12. The State Board of Agriculture has over a long period of years from time to time approved scholarship awards to worthy students, basing them on a wide variety of qualifications. They range from the waiving of a portion of the term's fees as in the case of students in training for a Limited Teaching Certificate to the waiving of fees and full maintenance as in the case of selected foreign students. To eliminate confusion, it is proposed that the rules governing all scholarship awards financed with funds controlled by the College be administered as follows:

a. All scholarship awards without exception shall be made by the Faculty Committee on Scholarships subject to the approval of the President of the College.

b. Selection shall be on the basis of ability, promise of leadership, and financial need. Distinguished performance in 4-H Club work, or in fields designated by the Scholarship Committee with the approval of the President may be a factor in making these awards.

c. In general, the awards shall be for one term and may be renewed from term to term, if the student meets the academic standards prescribed by the Scholarship Committee.

d. These scholarship awards are to be known as Michigan State College Scholarships.

Holders of scholarships now in effect are not to be deprived of their scholarships by this action. They may, at the discretion of the Faculty Committee on Scholarships, be carried on by the previous basis as long as they meet the academic requirements.

This action is not to create additional scholarships beyond those already authorized by action of the Board.

On motion of Mr. Armstrong, seconded by Mr. Brody, it was voted to approve the above proposal regarding scholarship awards.

13. Dean Anthony and Professor Hudson appeared before the Board to discuss the land needs of the School of Agriculture, pointing out that it is desirable to assign permanent relocations for the livestock units and to do this effectively requires the acquisition of lands, south of those now owned by the College on Bennett Road.

In accordance with previous discussions with the Board, they presented purchase options on certain parcels of land within the desired area.

After considerable discussion, it was unanimously agreed that the Board should acquire all of the land located north of Cavanaugh Road between Hagadorn and Collins Roads whenever it can be acquired at a reasonable figure.

On motion of Mr. Akers, seconded by Miss Jones, it was voted to authorize the outright purchase of 121 acres from Howard L. and Helen J. Winn at $31,000 and 80 acres from Mr. Allen Snider at $19,250; and the negotiation of leases with purchase options as follows:

Mr. Akers having retired from active work on December 31, 1947.

17. Approval of policy for academic employees.

In March 1944, this Board authorized and directed the officers of the College to prepare the budget for the next fiscal year (1944-45) on the basis of placing all academic employees worked eleven months and were given one month's vacation, and teaching employees taught for the three regular terms of the school year and when they taught in the summer school they were paid additionally for it. The budget for 1944-45 was prepared and subsequently approved on the basis of these directions. This statement is for the purpose of completing the record.

Effective July 1, 1944, all academic employees were put on the same basis, with eleven months of responsibility to the College and 30 days vacation time. A salary adjustment for teaching employees was made to compensate them for the change. The Board indicated then its approval of the policy that teaching employees are expected to teach three quarters, and in general the fourth quarter is to be used 30 days of free vacation time and the balance in a manner mutually agreed upon that will be beneficial to the institution and the employee, such as in advanced study, research, writing, extension activities, education travel, gaining practical experience in the field, etc. In making the shift for the summer term of 1944, teaching employees teaching in that summer term who received a smaller increase in annual salary 1944-45 as compared to 1943-44 then they would have received for teaching in the 1944-45 summer school. A compensation on the basis previously used for summer school pay, were paid at the end of the summer term the difference between these figures—so that no employee suffered a loss of income in the year 1944-45 because of this change.

On motion of Miss Jones, seconded by Mr. Armstrong, it was voted to make the above policy part of the Board records.

18. To offer Belgian horses to 4-H Club boys and girls.

The Board suggests that the College try to locate worthy and deserving 4-H Club members who would make good use of these horses but that the gifts should be directly from Mr. Burroughs to the individual members rather than through the College.

all payments herein provided for.
19. Term Loan Agreement, continued:

(a) Each of the above named Banks shall share in the distribution of principal payments above provided for and the Net Income paid to the Agent, as provided for in sub-paragraph (c) of this paragraph 3 - 7, to the extent of its pro rata interest in the Loan made hereunder; and each of the Banks will receive payment of interest computed in accordance with the schedule set forth in Section I hereof.

