C. BIDS AND CONTRACT AWARDS

1. Campus Emergency Communications System - Phase II

The following bids were received on January 25, 1979 for Campus Emergency Communications System - Phase II. This is the final phase for the green light emergency telephone system and involves the installation of 18 telephones including the trenching of cable, installing green lighted fixtures, and the mounting of the telephones. With the completion of Phase II, the green light emergency telephone system will be comprised of 40 readily identifiable telephones located at strategic sites throughout the campus for the purpose of providing rapid communications with the Department of Public Safety in time of emergency.

The above quoted rates were limited to $1,000,000 of primary coverage and $5,000,000 of umbrella coverage. The selected agent will place an additional $20,000,000 of Excess Liability insurance. This additional coverage will cost between $50,000 and $100,000 annually.

Previously, the Board of Trustees had received information outlining the bidding procedures and specifications of coverage. Also, the Board was informed that the University engaged Risk Planning Group, Inc. as insurance consultants to assist and advise in the development of the specifications and the selection of the insurance carrier.

It is recommendation of the insurance consultant and the Office of the Vice President for Business and Finance that the liability insurance coverage be purchased from The Hartford Insurance Group through the Marsh & McLennan agency to be effective April 1, 1979.

RESOLVED that the above recommendation be approved.

Approved by a vote of 7 to 0 on motion by Trustee Sawyer, seconded by Trustee Bruff.

D. OTHER ITEMS FOR ACTION

1. Administrative Reporting Structure for the MSU Health Center

Vice President Eldon Nonnamaker and Provost C. Lee Winder jointly recommended that the current administrative reporting structure of the Clinical Center and the MSU Health Center be changed. Currently both the Clinical Center and the MSU Health Center directors report to the Office of Health Services, which then reports to the Provost for the Clinical Center and to the Vice President for Student Affairs and Services for the Health Center. This reporting structure has proved somewhat cumbersome in dealing with problems and issues, particularly in the Health Center area. In addition, now that the Health Center must be self-supporting financially, there needs to be a clear separation of the administration of the budgets for the two respective units. It is, therefore, recommended that the current administrative reporting structure be changed.

structure be changed so that the director of the MSU Health Center report directly to
the Vice President for Student Affairs and Services. The Clinical Center will continue
to report through the Office of Health Services to the Provost.

RESOLVED that the Board of Trustees approves the new administrative reporting
structure of the MSU Health Center and the Clinical Center as
recommended by Vice President Nonnamaker and Provost Winder.

Approved by a vote of 6 to 1 on motion by Trustee Martin, seconded by Trustee Smydra.
Trustee Stack voted No on the belief that the proposal is another inadequate response to a
complex problem.

2. Name Change for Department of Human Development

The Department of Human Development was one of the first departments established in
the College of Human Medicine. The Department has responsibility for instruction,
research, and service. Most members of this Department are pediatricians. The name
of the Department does not communicate clearly that its major responsibility as a
clinical department is the area of pediatrics. In the interest of accuracy and
better communication, a change in name is recommended.

The faculty and the Chairperson of the Department, the Dean of the College, and
the Provost recommend the change in name proposed.

RESOLVED that the name of the Department of Human Development in the College
of Human Medicine be changed to the Department of Pediatrics and Human
Development, College of Human Medicine, effective July 1, 1979.

Approved by a vote of 7 to 0 on motion by Trustee Martin, seconded by Trustee Bruff.

3. Trustee Awards

The students graduating at the 1979 winter term commencement who had the highest
scholastic averages at the close of their last term in attendance and are therefore
recommended to receive the Board of Trustees' awards are:

First high woman - Joan M. Garety, Accounting major, 3.952 average, graduate of Caro
High School, Caro, Michigan
First high man - Mark Kim Stoeckle, Dairy Science major, 3.911 average, graduate of
Unionville-Sebewaing High School, Sebewaing, Michigan
Second high woman - Robyn Leslie Gaddis, Political Science, 3.947 average, graduate
of Central Lake Public High School, Central Lake, Michigan
Second high man - Ronald Lee Ragotzy, Psychology, 3.866 average, graduate of Portage
Central High School, Portage, Michigan

Approved by a vote of 7 to 0 on motion by Trustee Lick, seconded by Trustee Sawyer.

