President Mackey called the meeting to order in Rooms 105 A&B, Kellogg Center, at 7:28 p.m., October 25.

Present: Trustees Bruff, Lick, Martin, Radcliffe, Sawyer, Smydra, and Stack; President Mackey, Provost Winder, Executive Vice President Breslin, Vice Presidents Cantlon, Carr, Dickinson, Nonnamaker, Thompson, and Wilkinson; Secretary Ballard, Assistant to the President Simon, Faculty Liaison Group, Student Liaison Group.

Absent: Trustee Krolikowski.

1. Approval of Proposed Agenda

Motion was made by Trustee Radcliffe, seconded by Trustee Bruff, to approve the proposed agenda. Approved by a vote of 7 to 0.

2. Approval of September 27-28 Minutes

Motion was made by Trustee Martin, seconded by Trustee Radcliffe, to approve the minutes of the September 27-28 Board meeting. Approved by a vote of 7 to 0.

Recessed for Board Committee meetings at 7:30 p.m.

During the recess there were meetings of the following Board Committees:

Affirmative Action Committee
Audit Committee
Investment Committee

The meeting reconvened at 9:05 a.m., October 26, Board Room, Administration Building.

Present: Trustees Bruff, Krolikowski, Lick, Martin, Radcliffe, Sawyer, Smydra, and Stack; President Mackey, Provost Winder, Executive Vice President Breslin, Vice Presidents Cantlon, Carr, Dickinson, Nonnamaker, Thompson, and Wilkinson; Secretary Ballard, Assistant to the President Simon, Faculty Liaison Group, Student Liaison Group.

1. Public Comments

Professor Frank Blatt, past-president of the MSU Chapter of the AAUP, expressed his desire for greater faculty involvement in the proposed hiring procedures for executive/management positions. He indicated that the faculty should have a more prominent role than contemplated by the proposed procedures.

Bruce Studer of ASMSU expressed concern for the relative decline in higher education appropriations in state spending priorities. This decline has resulted in substantial tuition increases. ASMSU has passed a resolution calling for a rally to protest this trend. A copy of this resolution is on file in the Secretary's Office. Mr. Studer said that the rally will be held at the Capitol at noon on Wednesday, November 14, following a meeting at Beaumont Tower at 11:00 a.m. He indicated that ASMSU has been in contact with the student governments of other Michigan institutions and has urged them to participate to demonstrate their concern for this problem.

Personnel Recommendations

It is recommended that the following positions be established:

1. Secretary II C07 (half-time) for Dean's Office, College of Agriculture and Natural Resources
2. Secretary II C07 for Family and Child Sciences
3. Secretary I C05 (half-time) for Human Environment and Design
4. Laboratory Research Technician II C09 for Pediatrics and Human Development, (25%), and (75%, funded only to 6-30-80)
5. Associate Editor All for Social Science Research
6. Senior Placement Officer A12 for Placement Services
7. Input/Output Clerk II C06 for Data Processing
8. For Libraries:
   a. Library Clerk I C05
   b. Three Library Clerk III C07

It is recommended that the following reclassification be approved:

1. Engineer IV A14 to Senior Engineer A15 for Physical Plant Engineering Planning

Unanimously approved. Motion by Trustee Lick, seconded by Trustee Sawyer.

B. GIFTS AND GRANTS

Gifts and grants totaling $2,905,084 were unanimously approved on motion by Trustee Bruff, seconded by Trustee Krolikowski. A list of the gifts and grants accepted is filed in the Secretary's Office.

Special Grant Item

Contract with the Department of Energy for Construction of the Superconducting Heavy Ion Cyclotron

Research, planning and advanced procurement activity for this facility must get underway as soon as possible after the contract for its construction is signed. It is anticipated that the contract will be signed in late October or early November. The Board's next meeting is not scheduled until November 29-30. In order to expedite this project, it is recommended that the University be authorized to proceed with it with this understanding that the grant will appear on the Board's agenda for formal acceptance at the November meeting.

