MINUTES OF THE MEETING of the
FINANCE COMMITTEE
September 17, 1964

The Finance Committee convened at 10 a.m. in the Red Cedar Room of Kellogg Center.

The following members were present: Messrs. Bagwell, Harlan, Huff, Merriman, Nisbet, Pingel, Smith, Stevens; President Hannah, Treasurer May, and Secretary Breslin

Absent: No one

Investment recommendations

1. Scudder, Stevens & Clark and Mr. Cress recommended the following investment items:

Retirement Fund

<table>
<thead>
<tr>
<th>Amount</th>
<th>Security</th>
<th>Price</th>
<th>Principal</th>
<th>Income</th>
<th>Yield</th>
</tr>
</thead>
<tbody>
<tr>
<td>1000 shs General Electric</td>
<td>$2.20</td>
<td>$85</td>
<td>$85,000</td>
<td>$2,200</td>
<td>2.6%</td>

</tr>
</tbody>
</table>

Recommending:
- Sell 120 shs Weyerhaeuser Co.

On motion by Mr. Harlan, seconded by Mr. Bagwell, it was voted to approve the investment recommendations.
2. Mr. May distributed the year-end financial statement, June 30, 1964.

3. Communication from Mr. May:

The Highway Department has been negotiating with me regarding the purchase of a right-of-way across the Biebesheimer farm located just south of I-96 and west of College Road.

It has furnished drawings showing that it will need approximately 23 acres of land out of the 146 acres originally purchased. The location of the Highway is such that the University will be left with 12 acres of land isolated from any other University property. The Highway Department has offered to purchase the 23 acres for $23,800. This is a little more than our average cost per acre, but, in my opinion, does not fully compensate for the fact that 12 acres of land will be useless to the University.

As a part of the negotiations we might well consider the acquisitions of 7 acres of land adjoining the north line of the Biebesheimer farm. The 7 acres were originally acquired by the Highway Department when it planned to place a full interchange at I-96 and College Road. It is my view that the Highway Department should give us the 7 acres and the $23,800 which it has offered for the 23 acres as compensation for crossing our property. However, I am not certain that the Highway Department will agree to this arrangement.

Because the Highway Department hopes to place this piece of highway under contract next month, it is essential that it acquire the necessary right-of-way. If the Board concurs, I would like it to grant to you the authority to sign the necessary deed and grading permits at the most advantageous price obtainable.

On motion by Mr. Nisbet, seconded by Mr. Pingel, it was voted to authorize President Hannah and Vice President May to negotiate with the Highway Department covering the sale of the land required for the extension of I-496 across University property and to authorize their signing an agreement to permit the Highway Department to proceed with its planning and construction. The Board approved in principle a suggested price for this land and directed that the arrangement include the acquisition by the University of a strip of land adjacent to I-96 and adjoining the University property now owned by the Highway Department.

4. Communication from Mr. May:

Several times I have mentioned the work of the Governor's Task Force headed by John McEachren, which has been engaged in studying various aspects of state government with a view of increasing the efficiency of operations.

The work of Mr. McEachren's committee has been carried on under the leadership of Mr. Nelson St. John, a certified public accountant, and various staff men loaned by the large public accounting firms of the State. Basically, their approach to the problem is to train governmental employees in the techniques of position activity review and a critical review of operating procedures. In almost every department survey the staff has accomplished material savings without attempting to interfere with an agency's responsibilities or programs.

I was enough impressed with the committee's procedure and results that I arranged for about 20 individuals from various segments of the University to meet with Mr. St. John and several of the accounting firm representatives for a firsthand exposure to their program.

Last week I asked Messrs. Breslin, Herman King, Sabine, Foster, and Simon to meet with me for a frank discussion of the merits of Michigan State undertaking to participate in an efficiency program similar to that being conducted by Mr. St. John for other state agencies. Their opinion was unanimous in that we should recommend to you that we participate and that we organize the review group along the following lines:

1) Review Group

The University would assign 6 individuals representing the following areas of interest to become a part of the review team with full-time responsibility devoted to the program:

a) Faculty  
b) Business Office  
c) Data Processing  
d) Personnel  
e) Dormitories and Food Services  
f) Physical Plant

2) Training Period.

The review team would be assigned to Mr. St. John for a training period of from 2 to 3 months. During this period they would be working with experienced men either in University departments or in other state agencies.

3) It is proposed that the review team be jointly responsible to the Provost's Office and to the Business Office. Both the Provost and I believe that it is essential that all segments of the University understand that efficiency is as important in the non-academic area as in the academic area. We also feel it is very important that this effort not receive any initial adverse publicity.
FINANCE COMMITTEE ITEMS, continued

September 17, 1964

4. Communication from Mr. May, continued:

3) Administrative Authority

It is proposed that the review team be jointly responsible to the Provost's Office and to the Business Office.

4) The Provost and I believe that during the training period it would not be necessary to have an individual designated as head of the unit. In several months we would probably want to select one of the 6 individuals assigned to the program to direct the unit's work.

5) Financing.

The Provost's Office feels that this work is directly related to EDP and it, in fact, will strengthen our reports to the Ford Foundation. If the plan is adopted we propose to charge 2 of the 6 persons to the Ford Foundation EDP grant. Mr. Foster will finance one person with the cost pro-rated to all of his operating units. The University would have to finance the other 3 persons at an annual cost of approximately $30,000.