(b) Each of the above named Banks shall share in the distribution of interest provided for in paragraph 3 - 7 hereof.

(c) Each of the above named Banks shall share in the distribution of principal payments above provided for and the Net Income paid to the Agent, as provided for in sub-paragraph (c) of this paragraph 3 - 7, to the extent of its pro rata interest in the Loan made hereunder; and each of the Banks will receive payment of interest computed in accordance with the schedule set forth in Section I hereof.

3 - 8. Refund Principal Balance on Maturity. The Board agrees that it will proceed in such manner and take such action as may be necessary to provide funds required to pay any balance owing on the Notes as of June 15, 1954, including provisions for refunding the principal balance owing as of that date.

3 - 9. Banks Agree to Release Revenue. In consideration of the pledge of Net Income, as herein defined, for the fiscal years beginning July 1, 1947 and July 1, 1948, each Bank agrees, for itself only and not for each other, to release to and make available to the Agent all Net Income paid to it under paragraph 3 - 7 hereof to meet the two principal payments of Five Hundred Thousand Dollars ($500,000.00) each, scheduled to be made to the Agent as provided for in sub-paragraph (a) of paragraph 3 - 7 hereof on May 15, 1948 and May 15, 1949. Provided, however, that the Banks shall not be required to release to the Agent any such Net Income, to be used for the purposes herein authorized, if the Board shall be in default of any payments to be made to the Agent under paragraph 3 - 7 hereof; nor shall said Banks, collectively, be required to release to and make available to the Agent such Net Income in an amount in excess of One Million Dollars ($1,000,000.00). Provided further, that each of the Banks will release such Net Income, as requested by the Agent, in the proportion that its pro rata interest in the Loan bears to said Loan. It is further condition of this covenant that the Net Income so released may be used for the same designated purposes as funds borrowed hereunder may be used, and for no other purpose.

3 - 10. Board to Maintain and Operate Dormitories. The Board agrees that it will maintain and operate the Dormitories as follows:

(a) That it will at all times keep the dormitory named and known as Mason-Abbott Hall, and the new men's dormitory to be constructed as herein contemplated, when completed and ready for occupancy, in operation while the College is in session, except during the summer session, when either may be operated or closed, in the discretion of the Board, providing the closing thereof will not jeopardize the ability of the Board to make the payments provided for in paragraph 3 - 7 hereof.

(b) That it will at all times use its best efforts to collect rates for rooms and board sufficient to produce Mason-Abbott Hall Net Income and New Men's Dormitory Net Income, as defined in paragraphs A - 13 and A - 14 hereof, which, when taken together with the Student Fees to be collected as herein provided, and other funds which the Board may, from time to time, appropriate, will be sufficient to meet all payments to be made to the Agent, as provided for in paragraph 3 - 7 hereof.

(c) That it will, if necessary to meet the payments to be made to the Agent herein provided for, adopt such reasonable rules, regulations and requirements relative to the residence of students attending Michigan State College of Agriculture and Applied Science as shall be necessary to assure that said Dormitories will be as fully occupied during the academic year as is reasonably possible.

3 - 11. Board to Charge Student Fees. The Board agrees that it will, beginning with the fiscal year of said College starting July 1, 1947, and until the Loan is paid in full:

(a) Charge and collect from each student attending the College, who is an out-of-State student (non-resident of Michigan) and who is not attending the College under the G.I. Bill of Rights so called as part of his "Out-of-State Fee" (presently provided for in the catalog of the College) a fee at the rate of Thirty Dollars ($30.00) for the regular academic year (Ten Dollars ($10.00) per term), and a fee at the rate of Ten Dollars ($10.00) for the summer session of the College.