RESOLVED that the above recommendation is approved.

Unanimously approved. Motion by Trustee Smydra, seconded by Trustee Lick.

C. BIDS AND CONTRACT AWARDS

1. Parking Lot Improvements

At its June meeting the Board of Trustees authorized the administration to receive bids for improvements to Parking Lots J, K, and L, and to award contracts so that work could be completed by the end of the fall term. The scope of the project is as follows:

Kellogg Center Parking Improvements - Phase I

Lot L - Kalamazoo at Harrison

Work will include grading, extending existing storm sewer system, new street lighting, new asphalt paving, new curb and gutter, pavement lining, installation of pay booth with parking control appurtenances, new concrete walk, and site preparation work.

Lot K - Kellogg Center Lot

Work will include the installation of pay booth with parking control appurtenances, removal of parking meters and two parking control gate islands.

1. Parking Lot Improvements, cont.

**Kellogg Center Parking Improvements - Phase I, cont.**

Lot J - Jenison Fieldhouse Lot

Work will include the installation of a parking gate island (equipment relocated from Kellogg Center Lot), new lighting, new concrete walk, and site preparation work.

**Kellogg Center Parking Improvements - Phase II**

Lot K - Kellogg Center-Lot

The remaining work, scheduled for construction next spring, will include pavement removal, storm sewer modifications, lighting modifications, new asphalt paving, new concrete walk, new wood bollards with chain, new curb and gutter, fine grading, pavement lining, and site preparation work.

It is recommended that the following budgets be established:

A contract in the amount of $252,937 has been awarded to Capitol Excavating and Paving Co., Inc., which was based on the low bid including acceptance of the alternate.

Funds for this project are from parking revenues of the University.

It is recommended that the Board of Trustees accept the report relating to Phase I of this project, that it accept the alternate for Phase II of the project, and authorize a budget of $401,300 for the total project.

RESOLVED that the above recommendation be approved.

Unanimously approved. Motion by Trustee Smydra, seconded by Trustee Sawyer.
2. Alterations to Biochemistry Building

The following bids were received on October 10, 1979, for the Biochemistry Building - Alterations to Room 518. This project involves the division of existing space into five smaller spaces by the erection of masonry block and plaster partitions. Also included is the installation of epoxy flooring, new plaster ceilings, and laboratory furniture. Necessary mechanical and electrical alterations are also incorporated. These alterations will provide three Biological Containment Laboratories and two Chemical Containment Laboratories. The space will be used for research in the studies of Bacterial Genetics, Virology, and Recombinant DNA.

It is recommended that a contract be awarded in the amount of $51,943 to McNeilly Construction, Inc., and that the following project budget be established:

- Contract - McNeilly Construction, Inc. $51,943
- Contingencies 10,607
- Coordination, Inspection and Expediting 7,450
- Total Expected Expenditures $70,000

Funds are available for this project in Account 11-8525, Biochemistry - DNA Lab, Special.

RESOLVED that the above contract be awarded and project budget be established as recommended.

Unanimously approved. Motion by Trustee Martin, seconded by Trustee Radcliffe.

3. Alterations to Pesticide Research Center

The State of Michigan has requested the University to produce data to establish whether a particular known carcinogen can be picked up from soil by garden plants and, thus, enter the human food chain. New federal guidelines require a level of containment for work with known carcinogens which is not currently available on campus. The Office of Facilities Planning and Space Management identified the containment requirements for conducting this research in Room 113 of the Pesticide Research Center, and the Office of Engineering Services has been preparing bid documents to get the facility started. Since this project will not go out for bids until mid-November, it is unlikely we will have a specific bid to recommend to the Board of Trustees at its November meeting. In order to expedite this important research, the administration would like Board approval to initiate this work as soon as possible after an acceptable low bid can be identified. It would be understood that the total project must be within the $65,000 available in the Toxicology Center budgets and that a report on the bids would be placed on the first available Board agenda.