On motion by Mr. Nisbet, seconded by Mr. Pingel, it was voted to approve and authorize the above recommendation.

5. The President introduced a discussion of the proposed site for the new Administration Building. Maps and charts were reviewed by Mr. Lautner.

On motion by Mr. Nisbet, seconded by Mr. Bagwell, it was voted to authorize the planning of a new Administration Building, discarding the plans which contemplated an addition to the existing building. The new Administration Building is to be located on a site on the south bank of the Red Cedar River north and west of the Center for International Programs. Since Mr. Ralph Calder was the architect for the original plans, it is understood that he will proceed with the planning of this structure and this building is to be given top priority in the requests for 1965 building funds from the State Legislature.

6. The President introduced a discussion of the proposal presented by Mr. Akers covering the construction of a 9-hole golf course east of the present Akers Golf Course to be paid for out of income from his estate.

Comments for and against this proposal were made by various trustees and it was decided to put this item over to be discussed again at the October meeting.

7. The President discussed the whole problem of land acquisition with particular reference to the large farm owned by Harry Box at the corner of Collins and Jolly Roads and the desirability of the University undertaking to acquire all of the land between Collins Road and I-496 between Jolly and Forest Roads.

On motion by Mr. Huff, seconded by Mr. Merriman, it was unanimously voted to authorize negotiations looking toward acquisition of all of this property.

8. Approval is requested for the following year-end adjustments:

   a. Renovation and remodeling of the old Food Stores Building $100,000
   b. Television equipment 50,000
   c. MSU Press 33,000
   d. Kellogg Station 15,000
   e. International Center 15,000
   f. Farm Lane Bridge Railing 600

On motion by Mr. Nisbet, seconded by Mr. Harlan, it was voted to approve the above request.

9. Communication from Mr. May:

Recently it was discovered that the Board has never officially approved the purchase of property from Russell L. and Ann Louise Jenkins in Delhi Township.

I am certain the Board will recall Mr. Carr’s reports on his negotiations to acquire this property. But, for the record, it would be best if the Board officially approved the purchase of this property on September 23, 1963, for $42,500.

On motion by Dr. Smith, seconded by Mr. Merriman, it was voted to approve the above purchase.

10. It is recommended that the Trustees authorize the sale of the following shares of stock (listed in Oakland University Gifts and Grants for this meeting):

   a. 44 shares of IBM Capital stock
   b. 20 shares of Parke, Davis & Company common stock

On motion by Mr. Merriman, seconded by Mr. Harlan, it was voted to approve the above sale of stock.

11. Communication from Mr. May:

Attached is a copy of a letter received from the Detroit Bank and Trust Company advising that Miss Jessie T. Fee has irrevocably renounced effective July 1, 1964, all rights and interest in the trust created by her brother, Harry A. Fee.
11. Communication from Mr. May, continued:

You will recall that Michigan State was to be the residual beneficiary of the income from the trust after the death of Miss Fee. In recent years she has been making annual gifts to help develop Hidden Lake Gardens. With this action Michigan State will receive approximately $40,000 per year for maintenance of Hidden Lake Gardens.

On June 30, 1964, the report from the Detroit Bank and Trust Company indicated market value of securities in this amount amounting to $1,538,789.

I think this communication should be recorded in the Board minutes and an appropriate acknowledgement sent to her after it has been officially accepted. In the meantime I am writing her a note acknowledging the communication received from the Detroit Bank and Trust Company.

On motion by Mr. Bagwell, seconded by Mr. Merriman, it was voted to approve the above item, and suggested that the President express for the Trustees their very real appreciation for this generous action of Miss Fee.

12. Communication from Mr. May:

In December of 1947 when Mr. Akers retired, the Dodge automobile dealers of America established an endowment fund in his honor. This endowment was to be managed by you and Mr. Akers and the income used at your and his discretion for scholarships and special projects at Michigan State University.

Mr. Akers has indicated to me that he would now like to designate the individuals who manage his trust account to have power to recommend to the Board of Trustees of Michigan State University how income will be used for the benefit of the University and its students.

It would please Mr. Akers if this communication could be presented to the Board of Trustees for its approval.

On motion by Mr. Nisbet, seconded by Mr. Pingel, it was voted to approve Mr. Akers' suggestion.

13. Attorney Carr and Mr. Huff reported on developments in connection with the communication that has been addressed to the Attorney General on behalf of all ten of the State-supported Universities and Colleges protesting the language in Act 273 of the Public Acts of 1964 which purports to make all building appropriations to the State Controller's Office rather than to the individual University boards.

After considerable discussion, it was agreed that our Board of Trustees would stand firm in opposition to the intent of the Act but that it should authorize Mr. Carr and Mr. Huff to negotiate a settlement that might include the validation of Act 273 for the current year only, provided there can be assurance that similar language and objectives will not be included in future legislation.

14. Director Lautner appeared before the Trustees with charts and maps showing the probable effect on the future development of the University if the proposed throughway on the north side of the Grand Trunk Railway is eventually completed as now planned by the State Highway Department.

