President Wharton called the informal meeting of the Board of Trustees to order at 8:15 p.m. and announced that there would be two presentations at the meeting. The first would deal with the recovering of indirect costs in research contracts and grants and the second would be concerned with the University admissions program.

Vice President Wilkinson introduced Howard G. Grider, Director of Research and Contract Administration in the Office of the Vice President of Business and Finance. Mr. Grider informed the Board that for the current year, the revenue for the General Fund of the University was estimated at $101,000,000, of which $65,000,000 was the legislative appropriation, $30,000,000 from estimated tuition revenue, and $2,700,000 from recovery of indirect costs in contracts and grants. He indicated that the State Auditor General is very interested in these recoveries since it is in the interest of the State of Michigan that the University maximize the recovery of indirect costs.

Mr. Grider defined indirect costs as a cost which is not readily assignable to a specific function. For example, that part of the cost of a dean's office that is applicable to a specific study in a department but would not be easy to determine since the dean's office is related to the entire college. He outlined the main categories for indirect costs as: General Administration, Departmental Administration, Grant and Contract Administration, Libraries Expense, Plant Operations and Maintenance, Student Services, and Use Charges for Buildings and Equipment.

Mr. Grider explained that the University computes the indirect cost rate based on a formula developed by the U.S. Department of Health, Education, and Welfare. This formula takes into account two areas: research and instruction. All other items are placed under the title "All Other Activities." After the amounts for each main category of indirect cost mentioned earlier are computed, Mr. Grider explained that the research and instruction columns are totaled. These figures become the indirect costs applicable to instruction and research. In order to have a means of applying some factor to grants and contracts for recovering indirect costs for the General Fund, the University has to develop a percentage figure for each. The percentage suggested by the Federal Government's formula is the percentage the total indirect costs are to total salaries and wages. Currently, the University's rate is 61 percent of research salaries. The University is considering relating indirect costs to total expenditures as a means of lowering the rate.

In answer to a question by Trustee Hartman, Mr. Grider pointed out that the Federal Government prohibits recovering interest. Trustee Hartman added that what he really was concerned with was the reporting of interest under income. Vice President Wilkinson explained that all income is reported including income from research projects. He added that often the University has to use its own funds to start a project before actual funding is received.

President Wharton pointed out that the presentation was being made in response to a request by the Board concerning how MSU compares with other schools in indirect cost recovery. Trustee Stevens expressed concern over costs of Federal grants aimed at helping the poor or physically handicapped. He asked Mr. Grider if 61 percent of a grant goes to indirect costs. Mr. Grider responded that salaries would be included in the 61 percent figure, as well as other items which might not be indirect costs. Vice President Muelder added that the University adds indirect costs to the money for the research and assured Trustee Stevens that MSU wouldn't receive any more money for research if indirect costs were not added on. He also discussed the misunderstandings of faculty concerning indirect costs and research projects. He added that an education process must be carried out concerning indirect costs both with the faculty and also with the Federal Government.

Dr. Wharton announced that the second presentation was in response to a request by the Trustees for information on the University admissions program. Provost Cantlon introduced Dr. Ira Polley, Assistant Provost for Admissions and Records. Assisting Dr. Polley in the presentation were Messrs. Carr, Cofer, Grider, Hensen, Hershey, Seeley, Spaniolo, and Wilkie.

At 9:35 p.m. the second presentation began.
Minutes of the Informal Meeting, continued

January 20, 1972

Mr. Seeley reviewed for the Board how an application for admission is processed by the University. He mentioned that the University looks at high school grades, especially in the sophomore and junior years; test scores, as compared with academic performance; rank in high school class; and extramural activities in high school. Trustee Huff asked if weight is given based on where a student attended high school. Mr. Seeley replied that in addition to the previous measures the University does give some weight to students from high schools which are very competitive and which have shown, through their graduates who have attended MSU, a good record in preparation for college. Mr. Huff pointed out that he has difficulty in responding to letters from parents who feel their youngster was turned down because of where he went to high school. Mr. Seeley added that very often the parents are looking at the total record of the youngster and do not pay as much attention to the core academic record which is important to the University (viz., in computing GPA's the University excludes grades in music and physical education). Trustee Carrigan responded in answer to Mr. Huff's point that it isn't possible to have an IBM card type answer to the questions of parents concerning a rejection for admission. Trustee Stevens stated that he always turns over such letters to the Secretary's Office for assistance and then answers the request when he has the full information. He added he has found this approach to be successful.