RESOLVED that the administration be authorized to proceed with work on the carcinogen containment facility in the Pesticide Research Center as soon as the acceptable low bid is selected. It is understood that details on the bids will be formally reported to the Board at its first available meeting.

Unanimously approved. Motion by Trustee Sawyer, seconded by Trustee Radcliffe.

5. Alterations to Olds Hall

The following bids were received on September 25, 1979, for alterations to Rooms 304, 305, and 306 of Olds Hall:

<table>
<thead>
<tr>

This project provides for the division of a large area into two smaller spaces to function as Library and Conference Rooms. A separate access from the main corridor to the existing fire escape is also provided in the project. New resilient flooring and suspended ceiling with recess fluorescent lighting is included in the project. Construction will be completed by February 28, 1980.

It is recommended that a contract be awarded in the amount of $23,656 to the Hanel-Vance Construction Co. of Okemos. It is further recommended that the following project budget be established:

<table>
<thead>
<tr>

Funds are available in the General Fund, Special Alterations and Improvements, Account 11-5173.

RESOLVED that the above contract be awarded and project budget be established as recommended.

Unanimously approved. Motion by Trustee Radcliffe, seconded by Trustee Lick.

D. OTHER ITEMS FOR ACTION

1. Selection of Architect for Chittenden Hall

Public Act 102 of 1979 allocated funds to the Department of Management and Budget for studies and preliminary planning to convert and remodel Chittenden Hall. While this planning money does not come to the University directly, the MSU Board of Trustees should select the architect for the project.

Chittenden Hall was built in 1900 and has served many purposes. Because of its location and character, it is key to maintaining a needed sense of tradition on the central campus. The building is an excellent example of turn of the century American architecture, and while badly needing repair, the potential for a good rehabilitation program is great. Our plan is to make the building the permanent home of the MSU Graduate School. In addition to solving this critical space need, we hope to also show that by adaptive reuse and preservation older buildings can remain as important parts of the total campus. Chittenden Hall was recently listed in the State Register of Historic Sites.

It is recommended that the Board appoint Preservation/Urban Design/Incorporated as architects for this project. This firm specializes in the preservation and restoration of older buildings while adapting them for today's use. They have done preservation architecture in many areas of the country in addition to extensive work in Michigan. Their current work includes the Old Post Office, Washington, D.C.; Fair Lane Conference Center for the University of Michigan; Orchestra Hall in Detroit; City of Kalamazoo Depot; Newberry Opera House in Newberry, South Carolina; and the Carnegie Library, Adrian, Michigan.
D. OTHER ITEMS FOR ACTION, cont.  October 25-26, 1979

1. Selection of Architect for Chittenden Hall, cont.

Located in Ann Arbor, they currently have fifteen employees, including seven architects. Richard Macias, ASLA, is president of the firm and Richard C. Frank, FAIA, is vice president.

RESOLVED that the above recommendation be approved.

Unanimously approved. Motion by Trustee Lick, seconded by Trustee Sawyer.

2. Selection of Architect/Engineer for National Superconducting Heavy Ion Cyclotron Laboratory

Following U. S. Department of Energy guidelines, a selection process monitored by DOE was held to recommend an architect/engineer for this project. The three top ranked firms on a priority basis are:

1. Gilbert/Commonwealth Companies, Jackson, Michigan
2. Harley Ellington Pierce Yee Associates, Southfield, Michigan

While final DOE approval is required, the administration would like Board approval of Gilbert/Commonwealth Companies as architect/engineer for the project. If DOE does not agree with this firm, the administration requests Board approval to cooperate with DOE to select the architect/engineer from the two remaining firms.

We anticipate a late October — early November MSU/DOE contract for the $6 million research and advanced procurement phase of this $30 million project. It is highly desirable that the architect/engineer be appointed prior to that date so that design work can begin as soon as possible after contract approval. The Board will be informed of the selected architectural/engineering firm and the fee agreed upon by DOE, the University, and the firm.