After considerable discussion, on motion by Mr. Huff, seconded by Mr. Nisbet, it was unanimously voted to authorize the officers of the University to advise the State Highway Department and others that the University will insist on the construction of this highway in such a way as to provide a separation of grades with complete accessibility for University traffic at all times across the new highway at Bogue Street, Farm Lane and Power Plant Road. Further, the Trustees suggest that those planning the highway give consideration to the possibility of separated highways, crossing the new highway at Harrison and Hagadorn Roads. It is understood that if this University requirement increases the amount of monetary contribution required from the City of East Lansing, the University will stand prepared to negotiate an appropriate settlement with East Lansing for any additional costs required to solve the University's problems.

15. The President introduced a discussion of the need for additional dormitory housing for graduate students. The sketches as prepared by Architect Calder and the tentative site plan as prepared by Mr. Lautner were reviewed.

On motion by Mr. Merriman, seconded by Mr. Huff, it was unanimously voted to authorize planning, financing and expediting the construction of two wings on Owen Graduate Dormitory hopefully to be completed and ready for occupancy in the fall of 1965. Mr. Calder was authorized as the architect for this project.

16. The President introduced a discussion of the need for additional dormitory housing for graduate students. The sketches as prepared by Architect Calder and the tentative site plan as prepared by Mr. Lautner were reviewed.

On motion by Mr. Bagwell, seconded by Mr. Pingel, it was voted to approve the two Oakland items above.
3. Discussion of future problems to be faced at Oakland University in connection with
dining facilities for residents of dormitories. Mr. Varner requests authorization
to employ an architect to develop plans for the construction of a dining hall.

On motion by Mr. Nisbet, seconded by Mr. Merriman, it was voted to authorize the employment
of the Ralph Calder Architectural Firm of Detroit for this project.

Adjourned.

SUMMARY

Remodeling & Add. $402,000 $475,000 $500,000 $1,377,000

New Construction $1,850,000 $1,150,000 $1,330,000 $1,395,000 $1,500,000 $7,627,000

Total $2,252,000 $1,150,000 $1,330,000 $1,395,000 $1,500,000 $7,627,000

On motion by Mr. Bagwell, seconded by Mr. Pingel, it was voted to approve the Capital Outlay requests as presented.

4. Designation of Gwendolyn Norrell, Professor in the Counseling Center and Psychology, as Assistant Director of the Counseling Center for Testing, effective September 1, 1964.

5. On September 10 the following bids were received for a 14-inch water transmission main from Farm Lane to Well No. 20:

- Crandell Trenching $19,798.36
- Gerald D. Harris & Sons, Inc. 19,874.20
- P & S Construction 20,766.10
- Reed & Noyce 22,182.00

It is recommended that the contract be awarded to Crandell Trenching the low bidder, in the amount of $19,798.36.

On motion by Mr. Bagwell, seconded by Mr. Nisbet, it was voted to approve items 4 and 5.

NEW BUSINESS

President's Report

Appointments

1. Robert J. Mertz, Instructor in Communication, at a salary of $600 per month from August 1, 1964 through June 30, 1965.

2. Ashraf el-Rayoundi, Research Associate in Biophysics, at a salary of $800 per month from July 25, 1964 through September 30, 1964.

3. Lorena Virginia Stoops, Instructor in Natural Science at a salary of $6000 per year on a 10-month basis effective September 1, 1964.
NEW BUSINESS, continued

President's Report, continued

    $369 from Hastings Public Schools
    $300 from Herricks Council of PTA, New Hyde Park, New York
    $100 from Lee H. Borsley of Midland (wishes to remain anonymous)
    $400 from the John Huntington Fund for Education of Cleveland, Ohio
    $200 from the Institute of Electrical and Electronics Engineers, Women's Auxiliary, of Jackson
    $200 from the Jamestown Alumni Association of Elkhart, Indiana
    $100 from Junior Achievement of Grand Rapids, Inc.
    $200 from Junior Achievement of San Francisco, Inc.
    $999.99 from Kirsch Foundation of Sturgis
    $300 from the Kiwanis Club of Hamilton Township of Trenton, New Jersey
    $300 from the Kiwanis Club of Englewood
    $150 from the Kiwanis Club of Skokie Valley, Illinois
    $500 from the Kroger Company of Cincinnati, Ohio
    $750 from the Latrobe Steel Company of Latrobe, Pennsylvania
    $100 from the Livonia-Kedford Theater Guild of Livonia
    $1,605 from the M. & S. Manufacturing Company of Hudson
    $325 from the Mainliner Club of Chicago
    $600 from Marathon Oil Company of Findlay, Ohio
    $384.25 from Maritime Advancement Programs of New York City
    $1,500 from the John McKee Scholarship Committee of Havertown, Pennsylvania
    $100 from Melvindale High School
    $730.50 from the Michigan Home Economics Extension Council of Capac
    $12,750 from the Jewel Tea Company, Inc., of Melrose Park, Illinois
Gifts and Grants, continued

4. Grants for scholarship purposes, continued:

16) For specified students, continued:

