the graduate Art Education Department at MSU. She said two MSU professors in the department impact hundreds of teachers who impact thousands of students. Ms. Dilley commented that to balance a student's education, art needs to be an integral part of the school curriculum along with technology.

G. George Szypula, MSU emeritus faculty member and Gymnastics Coach for 42 years, spoke of successful former MSU gymnasts. He said the Spartan Youth Program is excellent and should be retained. Also, Mr. Szypula remarked that he would like to have a cooperative effort to achieve equality in athletics at the University without using Federal guidelines.

12. Chairperson's Report and Trustees' Comments:

A. Prior to Mr. Szypula's comments, President McPherson said Trustee Cook wished to comment before leaving for a luncheon meeting with a donor of a major gift to the University. Trustee Cook complimented public participant Josh Olson for his charm, poise, and sincerity in addressing the Board. She congratulated Mr. Joel Ferguson for being elected and Trustee Weiss for his reelection and service as chairperson of the Board. Ms. Cook thanked Trustee David Porteous for serving as a Board member and said she is hopeful he will consider being a candidate again.

B. Mr. Weiss thanked the voters of the State for their vote of confidence. He also welcomed Mr. Ferguson back to the Board. Chairperson Weiss said he is hopeful the discussion of academics versus athletics has ended. He said there are many challenges facing the University to focus on such as instituting technology and keeping tuition affordable. He commented that he is looking forward to a harmonious working relationship.

C. Mr. Traxler congratulated Mr. Weiss on his reelection. He complimented Trustee David Porteous as an exceptionally gifted and talented member of the Board and looks forward to his continuing counsel as a Trustee Emeritus.

D. Mr. Porteous stated that he had enjoyed the campaign for Trustee. It was a vigorous campaign and he has been “enriched beyond description for the opportunity to be able to serve on the Board of a University that he loves and has meant so much to him and his family.”
November 8, 1996

E. Mr. Nugent congratulated Mr. Weiss and Mr. Ferguson and acknowledged the positive contributions of Trustee Porteous. He commented on the meeting he and Trustee McNamara attended in Washington, DC, and reminded Board members of the annual College of Agriculture and Natural Resources Autumnfest event.

F. Ms. Gonzales reminded Board members of the MAGB conference at the Kellogg Center on November 18. She congratulated Mr. Weiss and said she looks forward to working with him and Mr. Ferguson.

G. Mr. Shingleton congratulated Trustee Weiss and Mr. Ferguson on their victories and said he looks forward to working with them in the coming years. He thanked Trustee Porteous for his participation. Mr. Shingleton also remarked that he believes strongly in the youth gymnastic program and complimented the people who spoke. He believes it is an excellent program and would hope it will continue.

13. An Executive Session was not requested.