(b) That it will, if necessary to meet the payments to be made to the Agent provided for in paragraph 3 - 7 hereof, in addition to the fees to be charged as provided for in sub-paragraph (a) hereof, charge and collect from all students attending the College, as part of their course fee, a fee which will be sufficient to produce total funds from this source of revenue, which, when taken together with the Out-of-State Fees to be charged and collected under sub-paragraph (a) of this paragraph 3 - 11, the Mason-Abbott Hall Net Income, and New Men's Dormitory Net Income, as defined in paragraph A - 13 and A - 14 hereof, and other funds which the Board may from time to time appropriate, will be sufficient to meet all payments to be made to the Agent, as provided for in paragraph 3 - 7 hereof.

The Board further covenants and agrees that the Student Fees which it herein agrees to charge, collect and segregate shall be in addition to any Out-of-State Fees or Course Fees which this Board may have appropriated, allocated, pledged or aliened by any prior action on its part, contractual or otherwise.

The Board further covenants and agrees that as said fees are collected from students, as above provided, it will cause the same to be segregated; and the same shall be impressed with a trust and used solely for the purpose of meeting all payments to be made to the Agent, as provided for in paragraph 3 - 7 hereof.
ADDITIONAL ITEMS, continued

Miscellaneous, continued

15. Term Loan Agreement, continued:

3 - 12 Insurance. The Board agrees that it will, out of gross income derived from the operation of the Dormitories:

(a) Pay the premiums necessary to provide fire and extended coverage insurance on the Dormitories in an amount at least equal to the principal indebtedness on the Loan from time to time outstanding. Provided, that in case the outstanding indebtedness shall be greater than the insurable interest in the buildings, then the Board shall insure the same to their insurable value.

(b) Pay the premiums necessary to provide fire and extended coverage insurance on the contents of the Dormitories, in an amount equal to their full insurable value.

(c) Pay the premiums necessary to provide rental value insurance and/or business interruption insurance for said Dormitories in a principal amount which shall not be less in any one year than $2,500,000.00, or if such amount of insurance is not obtainable, then in the greatest amount obtainable; and any proceeds from such insurance shall be used solely for the purpose of making payments to the Agent provided for in paragraph 3 - 7 hereof.

(d) All insurance shall be carried in companies approved by the Agent. All policies of insurance shall be assigned to and deposited with the Agent, and it shall have a first lien on all payments made on the same, up to, but not to exceed the principal balance remaining unpaid on the Loan. In case of loss, the Agent shall apply the proceeds of said insurance, except those from rental value and/or business interruption insurance, to the repair and restoration of the building and contents thereof, wholly or partially destroyed, to its or their former condition, or in such other manner as will make said buildings usable or tenantable to the satisfaction of the Agent. Provided, however, if in the judgment of the Agent, the funds received from said insurance policies or otherwise shall be insufficient to make said building or buildings usable or tenantable, then, in that case, the Agent may hold the funds paid to it by reason of such loss for the benefit of the Banks.

3 - 13 Audits and Accounts. The Board agrees to furnish to the Agent and to each Bank a written statement or statements, as of June 30 of each year, on or before September 30 of each year, showing in detail the sum collected as Student Fees during the preceding fiscal year, the gross income received from the operation of the Dormitories, the actual expenses for operation, administration, insurance, ordinary maintenance and ordinary repairs to the buildings and equipment during the preceding fiscal year, and the Net Income earned.

The report or reports shall be certified by an independent Certified Public Accountant selected by the Board and approved by the Agent.

The Board further agrees to permit the Agent to examine at any convenient time all of its books and records relating to the Student Fees and the operation of the Dormitories.

The Board also agrees that it will pay for and cause to be made any and all reasonable audits requested by the Agent, and that it will employ such Certified Public Accountant or Accountants in making such audits as the Agent shall designate.
