10. Stagehand Union

Trustee Bruff indicated that the amended agenda included, prior to the closed meeting Friday morning, an item requested by Trustee Martin relative to the Stagehand Union. Trustee Bruff said that because the Stagehand Union is a matter subject to an unfair labor practice charge that is pending with a hearing scheduled in February, and because there is no contract at the present time but negotiations may or may not be ongoing, the Board for these reasons discussed the matter in closed session and; therefore, the Stagehand Union item will not be a matter for discussion during this session.

2. President's Report

   President Mackey called on Jack Shingleton, Interim Director of the Alumni
   Association, to comment on alumni activities.

   Mr. Shingleton stated that the former alumni association, as a result of the
   action taken by the MSU Board of Trustees at its December 4, 1981, meeting,
   called an emergency Alumni Executive Board meeting on December 22. The result
   of that meeting was to take action to terminate its operation as of December 31,
   1981, and then carry out a membership proxy vote to recommend the termination
   of the association. Once the matter has been resolved, Mr. Shingleton said that
   he will send a letter to the members of the former association inviting them to
   transfer to the new association. He said that life memberships and those who
   have annual memberships through June 30, 1982, will be included.

   Mr. Shingleton further stated that several transitional moves are being made,
   one of which is to transfer the insurance program of the former association.
   He said that all of the alumni who are insured will make the transition
   without any problems. Student tours, some reunions and homecoming activities
   will be continued under the new structure.

   Mr. Shingleton has been invited to speak to many of the alumni clubs and
   constituent groups, many of which have asked how they can participate in the
   new association. Many of these organizations have expressed that they are
   pleased that the matter is being resolved and hope that the new association
   can move ahead and do what is best for the University.

   At the request of President Mackey, Vice President Thompson commented on the
   current status of the work and development of the Board of Trustees' policy
   manual.

   Vice President Thompson stated that research is being done of the Board's
   actions which might comprise the Board's policy. Included are about 1,500
   pages of Board minutes, dating back to 1926, and about 7,500 3x5 index cards.
   A good deal of judgment has been made as to what did or did not constitute a
   statement of policy. A system will be established where it will be possible
   to track a policy as to its development. The intent is to bring to the Board
   what is being termed as a transition document which is essentially a statement
   of current Board policy.