Trustee Huff called for a statement of policy by the University concerning admissions and that such a statement be approved by the Board of Trustees.

Trustee Martin asked how the admission process works if space is a problem. Trustee Stevens answered that in helping the disadvantaged students, the University has shown that it can't have a cut-off point on admissions even when space is a problem.

Dr. Cofer briefly reviewed with the Board the history of MSU's developmental programs in admissions aimed at bringing increased numbers of disadvantaged students to the University. He added that the University soon discovered how much it had to learn in working with disadvantaged students and has sought to utilize all its resources in helping these students. He pointed out that the main interest must always be to make it possible for students admitted to the University to succeed at MSU.

Trustee Huff requested comments from Dr. Cofer regarding the "open admissions" program at City University of New York in New York City. Dr. Cofer answered that while the approach is called "open admissions" it, in fact, does not truly give open access to disadvantaged students but places them in various "tracks" based on their academic performance in high school.

Trustee Merriman asked if there had been any improvement in Michigan concerning high school counselors and their attitudes towards the University. Mr. Seeley responded that there had been great improvement but pointed out that counseling programs in high schools are still relatively new. Dr. Cofer added that for the first time, MSU has this year received many calls from counselors to come to their schools to make presentations.

Trustee Huff asked Dr. Cofer if the MSU Developmental Program has a quota on disadvantaged students. Dr. Cofer replied that there are no quotas at the present time. He added that the University has never reached a point where the numbers of disadvantaged students were so great that admissions had to be closed. He indicated that such a situation might happen in the future.

Mrs. Carrigan asked about admissions procedures for people outside the mainstream of campus such as returning veterans and older women. Mr. Seeley indicated that work is done with the veterans counselor in the Student Affairs Office concerning returning veterans. He admitted that there is no such person for women.

Trustee White asked Mr. Seeley what would happen if some Michigan high schools established a "pass-fail" grading system. He responded that this would greatly complicate the University's admissions program and that MSU would probably have to place greater emphasis on test scores as an indicator of success. Mrs. Carrigan added that such an emphasis on test scores would not be a good thing.

Following the presentation on admissions, Trustees Huff and Stevens requested that the Board hear a presentation by various women's groups attending the meeting. President Wharton asked for the feeling of the Board. There were no objections.

Presentation re sex discrimination at MSU; Open hearings to be held in February 1972

Vickie Neiberg of the Alliance to End Sex Discrimination distributed a working paper concerning sex discrimination at Michigan State University. She stated that she had indications from President Wharton and Executive Vice President Breslin that the women's groups could make a presentation at the next informal meeting of the Board in February.

Following various comments from different women's groups, there was general agreement by the Board to hold an open hearing in February concerning sex discrimination at the University. Trustee Carrigan added that she hoped that the various groups could combine their presentations so as to eliminate excessive repetition.

Dr. Wharton assured the women that adequate time and facilities for the hearing would be provided and that all interested persons would be notified as to the date and place.

The meeting was adjourned at 10:40 p.m.
President Wharton called the Finance Committee meeting to order at 7:30 p.m. Thursday, January 20, 1972.

The following members were present: Trustees Carrigan, Hartman, Huff, Martin, Merriman, Stevens, and White; President Wharton, Executive Vice President and Secretary Breslin, Provost Cantlon, Attorney Carr, Vice Presidents Muelder, Perrin and Wilkinson, Assistants to the President Ballard and Wilkie.

Absent: Trustee Thompson.

3. Development Fund Grants

a. The MSU Development Fund has received $885 as contributions in memory of Dr. L. M. Turk. It was requested by the Turk family that this money be invested and that the income be used for student awards in the Department of Crop and Soil Sciences. The recipients of the awards will be determined by the faculty of the department.