RESOLVED that the architectural/engineering firm of Gilbert/Commonwealth Companies be approved subject to U. S. Department of Energy's approval. If DOE approval is not forthcoming, the architect/engineer shall be one of the two remaining recommended firms. The Board will be informed of the final selection and the fee agreed upon.

Unanimously approved. Motion by Trustee Bruff, seconded by Trustee Sawyer.

3. Improvements in Long-Term Disability Insurance Program

Program improvements in the Long-Term Disability Insurance Program based on recommendations of the Faculty Affairs Committee have been under study for many months. After discussions with TIAA, the carrier, and review of the various employee groups affected by the proposed change, it is recommended that the Long-Term Disability Insurance Program be improved effective January 1, 1980, by increasing the benefit cap from $2,000 of monthly income to $3,000 for purposes of applying a formula of straight 60%. The additional program cost of approximately $9,000 per month will be supported from the existing benefits budget.

RESOLVED that the above recommendation be approved.

Unanimously approved. Motion by Trustee Sawyer, seconded by Trustee Lick.

4. 1980-81 Budget Requests

a. Operating

The proposed 1980-81 operating budget requests for the University General Fund, the Agricultural Experiment Station, and the Cooperative Extension Service have been distributed with the agenda (copies are on file in the Secretary's Office).

RESOLVED that the proposed 1980-81 operating budget requests be approved.

Unanimously approved. Motion by Trustee Smydra, seconded by Trustee Sawyer.

   The proposed 1980-81 capital outlay budget request has been distributed with
   the agenda (copy on file in the Secretary's Office).

   RESOLVED that the proposed 1980-81 capital outlay budget
   request be approved.

   Unanimously approved. Motion by Trustee Smydra, seconded by Trustee Krolikowski.

5. Local 999 Contract Agreement

   A tentative three-year agreement has been achieved with Local 999 of the American
   Federation of State, County, and Municipal Employees (AFSCME). Effective July 1, 1979,
   the agreement contains first year wage adjustments of five percent across the board
   plus a cost of living allowance (COLA) and classification study implementation costs.
   The longevity formula cap is increased to $9,500 and health insurance is increased to
   100% of full family coverage. The second year increase is 6% across the board adjust­
   ment plus COLA. In the third year the increase is 5% plus COLA. Approval of the
   agreement is recommended.

   RESOLVED that the three-year contract, effective July 1, 1979, with
   Local 999, American Federation of State, County, and
   Municipal Employees be approved as recommended.

   Unanimously approved. Motion by Trustee Radcliffe, seconded by Trustee Smydra.

E. REPORTS TO THE BOARD

1. President's Report

   President Mackey reported that he had met with Dr. Stack to report on administrative
   actions and plans in response to concerns about sexual assaults expressed to the Board
   Health Committee. Dr. Mackey said that he would keep the Board informed of further
   administrative actions in this area.

   Dr. Mackey also reported that he had sent the Trustees a detailed report on enrollments
   of minorities for the fall quarter. The report shows total minority enrollments of
   more than 3,000 students. The administration is continuing to review the University's
   internal processes to identify areas where additional improvements can be made.

2. Board Committee Reports

   Affirmative Action Committee

   Trustee Martin reported that the Committee has recommended the adoption of the
   following proposed Hiring Procedures for Executive/Management Positions:

   1. Definitions of Positions
      a. Executive/Management positions are defined as positions with the
         title of President, Vice President*, Secretary to the Board,
         Associate Vice-President, Assistant Vice-President, Assistant to
         the President, and Assistant to a Vice-President.
      b. Other positions, including those with the title of Director, that
         report directly to the Office of the President or the Office of a
         Vice-President are under the affirmative action hiring procedures
         for either the academic or nonacademic personnel system. Exceptions
         will be approved on a position basis by the Board of Trustees.

