REPORT OF COMMITTEE ON BUDGET AND EMPLOYEES.

Your Committee respectfully reports as follows:

1. That the State Board of Agriculture would have been glad to have increased salaries to a greater extent than the increase allowed at the June 1919 meeting, but for the fact that the college finances would not then permit. However, due to the increase of the mill tax, the following suggested general plan of a minimum increase is now possible and is cordially recommended, to become effective as of March 1, 1920.