$125 from Michigan's Junior Miss Pageant of Pontiac
$700 from the Middletown Rotary Club, Middletown, Pennsylvania
$1,000 from the Mineola-Garden City Rotary Club of Garden City, New York
$600 from The Most Worshipful Prince Hall Grand Lodge F. & A.M. of Detroit
$2,200 from the National Maritime Union Pension and Welfare Plan of New York City
$100 from the Negro Business and Professional Women's Club of Lansing
$145 from the Norse Civic Association of Southfield
$100 from the North Burlington County Regional Junior-Senior High School of Columbus, N.J.
$250 from the Northrop Ventura Management Club, Inc., of Newbury Park, California
$100 from the Oak Park Council PTA of Detroit
$500 from Oberlin College of Oberlin, Ohio
$1,200 from Dorothy W. Offield of Chicago
$250 from Polish Falcons of America of Pittsburgh
$1,250 from Production Steel Strip Corporation of Detroit
$900 from the George M. Pullman Educational Foundation of Chicago
$250 from the Quill and Scroll Foundation of Iowa City, Iowa
$500 fromRalston Purina Company of St. Louis, Missouri
$250 from the Town of Reading, Massachusetts
$150 from Ridgefield PFA of Ridgefield, Connecticut
$250 from the Riverside Osteopathic Hospital Guild of Trenton
$108 from the Riverview Pirates Boosters Club of Wyandotte
$362.50 from the Rockford Public Schools of Rockford
$100 from the Saxson Athletic Boosters of Hastings
$300 from the Smithtown College Aid Fund of Smithtown, New York
$625 from Tiscornia Foundation, Inc., of St. Joseph
$1,000 from Trenton Public Schools
$200 from Upper Teens, Inc., of Southfield
$900 from the Warren Benevolent Fund, Inc., of Ashland, Massachusetts
$300 from Warren Senior High School of Warren
$250 from the Waterford Scholarship Fund of Waterford, Connecticut
$200 from the Wayne County Home Economics Extension Council of Dearborn
$1,150 from Wayne Memorial High School of Wayne
$250 from the Westwood Rotary Club of Inkster
$250 from the Wildwood Rotary Club of Wildwood, New Jersey
$250 from the Wisconsin Centrifugal Foundry, Inc., of Waukesha, Wisconsin
$500 from the John and Elizabeth Whitely Foundation of Lansing
$300 from Tiscornia Foundation, Inc., of St. Joseph
$500 from the Quill and Scroll Foundation of Iowa City, Iowa
$500 from the Woman's Benefit Association of Port Huron
$990 from the Woman's National Farm and Garden Association of Lansing
$300 from the 1961 World Figure Skating Team Memorial Fund of Boston

5. Approval of a memorandum of agreement with The Dow Chemical Company of Midland covering a grant of $1,200 to be used under the direction of L. L. Boger in Agricultural Economics to investigate consumer buying habits and attitudes with regard to charcoal.

6. Grant of $3,500 from the United States Department of Agriculture of Beltsville, Maryland, to be used under the direction of R. H. Nelson in Animal Husbandry to conduct studies on genetic improvement in swine and improve performance in crossbred pigs through selection.

7. Grants as follows from the National Institutes of Health of Bethesda, Maryland, to be used in Biochemistry:

a. $5,340 under the direction of James L. Fairley to study factors affecting Arginine levels in Neurospora
b. $35,743 under the direction of James L. Fairley for a study of plant Deoxyribonucleases.
c. $15,180 under the direction of John S. Speck, Jr., to investigate mechanisms of action of carbohydrases.

8. Grant of $3,400 from the National Science Foundation of Washington, D.C., to be used under the direction of Harold M. Sell in Biochemistry for research on the biochemical nature and synthetic growth substances as applied to higher plants.

9. Grants as follows to be used under the direction of J. E. Graffius in Crop Science:

a. $2,500 from the Michigan Brewers' Association of Detroit for the barley genetic and plant breeding projects.
b. $3,000 from the Malting Barley Improvement Association of Milwaukee to support research incorporating malting quality into winter barley.

10. Grants as follows to be used under the direction of W. F. Meggitt in Crop Science:

a. $2,884 from the F & M Beet Sugar Association of Saginaw to develop weed control techniques in sugar beets and to determine the effects of environmental factors on the activity of herbicides.
b. $1,000 from the Diamond Alkali Company of Cleveland to study the effects of formulation and date of application of herbicides on perennial species.
Gifts and Grants, continued

11. Grant of $16,645.60 from the Michigan Foundation Seed Association of East Lansing to be used under the direction of E. C. Rossman in Crop Science to develop improved corn hybrids for Michigan and to continue fundamental studies of corn breeding methods and corn genetics.

12. Grant of $6,100 from the National Institutes of Health of Bethesda, Maryland, to be used under the direction of H. D. Hafs in Dairy for a fellowship.

13. Grants as follows to be used under the direction of Peter I. Tack in Fisheries and Wildlife:
   a. $2,000 from the Erie Research Committee of Erie, Michigan, for basic production ecology in marsh lands
   b. $15,000 from the Bureau of Commercial Fisheries, United States Department of Interior, of Washington, D.C., to make a comprehensive analysis of the present marketing practices for smelt and shallow water cisco from the waters of Lake Superior

14. Grants as follows from the National Institutes of Health to be used in Food Science:
   a. $12,300 under the direction of G. A. Borgstrom to study the effect of thawing and freezing on microbial populations in foods.
   b. $12,600 under the direction of S. H. Schanderl for identification of chlorophyll degradation products and precursors in fruits and vegetables.

15. Grant of $3,800 from the Eckart Packing Company of Defiance, Ohio, to be used under the direction of L. J. Bratzler and J. F. Price in Food Science for a special graduate research assistantship in the area of meat science.

16. Grant of $1,000 from the Cherry-Burrell Corporation of Cedar Rapids, Iowa, to be used under the direction of T. I. Hedrick and C. M. Stine in Food Science to study factors that influence freezing of ice cream.

