Faculty Liaison representatives present: Dr. Etta Abrahams, Dr. David Fisher, and Dr. Dozier Thornton. Student Liaison representatives present: Kathleen O'Neil, Cathleen Smith, and Brad Thaler.

2. On a motion by Mr. Shingleton, supported by Dr. Mawby, THE BOARD VOTED to approve the minutes of the Board meeting of February 4, 1994.

3. The following individuals addressed the Board of Trustees:

A. Timothy S. Chang, faculty member in Animal Science and member of the MSU Asian Pacific American Faculty and Staff Association, thanked the administration for supporting their recent conference, "The Changing University: An Asian American Perspective." The Association has requested that action be implemented to recruit more Asian American faculty, staff, and students; increase scholarships/financial aid and funding for student organizations; and offer more ethnic courses and programs.

B. Mark Finkelstein, staff member and Director of Hillel Jewish Student Center, encouraged the campus community to assume responsibility for ensuring cultural diversity in support of the mission of the University. Board members were asked to assume a more active role in improving the campus environment by forming a committee to study, evaluate, and act in support of cultural diversity at Michigan State.

C. Mike Squillace, student and member of the Handicapper Council, expressed appreciation for recent activities making the campus more accessible in accommodating handicapper students, faculty, staff, and visitors. He spoke of access for handicapper students with non-mobility characteristics, such as the need for computers being adapted and accessible for blind and visually impaired students, employing more highly qualified interpreters, retention of interpreters, and improved leadership in the Office of Programs for Handicapper Students.

D. Rondy Murray, staff member and President of the CT Union of MSU, conveyed the CTU's response and commitment to the Guiding Principles. She addressed specific issues related to access to quality training and education for CTs, diversity training, and rewarding employees for making cost-saving suggestions. Attention was called to the following facts: the length of time bargaining units have been in contract negotiations, ingratitude for the union's contributions to the savings in health care costs, injuries due to failure to enforce an ergonomics policy, and the morale of employees. The CTU recommends regular communication with a willingness to listen and deal with the difficult issues.
March 31, 1994

E. Alyce Duckworth, a student, expressed concern for the rising cost of attending the University. She acknowledged that although it was the lowest in a few years, increased tuition has had a negative effect on students who have been forced to either take out loans or drop out of school, and many leave MSU in debt. In her view, the financial aid system needs to be improved. Ms. Duckworth thanked President McPherson for bringing budget issues forward while students are still on campus and she recognized Trustee Dorothy Gonzales for her interest in students.

F. Brad Thaler, student and Chairperson of Student Assembly of ASMSU, commended the Board for keeping the tuition increase near the level of inflation, making it the lowest increase in almost ten years. He thanked the Trustee Finance Committee, President McPherson, Vice President Wilkinson, Provost Simon, Dr. Lockhart, and others for meeting with student forums to discuss the budget. He is hopeful that in future years student input will become a regular part of the process.

G. Brian Debbaudt, graduating senior in Chemical Engineering and former ASMSU Chairperson, commented on his experiences as a student at Michigan State during the past five years. He is confident that his high-quality education has prepared him for employment. It is his opinion that Michigan State has lived up to its AAU and land-grant reputations.

4. Trustee GPA Award recipients for Spring Semester 1994 were congratulated for their exceptional academic performance. Chairperson Ferguson and President McPherson presented awards to Juliann M. Walters, Meghan A. Lynch, Sarah Colombini, Tanya M. Leiniecki, and Steven J. Wasylk. Jennifer J. Jewett was unable to attend the meeting.

He feels good about his first six months at the University—the Guiding Principles have been adopted and a budget was approved. He has good feelings about the people he is working with and about the Board working together on these important matters. However, he realizes this was the first important step of many.

B. In recognition of General Counsel and Vice President Mary Beth Kurz, the following resolution was presented.

Resolution

The Board of Trustees of Michigan State University today pays special tribute to Mary Elizabeth Kurz, General Counsel and Vice President for Legal Affairs.

Soon, she will be leaving this University to accept a position and new challenges with the Texas A & M University System, which encompasses several schools with a total enrollment of 75,000 students.

This latest development in her career is further recognition of the outstanding legal affairs expertise she has exhibited since graduating with honor from the University of Maryland School of Law.

Prior to joining the MSU administration in 1987, she served with distinction as the Legal Counsel for the University of Montana, as Assistant Attorney General for the State of Maryland, and as Assistant Legislative Officer to the Governor of Maryland.

In her seven years at Michigan State University, she has developed an accomplished legal staff capable of responding to the increasing complexity of University issues.

Most impressive is the high degree of professionalism she has displayed, whether on high profile legal matters or in day-to-day counseling situations.

An indication of her standing in her profession came in 1992, when she was selected to serve as President of the National Association of College and University Attorneys.

Therefore, be it hereby resolved that the members of the Board of Trustees of Michigan State University acknowledge General Counsel and Vice President Mary Elizabeth Kurz for the valuable services she has given to this University. In particular, appreciation is extended for the efficiency and patience she has displayed in matters under consideration by this Board and which, ultimately, contributed immeasurably to the entire University community.

We wish her well and continuing success as she moves on to the next chapter in her already impressive career.
11. Trustees commented as follows:

A. Mr. Weiss remarked that he believes Alyce Duckworth's presentation during public participation was representative of a broad view across campus. As the University moves forward in implementing the Principles, the Board must remember those comments relative to quality and access at this institution.

B. Ms. Cook commended the Finance Committee and the administration for the budget that was presented to the Board. She recognized the hours devoted to the budget process and expressed appreciation that Policy Committee members were kept informed.

C. Ms. Sawyer-Koch announced the following events: the Michigan Association of Governing Boards (MAGB) awards banquet on April 6, two MSU students and two MSU faculty will receive recognition; the Association of Governing Boards (AGB) annual meeting in Washington, D.C., April 16-18; and the May 26 Campus Climate Seminar to be held at MSU. The three person ad-hoc Board committee will provide a schedule of special meetings. Board members can still provide feedback to the ad-hoc group.

D. Mr. Shingleton commented on the budget and shared his belief there will be a need for increased productivity at the University. The budget proposed by the Finance Committee was a sound proposal which will put Michigan State in a competitive position for recruitment of students and will provide access to all those who can and want to attend MSU. He remarked about the student presentations during public participation.

E. President McPherson reported in the months ahead there will be dialogue about academic climate issues related to Principle 2 to promote active learning.

F. Dr. Mawby concurred with the actions taken at the meeting today with regard to the budget and Guiding Principles and believes the actions will have great impact on the character and quality of the future of the University. He urged the Board to plan its calendar for the balance of 1994 and 1995 and would like to have a calendar established in June, subject to adjustment, so commitments can be made for adequate attention to be given to the business of the University.

G. Chairperson Ferguson announced a Board retreat would be held in June at the Kellogg Foundation in Battle Creek. He also reported the meeting was held at The Kellogg Center for the convenience of Board members attending the annual Diversity Conference events which were taking place.

H. President McPherson reported the University had received broad media coverage on the pending tuition decision. It is an important message to the State.

12. On a motion by Mr. Ferguson, supported by Mr. Weiss, the meeting adjourned at 5:16 p.m. for Trustees to attend the Excellence in Diversity Awards Ceremony and Reception.