In response to a question from President Harden, Assistant to the President Simon
reported on the results of her research as to the origin of the policy of recognizing
the top graduating seniors each term by sex. The policy apparently originated at a
time when female students represented a far smaller proportion of the student body
then at present, thereby assuring recognition of outstanding female scholars.
Dr. Simon also indicated the policy is not contrary to the law since the criteria for
the awards are strictly objective. She noted that a spot check for recipients for
spring 1978 and winter 1979 revealed that the recipients would have been the same under
a "unisex" system, but their order would have been different.

Dr. Simon concluded by noting that this is an area which should be reviewed as a
part of an overall study of options for recognition.

4. Awarding of Degrees

It is recommended that the appropriate degrees be awarded to those students who,
according to the records of the Registrar, completed the requirements for graduation
winter term 1979.

RESOLVED that the degrees be awarded as recommended.

Approved by a vote of 7 to 0 on motion by Trustee Smydra, seconded by Trustee Sawyer.

5. Transfer of Property to Avon Township, Oakland County

Negotiations have been underway with officials of Avon Township since September 1977,
to transfer to them the Sarah VanHoesen Jones Farm House at 1005 VanHoesen Road,
Stoney Creek Village. The house will be designated as a Township Historical Museum.
Funds have already been set aside by the Township for improving the building and grounds.

D. OTHER ITEMS FOR ACTION, cont.

5. Transfer of Property to Avon Township, Oakland County, cont.

The property boundaries have been jointly inspected, agreed upon and subsequently surveyed.

It is recommended that the farm house and 3.458 acres of land be transferred to Avon Township with an effective date of February 28, 1979.

RESOLVED that the above recommendation be approved.

Approved by a vote of 7 to 0 on motion by Trustee Bruff, seconded by Trustee Sawyer.

Trustee Sawyer asked whether the agreement between the University and the Township, as to the use of the property, would be spelled out in the deed or was just a verbal agreement. Executive Vice President Breslin said that the legal papers would spell out that the Sarah VanHoosen Jones Farm House was being transferred to the Township for use as a Museum with the provision that if the Township discontinued the use of the house for that purpose or failed to provide adequate financial support, the house would revert to the University.

E. REPORTS TO THE BOARD

1. Board Committee Reports

A. Audit Committee

Trustee Smydra reported as follows:

1. The Committee received a communication from Secretary Ballard concerning a recommendation modification to the Trustee Expenditure Guidelines. The Committee voted to defer discussion of this recommendation to its March meeting and requested Director of Internal Audit Wenner to report to the Committee at the March meeting on the results of his audit of Trustee Expenditure Guidelines.

2. The Committee reviewed its charge as established by the Board of Trustees and has no changes to recommend at this time.

3. The Committee reviewed future agenda items. It is the intent of the Committee to consider the possibility of discussing the policies and practices for the determination of residency for the purpose of assessing student fees at its March meeting. Further, a special meeting has been scheduled for Saturday, March 24, in order to complete discussion on the Auditor General’s recent reports on University operations. All Trustees who may have possible agenda items are asked to submit these items to Chairperson Smydra or to Vice President Roger Wilkinson as soon as possible.

B. Health Committee

Trustee Stack reported that the Committee had discussed a curriculum change in the College of Veterinary Medicine which will be an item for action on the Board’s March agenda.

C. Investment Committee

Trustee Krolikowski reported as follows:

Two presentations were received from representatives of Scudder, Stevens & Clark. The first presentation centered on the need to clarify ambiguities and inconsistencies between the various items of correspondence related to management of the University’s portfolio. A telephone conference call is scheduled next week to dispel any misunderstandings that may have been generated by that correspondence. The objective is to clearly define areas of responsibility, establish a basis for investment strategies to implement the South African resolution and, hopefully, to have a presentation of those strategies to the Board at the April meeting. The second presentation focused on the performance of the University’s portfolio and included an economic forecast.

D. Report on General Education

Provost Winder reported on his evaluation of Professor F. DeWitt Platt’s proposals concerning general education. A copy of Provost Winder’s analysis is filed with the background material for this meeting.

Motion by Trustee Bruff, seconded by Trustee Sawyer, to receive the report of Dr. Winder. Motion carried by a vote of 7 to 0.
