Professors Sandra Gleason, Roy Matthews, and Carolyn Texera, the new Faculty Liaison members, were welcomed by President DiBiaggio.

4. The following persons addressed the Board of Trustees:

A. Patricia Cesarz, staff member and Chairperson of the Administrative Professional Association expressed hope that agreement in bargaining sessions with the University administration would be forthcoming and stated that the APA looks forward to a continually improved relationship with the MSU Board of Trustees and its agents.

B. Kenneth Harrow, MSU Professor of Humanities and South African Liberation Committee (SALC) member requested that members of the Board of Trustees convey to the MSU Foundation Board the desire to have MSU's name disassociated from those businesses which continue to make a profit under the aegis of an apartheid regime.

C. James E. Bohr, a graduate student, and Mark Major, an alumnus, made a slide presentation with commentary about their concerns of the University's commitment to handicappers, formal adoption of the Transition plan, and physical accessibility of handicappers to programs and buildings on the MSU campus.

D. Tim Maseko, Chief Administrator of Solomon Mahlangu Freedom College in Morogoro, Tanzania, which was established by the African National Congress in 1979, expressed concern about the educational needs and opportunities for South Africans and the material constraints of Solomon Mahlangu Freedom College.
5. The report of President DiBiaggio included the following items:

A. The President reported that he was pleased to inform the Trustees of a letter from the Mott Foundation confirming their generous financial support of the South African Conference to be held at Michigan State, November 23-25, 1986.

B. A committee has been appointed to begin the search for a University General Counsel. Vice President Roger Wilkinson is Chairperson of the search committee. The President has asked the committee to deliberate expeditiously as there is a critical need for legal counsel at this University on a full-time basis.

C. President DiBiaggio commented about the 1987-88 Budget Request of the University. He stated that the budget request is a policy document which will determine in great part the activities of the University in the next academic year. It is a responsible approach to the budgetary circumstances and does begin to address some of the deficiencies suffered from earlier years, while still recognizing and expressing gratitude for the achievements of the past few years due to the leadership of the Executive Branch and both political parties in the Legislature. The areas of need which exist have been defined as well as the significant differential MSU suffers in comparison to those institutions that are used as NSU’s benchmarks—AAU land-grant institutions. The budget request will allow for some new initiatives in the University which have been given the highest priority, and it does meet anticipated inflationary expectations.

The President further stated that the budget request is a reasonable request, and requested that the Trustees approve the Budget Request as submitted. The Budget Request will be discussed in greater detail as a recommendation of the Trustee Finance Committee.

6. On a motion by Ms. Lick, supported by Ms. Sawyer, THE BOARD VOTED to approve the following personnel actions.

   C. On a motion by Mr. Owen, supported by Ms. Sawyer, THE BOARD VOTED to approve the adoption of the 1987-88 Budget Request Guidelines for the University General Fund, the Agricultural Experiment Station, the Cooperative Extension Service, and the Capital Outlay request, and that the administration in consultation with the Trustee Finance Committee develop a document to transmit the Budget Request to the Department of Management and Budget.

   Mr. Owen asked both Mr. Wilkinson and Dr. Scott to present brief summaries of the recommended guidelines which the Finance Committee recommended to the Board. Mr. Wilkinson presented background information about the 1987-88 Budget and Capital Outlay Requests and Dr. Scott spoke about funding for academic programs.

   Mr. Owen commented that he views this as a reasonable budget request and complimented the administration and people in the University who assisted in developing this budget request. The budget is within a range of reasonableness and represents a good starting point for discussions with the State in this budget cycle. He outlined the fact that this request addresses MSU's position with other institutions within and outside the State of Michigan, and there is specific attention to the level of faculty salaries—an area that requires significant attention this year and in the coming years. This budget request is another step in the progress that has been made at MSU and across the State over the last four years.

   This is the first meeting of the Board of Trustees utilizing the new committee structure of the Trustee Finance Committee and the Trustee Policy Committee.