17. Grant of $9,000 from the National Live Stock and Meat Board of Chicago to be used under the direction of A. M. Pearson and L. J. Bratzler in Food Science to study factors influencing the eating qualities of beef.

18. Grants as follows to be used under the direction of I. J. Pflug in Food Science:
   a. $32,590 from the United States Army Quartermaster Research and Engineering Command of Natick, Massachusetts, to study different methods of heat processing shelf stable food products in flexible packages.
   b. $6,000 from the American Society of Heating, Refrigerating, and Air-Conditioning Engineers, Inc., of New York City to study design criteria for systems to cool food products.
   c. $5,000 from Whirlpool Corporation of St. Joseph to continue studies on controlled atmosphere storage of foods.

19. Grants as follows to be used under the direction of James W. Goff in the School of Packaging:
   a. For the Control of Damage in Shipment Project:
      1) $3,000 from The Chesapeake and Ohio Railway Company of Cleveland
      2) $3,000 from The Gillette Company of Boston
      3) $3,000 from Western Electric Company of New York City
   a. For the sealing of packaging materials at High Machine Speeds project:
      1) $3,300 from the Aluminum Company of America of Pittsburgh
      2) $3,000 from Ekco Containers, Inc., of Wheeling, Illinois
      3) $3,000 from Esso Research and Engineering Company of Linden, New Jersey
      4) $3,000 from Packaging Corporation of America of Grand Rapids
      5) $3,000 from The Proctor & Gamble Company of Cincinnati
   c. $3,000 from The Mead Corporation of Dayton, Ohio, for research on water vapor permeability of packaging films
   d. $3,000 from The Louis A. Unger Memorial Foundation of Cleveland for research in the area of gas and water permeability.
   e. $3,000 from KVP Sutherland Paper Company of Kalamazoo for research in the area of gas permeabilities as a factor in package shelf life
   f. $3,000 from the Institute of Industrial Launderers of Washington, D.C., for research in the area of packaging as a means of effective market penetration
   g. $12,000 from General Motors Corporation of Detroit for research on Control of Damage in Shipment, Package Closures, Use of Moisture Vapor Permeability Rates in Design for a Definite Shelf Life, and Gas Permeabilities as a Factor in Package Shelf Life.

20. Grant of $1,700 from the Michigan Pear Research Association of South Haven to be used under the direction of John Bukovac in Horticulture to support research on chemical thinning of pears.

21. Grant of $10,000 from the Florists Telegraph Delivery Association of Detroit to be used under the direction of John Carew in Horticulture to support the 2-year curriculum in retail floriculture.

22. Grant of $1,000 from The American Poultry and Hatchery Federation of Kansas City, Missouri, to be used under the direction of R. K. Ringer in Poultry Science to continue the studies on the influence of cholesterol infusion to the embryo and that of the yolk sac on subsequent spontaneous atherosclerosis.
NEW BUSINESS, continued

Gifts and Grants, continued

23. Grant of $3,500 from the International Minerals & Chemical Corporation of Skokie, Illinois, to be used under the direction of E. C. Doll and B. G. Ellis in Soil Science to determine the level of exchangeable magnesium and the percentage base saturation of magnesium in Michigan soils below which a response to added magnesium might be expected.

24. Grant of $6,000 from the Steel Service Center Institute of Cleveland to be used under the direction of J. D. Edwards in Accounting and Financial Administration as a doctoral fellowship.

25. Grant of $81,698.13 from the United States Air Force, Wright Patterson Air Force Base, Ohio, to be used under the direction of J. D. Edwards in Accounting and Financial Administration for the education program of the Air Force Comptrollership Officers.

26. Grant of $2,000 from The S & H Foundation of New York City to be used under the direction of R. F. Lanzilotti in Economics to provide campus and community lectures.

27. Grants as follows to be used under the direction of H. O. Barbour in Hotel, Restaurant, and Institutional Management:
   a. $500 from the Club Managers Association of America to compile a complete set of job descriptions for city and country clubs
   b. $1,000 from the Frawley Memorial Fund, Founder's Fund, Institute of Applied Hotel Economics, of Detroit for a faculty member fellowship.

28. Grant of $400 from the National Food Brokers Association of Washington, D.C., to be used under the direction of C. G. Slater and Edward Brand in Marketing and Transportation Administration for a scholarship in the food marketing management program.

29. Grant of $74,264 from the Vocational Rehabilitation Administration of the Department of Health, Education, and Welfare of Washington, D.C., to be used under the direction of H. J. Over in Speech to train individuals in speech and hearing therapy and methods of clinical rehabilitation and to provide funds for instructional and supervisory personnel.

30. Grants as follows from the Michigan Department of Public Instruction of Lansing to be used in the College of Education:
   a. $5,500 under the direction of H. M. Byram for the development and demonstration of procedures for evaluation of a comprehensive program of vocational education in the public schools.
   b. $5,500 under the direction of P. G. Haines to study the effects of cooperative vocational education upon behavior in the labor market.

31. Grants as follows from the United States Office of Education of Washington:
   a. $74,025 under the direction of William Farquhar in Education to study the motivational factors influencing academic achievement of eleventh grade Puerto Rican High School students.
   b. $175,800 under the direction of Vernon Hicks for training teachers of handicapped children.
   c. $69,588 under the direction of C. J. Martin in Education to investigate the types of associative learning strategies employed by deaf, blind, retarded, and normal children.

