2. President’s Report
   a. Budgetary Matters

   President Mackey called on Vice President Thompson to report on budgetary matters. Vice President Thompson reported that the appropriation deferral action of January 10 has a rather broad range of potential consequences for the University. The minimum loss is the interest income on the appropriation payments for the two-month period, which is approximately $270,000. Vice President Thompson recommended that the following budget adjustment be made to the 1982-83 general fund budget to offset the loss in interest revenue:

   - Debt Service Savings due to Wharton Center Bond Rate: $185,000
   - Alterations and Improvements: 20,000
   - Utilities: 65,000

   Total: $270,000

Trustee Bruff moved the approval of the above budget adjustment. Seconded by Trustee Sawyer. Approved by a vote of 8 to 0.

Vice President Thompson reviewed with the Board of Trustees the 1983-84 budget planning document (copy on file in the Secretary’s Office).

   President Mackey commented on Governor Blanchard’s recommended economic program and its impact upon prospective University budgets. He requested comments also on this subject from the Trustees.

   Trustee Crim commented on the three parts of the Governor’s package, i.e., the Executive Order, the proposed tax increase, and the resulting budget. He also commented on the effective date of the recommended tax adjustment and the need for timeliness in considering the Governor’s proposal.

   Trustee Fletcher said that he applauded the President’s support of the Governor’s program and also wished to express his support for the program. He introduced the following resolution in support of the Governor’s recommended personal income tax increase.

Resolution on Personal Income Tax Increase, cont.

RESOLUTION TO SUPPORT GOVERNOR BLANCHARD'S RECOMMENDED TAX INCREASE

WHEREAS, Governor James J. Blanchard has shown commendable political courage in stepping up to the economic problems facing the State of Michigan by advocating an increase in the personal income tax rate of 1.75 percentage points; and

WHEREAS, there is no other logical long-range answer to the financial dilemma which confronts the state government and especially higher education; and

WHEREAS, the Michigan Legislature is now considering the Governor's recommendation to increase the personal income tax rate;

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees of Michigan State University urge the adoption by the Legislature of the Governor's recommended personal income tax increase.

c. Trinity Report and Enrolled House Bill No. 4553

President Mackey commented on the Trinity Investment Report dated January 18, 1983. He stated that this was one of the three new investment management firms approved by the Board of Trustees and that its report indicated a total return of 16.9% in the MSU portfolio under its management. He stated that the Investment Committee will be reviewing the results of all managers in an upcoming meeting.

President Mackey also called attention to Enrolled House Bill No. 4553 which was passed into law late in the 1982 legislative session. He stated this law has possible impact upon the University's affirmative action program. Further, it may affect University investments because of provisions relating to firms operating in South Africa and the Soviet Union. He stated that the date set relative to firms operating in the Soviet Union is February 1, 1983. He further stated that he has asked the Office of Legal Affairs to give advice on this matter and has asked other staff persons to review the implementation of this section. To our knowledge there is no list of firms doing business in the Soviet Union. He stated that the Board of Trustees will also have to review the South African section of this bill in light of the Board of Trustees' current policy. The effective date of this section is April 1, 1984. He emphasized that we will continue to review this legislation and its effect upon the University's affirmative action program.

d. Philadelphia Stars Lawsuit Settlement

As requested by members of the Board of Trustees, President Mackey gave a brief summary on the settlement with the Philadelphia Stars on the lawsuit relating to the hiring of Head Football Coach George Perles. He stated that he had sent to the members of the Board of Trustees an outline of the events leading up to this settlement and that he has spoken to the Academic Council on this matter with his remarks being reported in the MSU News-Bulletin.

Trustee Martin commented that although he was pleased with the selection of Coach Perles, he has concerns about the procedures used in the hiring process and the procedures used in arriving at the settlement with the Philadelphia Stars.
President’s Report, cont.

Philadelphia Stars Lawsuit Settlement, cont.

Trustee Crim stated that we have hired a good coach who will put together a good program but that the procedures followed in the selection process, in his opinion, are not normal procedures in contracting with a new coach. Trustee Crim indicated that he is also concerned about the suppression of the settlement with the Philadelphia Stars. He stated he has not received a reasonable explanation as to why this suppression was necessary.

Trustee Fletcher stated that, in his opinion, there was grave error on the part of the staff in the process in contracting with Coach Perles. He also expressed concern as to why the settlement with the Philadelphia Stars has to be kept secret. He questioned the authority of the administration to reach a settlement with the Philadelphia Stars and questioned whether this authority exceeded the intent of the Board of Trustees bylaws and policies.

President Mackey responded to the several questions raised by the Board of Trustees and the concerns expressed as to contracting procedure and the authority of the administration to settle lawsuits. He stated that under Board of Trustees policy it has been interpreted by his administration as well as past administrations that the administration had the authority to reach such settlements of legal matters, and that there had been several instances over the past decade resulting in settlements.

Trustee Bruff also questioned the procedures used in reaching a settlement and, following discussion, moved the following motion.

Trustee Bruff moved that the Board direct the President to continue to review the Philadelphia Stars lawsuit settlement and report further to the Board with respect to this matter, and that the Board direct its legal counsel to seek an agreement with the Philadelphia Stars and the United States District Court for the Eastern District of Pennsylvania to remove the confidentiality order and to develop a policy with respect to important settlements of lawsuits for consideration by the Board. Seconded by Trustee Crim. Approved by a vote of 8 to 0.

As requested by members of the Board of Trustees, General Counsel Carr commented on the confidentiality order and the method used in reaching the settlement.