   2. The appointment of a person in an "acting" capacity and changes in title
      or responsibility of incumbents in executive/management positions because
      of reorganization or reclassification are not subject to the application
      of these procedures.

   3. Incumbents in executive/management positions serve at the pleasure of
      their immediate supervisor. Tenure/job security is not attached to
      executive/management positions.

   *The term Vice President in this document includes "Provost"

E. REPORTS TO THE BOARD, cont.

October 25-26, 1979

2. Board Committee Reports, cont.

Affirmative Action Committee, cont.

4. If a person in an executive/management position is to have faculty status, the academic appointment and subsequent personnel actions related to this faculty status will be treated as separate employment issues and will be processed through the Office of the Provost.

5. The procedure for selecting the President is established by the Board of Trustees with the advice of the academic governance system and is changed only through action of the Board of Trustees. The conditions of employment for the President, including those related to faculty status, are established by action of the Board of Trustees.

6. The specific procedures and criteria for the recruitment and selection for an executive/management position will be established by the person responsible for the personnel recommendation and will be approved by the President prior to the start of the selection process.

7. Positions will be posted unless an exception is granted by the President. In all cases, the person responsible for the personnel recommendation must be able to document that special efforts were taken to identify women and minorities as candidates and that these candidates were given serious consideration in the selection process.

8. The administrator responsible for the personnel recommendation must be able to document that affirmative action considerations were addressed through the criteria used to evaluate the candidates for an executive/management position.

9. The administrator's report to the President will include a list of the candidates considered, a summary of the credentials of the final candidates, documentation of special efforts to include women and minorities in all phases of the selection process, and the rationale for the recommended personnel action. The report will include the assessment made by individuals and/or groups who interviewed the final candidate.

Unanimously approved. Motion by Trustee Martin, seconded by Trustee Radcliffe.

Trustee Martin also reported that at its next meeting the Committee will discuss affirmative action policies and procedures in University construction and procurement activities.

Audit Committee

Trustee Smydra reported that the Committee had discussed the Ernst & Whinney Management Letter associated with the 1978-79 audit. Staff responses to the management letter also were discussed.

Trustee Smydra also reported that the Committee recommends the following Policy on Rotation of Auditors:

It shall be the policy of the Board of Trustees to rotate auditors periodically. The auditors selected shall be appointed annually for a period of six years. At the expiration of the sixth year, the then current auditor shall not be eligible for reappointment.

While the Board reserves the right, notwithstanding this policy, to change auditors at any time, the Board recognizes that both the University and the audit firm selected make substantial initial investments at the beginning of the audit relationship and that both parties anticipate recovery of their costs over the six-year period. Therefore, the Board does not intend to deviate from this policy so long as the service and the fees of the auditors are satisfactory.

The first rotation under this policy shall occur at the conclusion of the 1980-81 fiscal year.

Motion by Trustee Bruff, seconded by Trustee Smydra. The above policy was approved by a vote of 7 to 1. Trustee Stack voted No.

Ernst & Whinney retained for fiscal year of 1979-80

Motion by Trustee Bruff, seconded by Trustee Sawyer that Ernst & Whinney be retained as the University’s external auditors for the 1979-80 fiscal year. Unanimously approved.

2. Board Committee Reports, cont.

Investment Committee

Trustee Krolikowski reported that the Committee discussed recommendations received from the Detroit Bank & Trust Co. Trustees of the Fee Trusts which were established for the benefit of Hidden Lake Gardens, and voted to approve sales of certain securities as recommended by Detroit Bank & Trust Co.

The Committee received a detailed briefing from Vice President Wilkinson and his staff on the composition of the University's investments and the administrative structure, policies and procedures for the management of those investments.

The Committee also received reports on investment transactions undertaken by Scudder, Stevens & Clark since the Board's September meeting.

Unanimously voted to accept the Committee Report. Motion by Trustee Radcliffe, seconded by Trustee Krolikowski.