32. Grants as follows from the Vocational Rehabilitation Administration of the Department of Health, Education, and Welfare to be used in the Department of Guidance and Personnel Services:
   a. $46,774 under the direction of J. P. Keith to continue the training program for rehabilitation counselors in the area of mental retardation.
   b. $135,766 under the direction of G. A. Miller to continue training rehabilitation counselors.

33. Grant of $115,000 from the W. K. Kellogg Foundation of Battle Creek to be used under the direction of John X. Jamrich in Education for an extension of the Community College Administration Program.

34. Grant of $1,500 from the Lansing Public Schools to be used under the direction of Troy Stearns in Education to assist in instructional improvement and program planning.

35. Grants as follows to be used under the direction of C. M. Horn in Guidance and Personnel Services to support the work with the Association of American Schools of Mexico and Central America:
   a. $800 from S. A. Scheramex of Mexico
   b. $500 from The Chase Manhattan Bank of New York City
   c. $200 from Kraft Foods of Mexico

36. Grant of $2,500 from the National Science Foundation to be used under the direction of Dean Ryder in Engineering to provide fees for one science faculty fellow and a cost of education allowance.

37. Grant of $6,000 from the United States Steel Foundation of New York City to be used under the direction of Dean Ryder in Engineering for a fellowship.
Gifts and Grants, continued

38. Grants as follows to be used under the direction of C. M. Horn in Guidance and Personnel Services to provide scholarships for the summer programs:
   - $300 from the National Bank of Detroit
   - $300 from ExCell-O Corporation
   - $600 from Detroit Edison Company
   - $200 from Michigan Bell Telephone Company
   - $300 from the S. S. Kresge Company
   - $200 from the Udylite Corporation
   - $300 from the J. L. Hudson Company
   - $200 from the Kroger Company
   - $100 from United Auto Workers
   - $100 from AFL-CIO
   - $200 from the Michigan Consolidated Gas Company
   - $200 from Scott Paper Company

39. Grant of $1,500 from The Asphalt Institute of College Park, Maryland, to be used in the College of Engineering to provide a "Bernard E. Gray Research Grant" for research on asphalt treated base courses.

40. Grant of $1,500 from The Soroptimist Federation of the Americas, Inc., of Chicago to be used under the direction of Dean Muelder in the School of Advanced Graduate Studies for a fellowship for graduate students.

41. Grant of $130 from Friends of Julia Tear to be used under the direction of Jeanette Lee for the purchase of books in the field of textiles and related arts for the Home Economics Reading Room. This sum is being transferred from the MSU Development Fund.

42. Grant of $2,000 from the Ransom Fidelity Company of Lansing to be used under the direction of Jeanette Lee in Home Economics to provide a monthly stipend for a foreign student. The money has been transferred from the MSU Development Fund.

43. Grant of $7,200 from the Michigan Blueberry Growers Association of Grand Junction to be used under the direction of E. H. Barnes in Botany and Plant Pathology to investigate fungus diseases of blueberry, especially tuaxicoccum canker.

44. Grants as follows to be used under the direction of E. S. Beneke in Botany and Plant Pathology:
   a. $7,848 from the Michigan Cancer Foundation, Inc., of Detroit to study the production and extraction of the tumor-inhibiting substance in Boletus Luteus.
   b. $4,133 from the National Institutes of General Medical Sciences of Washington to continue the pre-doctorate terminal year.

45. Grants as follows to be used under the direction of E. J. Klos in Botany and Plant Pathology to study tree fruit disease control:
   a. $500 from Geligy Agricultural Chemical of Yonkers, New York.
   b. $1,000 from American Cyanamid Company of Princeton, New Jersey.
   c. $1,700 from the Michigan Pear Research Association of South Haven.
   d. $250 from FMC Corporation of Middleport, New York

46. Grant of $6,200 from the Department of Health, Education, and Welfare of Washington to be used under the direction of G. W. Prescott in Botany and Plant Pathology for making a limnological and physiological survey of the waters of hot springs in Montana.

47. Grants as follows from the National Science Foundation to be used in Chemistry:
   a. $33,200 under the direction of G. J. Karabatsos for studies of the mechanisms of organic reactions by use of isotopes.
   b. $16,800 under the direction of Elmer Leininger for the undergraduate research participation program.
   c. $450 under the direction of C. N. McCarty for the summer institute in chemistry for high school teachers of chemistry.

48. Grant of $1,500 from the Petroleum Research Fund, American Chemical Society, of Washington, to be used under the direction of S. A. Monti in Chemistry for study of the synthetic approaches to cyclopentanoid monoterpenes.

49. Grant of $1,500 from the Petroleum Research Fund, American Chemical Society, to be used under the direction of R. S. Nicholson in Chemistry for investigations of organic electrode processes.

50. Grant of $1,500 from the Petroleum Research Fund, American Chemical Society, to be used under the direction of L. B. Sims in Chemistry.

51. Grant of $1,866 from E. I. duPont de Nemours and Company of Wilmington, Delaware, to be used under the direction of A. I. Popov in Chemistry for postgraduate fellowships.

