Vice President Greenleaf reported on a new graduate student certification program in teaching that is being developed in a number of colleges. It is a university-wide effort of the Provost's office.
e to improve the teaching level at Michigan State. The voluntary program permits graduate students who have been or currently are Teaching Assistants to develop their teaching skills and receive a certificate. Associate Dean Estelle McGroarty is in charge of the program in the College of Natural Science. Professor Catherine Bristow of the College of Natural Science and Professor Gail Richmond of Teacher Education in the College of Education are working closely with her. There are 21 doctoral and masters students participating in the 1-1/2 to 2-year program. Students who complete this program are expected to be better teachers and much more attractive in the job market when they complete their degrees.

The authority and power conferred by this action shall vest in any successor positions to the Vice President for Finance and Operations or the Associate Vice President for Business and Finance and individuals appointed to these positions.

This action supersedes all prior Board actions relating to investment authority.

On a motion by Mr. Nugent, supported by Ms. Cook, THE BOARD VOTED to approve the recommendation.

H. The Committee received an update on the University's follow-up on the recommendation from Cambridge Associates, the Board's investment consultant, that the University invest $5 million as a follow-on investment in the Common Fund's Endowment Private Equity Partners III, L.P. (EPEPIII), effective January 1998.

I. The Committee received a report from Vice President Wilkinson on the modifications to the employee health care program. Vice President Wilkinson advised that Blue Cross Blue Shield and the Physicians Health Plan will continue as MSU's health insurance providers. Blue Cross Blue Shield will consolidate its current indemnity and HMO products to form a new coverage entitled Community Blue that will be available to University employees effective July 1, 1998. It is a national network and provides
coverage for international claims.

Trustee Cook commended faculty, staff and union leaders for working together to accomplish revisions to the health care benefits. She said it was an extraordinary effort by everyone involved in presenting information to Board members and to the membership of their various groups. On behalf of the Board, she said "they deserve a big thank you." President McPherson concurred with her comments.

9. Trustee Policy Committee of the Whole

President McPherson presented the report of the Trustee Policy Committee of the Whole.

It was recommended that the University honor Dr. Martin Luther King, Jr., in a manner that reflects the universality of the King legacy for all people. The Board directs the Provost to adjust the academic calendar for spring semester by canceling the regular class schedule on the designated national holiday and adjusting the academic calendar so that the number of class days is maintained. Further, the University administration should promote programs designed to explore the origins and the applications of the legacy for the entire University community.

On a motion by Mr. Ferguson, supported by Ms. Gonzales, THE BOARD VOTED to approve the recommendation.

Trustee Cook said she had been concerned about maintaining a full academic calendar and making sure that the University was not closed. She also said that evaluating outcomes of the program was a concern. She said these issues were addressed during the committee discussion. She said the most compelling argument is that this is a national holiday.

10. Chairperson's Report and Trustee Comments

A. Chairperson's Report

1) Chairperson Shingleton reported he is pleased that Michigan State is ranked 25th in the nation and second in the Big Ten with 62 freshmen Merit Scholars in 1997.

2) Mr. Shingleton supported Trustee Cook's remarks complimenting University employees and administrators for working together to create an insurance package that serves everyone well.

3) Mr. Shingleton said he was pleased the recommendation to honor Dr. Martin Luther King, Jr. was approved. He reported that the careful study of appropriate recognition and the endorsement of faculty and students, as well as the fact that students would not lose a day of classes and the University would not be closed, were all factors in his decision.

4) Chairperson Shingleton reported that he had requested information that would help him to better understand alcohol issues. He recommended that Secretary Pogel distribute this same material to Board members so they could study and discuss alcohol issues on campus. Mr. Shingleton suggested referring the item to t
he Trustee Policy Committee so an appropriate focus could be determined.

B. Trustees' Comments

1) Trustee Nugent commented that the success of the hockey and basketball teams has created positive activity in out-state media.

2) Trustee Weiss noted the $50,000 grant from the J. P. McCarthy Development Grant Program Foundation to Professor Richard Schwartz of the Department of Microbiology for myeloid differentiation research.

3) Trustee Cook thanked student liaisons for their participation in the breakfast discussion about alcohol issues. She said the discussion of the percentage of students who are involved in alcohol problems put the issue in proper perspective. Trustee Cook recommended including students in any future exploration or study of this topic by the Board.

4) Trustee Gonzales introduced members of Alpha Phi Omega, a co-ed community service fraternity, and thanked them for their positive contributions to the community. Some of their activities include: Bowling for Scholars, assisting with the MSU Cancer Center, State Walk, MSU Safe Place, working with the Boys and Girls Club of Lansing, and participating in sports and other activities with children each week. A tutoring program for children has also been initiated. At the national level they support the American Cancer Society, assist the American Red Cross with the campus blood drive, and work with Habitat for Humanity on a regular basis.

11. Public Participation on Issues Not germane to Agenda

The following individual addressed the Board of Trustees on issues not germane to the agenda.

Allyn Shaw, student, staff member, and President of the MSU Student Food Bank, reported that the food bank is a Registered Student Organization that began operating in the Fall of 1992. It is sponsored by the Council of Graduate Students (COGS) and the Associated Students of MSU (ASMSU) and is the only known registered food bank in the country that is run solely by students for students. The food bank served 2,700 families for a total of 7,500 people during the 1996 academic year. Mr. Shaw introduced their adviser, Mrs. Bea Mott, and Amanda Hanlin, the fundraiser chair.