52. Grant of $28,186 from the United States Army Research Office of Durham, North Carolina, to be used under the direction of A. I. Popov in Chemistry for exploratory basic research in physical sciences.
53. Grant of $19,920 from the National Institutes of Health of Bethesda, Maryland, to be used under the direction of M. T. Rogers in Chemistry for NMR studies of molecular structure.

54. Grant of $60,000 from the United States Department of Agriculture of Washington to be used under the direction of Gordon Guyer in Entomology for investigations on population dynamics and induced sterility of the cereal leaf beetle.

55. Grant of $8,111 from the Department of Health, Education, and Welfare of Washington to be used under the direction of Helen E. Penhale in Nursing to increase the number of graduate nurses qualified for positions as teachers and administrators in schools of nursing and as supervisors and administrators of nursing services in hospitals and in public health agencies.

56. Grants as follows from the National Science Foundation to be used in Physics and Astronomy:
   a. $624 under the direction of S. K. Haynes for a summer faculty fellowship
   b. $2,500 under the direction of S. K. Haynes for a faculty fellowship
   c. $624 under the direction of S. K. Haynes for construction of research equipment

57. Grant of $15,111 from the Atomic Energy Commission of Argonne, Illinois, to be used under the direction of F. J. Blatt in Physics and Astronomy for studies of conductivity of thin metal wires.

58. Grants as follows to be used under the direction of C. S. Thornton in Zoology:
   a. $10,024 from the National Institutes of Health, Institute of Neurological Diseases and Blindness, for research on neural and epidermal interactions in regeneration.
   b. $2,500 from the National Science Foundation for a faculty fellowship

59. Grants as follows from the Department of Health, Education, and Welfare of Washington, D.C.:
   a. $45,869 to be used under the direction of C. C. Hughes in the African Studies Center for the continuation of the Center
   b. $23,380 to be used under the direction of Ethelbert Thomas, Jr., in Social Work to assist in the preparation of graduate social work students for employment in physical and mental rehabilitation settings.

60. Grant of $6,432 from the Department of Army, Army Research Office, Washington, to be used under the direction of R. G. Janke in Geography for a Morphographic Study of Alpine Passes in Austria, Switzerland, and France.

61. Grant of $20,000 from the National Science Foundation to be used under the direction of A.M. Barch in Psychology in support of the undergraduate research participation program.

62. Grant of $3,000 from the National Conference of Christians and Jews, Inc., of New York City to be used under the direction of I. A. Radelet in Police Administration and Public Safety for a continuation of the program of coordination and guidance of police and community relations programs across the nation.

63. Grant of $6,000 from the National Science Foundation to be used under the direction of N. D. Engelmann in Natural Science for research on the energies of soil arthropods from a field community.

64. Grants as follows to be used under the direction of Dean Armistead in Veterinary Medicine:
   a. $50 from the Women's Auxiliary to the Michigan Veterinary Medical Association of Battle Creek for the purchase of books for the veterinary library.
   b. $50 from the Women's Auxiliary to the Southeastern Michigan Veterinary Medical Association of Dearborn for a scholarship fund for worthy students.
   c. $12.60 from the Michigan Veterinary Medical Association of Grand Rapids to purchase a book for the veterinary library in memory of Dr. William W. Crall.

65. Grants as follows from the National Institutes of Health:
   a. $30,336 under the direction of R. E. Carrow in Anatomy to study the effects of prolonged periods of various levels of physical activity upon selected anatomical, histological, biochemical, and physiological parameters.
   b. $9,266 under the direction of Daris Swindler in Anatomy for a program of broad comparative studies of the detailed anatomy of the teeth of non-human primates.
   c. $21,728 under the direction of E. P. Reineke in Physiology for research on thyroid function during lactation.
   d. $61,921 under the direction of G. H. Conner for epizootiology studies of naturally occurring bovine leukemia.

66. Grant of $15,000 from the American Cancer Society, Inc., of New York City to be used under the direction of C. C. Morrill in Pathology for research on cancer.

67. Grant of $618 from the Mark L. Morris Animal Foundation of Denver, Colorado, to be used under the direction of W. O. Brinker in Surgery and Medicine for joint disease studies in the dog.

68. Grant of $5,428.60 from Parke, Davis & Company of Detroit to be used under the direction of G. H. Conner and C. C. Beck in Surgery and Medicine to clinically evaluate Sernylan in rising doses.
Gifts and Grants, continued

69. Grant of $150,411 from the Peace Corps, United States Government, Washington, to be used under the direction of D. L. Gibson in Continuing Education for the training of Peace Corps volunteers for a rural community and health project in Chile.

70. Grant of $264,631, from the United States Office of Education to be used under the direction of C. F. Schuller in the Audiovisual Center for the development or practicable systems of film clips selection, packaging, storage, retrieval, information dissemination, distribution, and projection.

71. Grant of $150 from the India Student Association of East Lansing to be used under the direction of R. E. Chapin in the Library to establish a Gandhi Memorial Collection.

72. Grant of $264,431, from the United States Office of Education to be used under the direction of C. F. Schuller in the Audiovisual Center for the development or practicable systems of film clips selection, packaging, storage, retrieval, information dissemination, distribution, and projection.

73. Grant of $250,000 from The Ford Foundation of New York City to be used under the direction of G. L. Taggart in International Programs to support international studies in undergraduate education.

74. Grant of $13,675 from the Institute of International Education of New York City to be used under the direction of William Ross in the Asian Studies Center for support of an orientation program for 25 Ryukyuan students.

75. Grants as follows from the Midwest Universities Consortium for International Activities, Inc., of Urbana, Illinois:
   a. $10,015 to finance the research of Daniel D. Whitney, a pre-doctoral student in Anthropology. Mr. Whitney will spend one year in Okinawa.
   b. $10,205 to award an internship to David K. Winter, a pre-doctoral student in Psychology, who will be employed on the Nigeria Project. The following was approved:
      1) A grant not to exceed $2,000 to cover two months of salary for Dr. Frost’s replacement during the initial overlap at the East Lansing campus.
      2) A guarantee of one year’s salary for Dr. Frost’s replacement not to exceed $13,000. Michigan State might ask for the one year’s salary at the end of a 2-year period should Dr. Frost return to the campus and should his replacement not go abroad on a MSU project, or Michigan State might call for the payment at the end of a 4-year period if Dr. Frost’s replacement served abroad for two years following the return of Dr. Frost. It is understood that Michigan State will use the first budget line which becomes available to Psychology for the purpose of absorbing the salary of Dr. Frost’s replacement so that, if possible, the guarantee will not be necessary.
   c. Guarantee of the salary of a replacement for Dr. Carl F. Frost, Professor of Psychology, who will be employed on the Nigeria Project. The following was approved:
      1) A grant not to exceed $2,000 to cover two months of salary for Dr. Frost’s replacement during the initial overlap at the East Lansing campus.
      2) A guarantee of one year’s salary for Dr. Frost’s replacement not to exceed $13,000. Michigan State might ask for the one year’s salary at the end of a 2-year period should Dr. Frost return to the campus and should his replacement not go abroad on a MSU project, or Michigan State might call for the payment at the end of a 4-year period if Dr. Frost’s replacement served abroad for two years following the return of Dr. Frost. It is understood that Michigan State will use the first budget line which becomes available to Psychology for the purpose of absorbing the salary of Dr. Frost’s replacement so that, if possible, the guarantee will not be necessary.
   d. Not to exceed $3,500 for a study of the possibility of establishing a linguistics research center at the University of Nigeria.

76. Information has been received that Mr. Burr Wheeler, Class of 1903, provided in his will for a bequest to Michigan State University in the amount of $100,000 or 18 percent of the residuary, whichever is lower. Michigan State University Development Fund is the second-named beneficiary.

77. Grant of $13,500 from The Rockefeller Foundation of New York City to be credited to the Discretionary Gift Fund. This is in accordance with the Foundation’s program of support of institutions in which Rockefeller Foundation Fellows and Scholars pursue their studies on the basis of $1,000 for a full year and $500 for a half year of study.

On motion by Mr. Nisbet, seconded by Mr. Pingel, it was voted to accept the Gifts and Grants.

78. The W. K. Kellogg Foundation has approved a five-year commitment in the amount of $625,000 to Michigan State University to initiate a two-year program for teaching the basic medical sciences. The payments on this commitment for each of the five years are as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>First</td>
<td>$175,000</td>
</tr>
<tr>
<td>Second</td>
<td>150,000</td>
</tr>
<tr>
<td>Third</td>
<td>125,000</td>
</tr>
<tr>
<td>Fourth</td>
<td>100,000</td>
</tr>
<tr>
<td>Fifth</td>
<td>75,000</td>
</tr>
</tbody>
</table>

Further, the Foundation will contribute toward the cost of a facility to house the basic medical sciences program in an amount not to exceed $625,000 or one-third of the cost of said facility, whichever is less, providing this facility is constructed during the five-year period of the Foundation’s commitment. Foundation assistance toward the construction of the facility will be made available as soon as the University has awarded a contract for its construction.

On motion by Mr. Nisbet, seconded by Mr. Pingel, it was voted to instruct the President to express to the Kellogg Foundation and particularly to Dr. Morris, its president, the sincere appreciation of Michigan State University for this grant. Michigan State University is a much better University because of the generous support given it by Mr. W. K. Kellogg and in more recent years by the Kellogg Foundation.
1. The following alteration and improvement items have been approved since the July meeting of the Trustees and charged to accounts indicated:

**From Alterations and Improvements 1964-65, account 11-5173**

<table>
<thead>
<tr>
<th>Item</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Replace monk's cloth covering on display panels in Kresge Art Gallery and other display areas at Art Center</td>
<td>$2,450</td>
</tr>
<tr>
<td>b. Provide additional storage space at the north end of Spartan Stadium adjacent to team rooms</td>
<td>$2,450</td>
</tr>
<tr>
<td>c. Alterations to the north mechanical room at Spartan Stadium</td>
<td>$2,350</td>
</tr>
<tr>
<td>d. Several alterations to Unit 3 Laboratory Pre-School to make more modern for Home Management and Child Development. Observation booths will be provided</td>
<td>$1,600</td>
</tr>
<tr>
<td>e. Install approximately 70 audiovisual screens in various classrooms on campus. The screens were purchased with Classroom Improvements Funds.</td>
<td>$1,500</td>
</tr>
<tr>
<td>f. Install additional insulation on heating return lines in machine room in Bessey Hall to improve ventilation</td>
<td>$700</td>
</tr>
<tr>
<td>g. Install acoustical tile on ceiling of Accounts Receivable Division in Administration Building</td>
<td>$500</td>