Based on this request, it was recommended that the Board of Trustees establish the Dr. L. M. Turk Memorial Fund to be placed in the consolidated investment group and be classified as a fund functioning as an endowment.

b. The MSU Development Fund has received $2,494.50 in memory of Dr. Julius Barbour. It was requested by Mrs. Barbour that these funds be used for scholarships for students enrolled in the College of Human Medicine. She requested that an initial grant of $494.50 be made, and that the remaining $2,000 be invested with the income to be used for scholarships.

It was recommended that the Board of Trustees approve the establishment of the Julius Barbour Memorial Scholarship Fund to be placed in the consolidated investment group and be classified as a fund functioning as an endowment.

On motion by Trustee Carrigan, seconded by Trustee Martin, it was unanimously voted to approve the above recommendations.

4. Report of Sale of Stock

a. The 250 shares of Detroit Edison Company stock submitted with a gift and grant form for acceptance at the January 1972 Board meeting were sold on December 6, 1971 for a net amount of $4,998.68. This stock was a gift from Henry L. Caulkins for scholarships for the Institute of Agricultural Technology.

b. The 14 shares of Dow Chemical Company stock submitted with a gift and grant form for acceptance at the January 1972 Board meeting as a gift to the MSU Development Fund from Mr. and Mrs. John A. Church were sold on December 20, 1971 for a net amount of $1,034.77.

On motion by Trustee Hartman, seconded by Trustee Merriman, it was unanimously voted to accept the above reports.

5. The Michigan Animal Breeders Cooperative and Michigan State University have over the past twenty-seven years developed a good working relationship. The first lease was executed in 1944 and in 1956 extended for an additional twenty-five years, to 1981. During this period, the Michigan Animal Breeders Cooperative has constructed facilities to 1986 on the site to house bulls, as well as other facilities for laboratories and office space. Recently, the Cooperative constructed a small building to house a computer that will be used jointly by the Michigan Animal Breeders Cooperative and the Dairy Herd Improvement Association.
Finance Committee Minutes, continued

January 20, 1972

5. Michigan Animal Breeders Cooperative Lease, continued

The Cooperative has requested that their lease be extended another five years, to 1986. Dean L. L. Boger, College of Agriculture and Natural Resources, has concurred in this request. Therefore, it was recommended that the current lease Michigan State University has with the Michigan Animal Breeders Cooperative be extended another five years to 1986.

Motion was made by Trustee Carrigan, seconded by Trustee Huff, to extend the Michigan Animal Breeders' lease until 1986. Motion carried by a vote of 6 to 0. Trustee Merriman asked to be recorded as not voting.

6. Executive Vice President Breslin recommended that the Board of Trustees of Michigan State University accept the proposal of the Educational Institute of the American Motel and Hotel Association to develop a facility on the University campus.

On motion of Trustee Huff, seconded by Trustee Merriman, the Trustees unanimously approved in principle a new facility for the Educational Institute and asked that they be kept informed relative to the development of this facility. The Trustees further approved the development of an annex to the present Manly Miles Building if financial arrangements can be worked out and approval given by the Legislature.

7. Executive Vice President Breslin and Trustees Huff and Merriman reported to the Trustees relative to the transfer of the Pontiac Osteopathic property to Michigan State University.

After a complete review of all the negotiations undertaken between the University and MCOM (Michigan State University, on motion by Trustee Huff, seconded by Trustee Merriman, the Trustees unanimously reaffirmed their action of November 19, 1971 approving the proposed agreement for the transfer of the Pontiac Osteopathic property to the Board of Trustees for educational purposes without change. It was the unanimous feeling of the Board that the Pontiac property is not necessary for the full and complete development of the College of Osteopathic Medicine at Michigan State University.

8. President Wharton gave a brief report on action taken by the Administration to comply with the Governor's 2% budget reduction. He reviewed the earlier contingency plans which had been discussed at the special meeting in October and said the plan had been put into effect.

Thereunder, all persons who perform service in the employ of the University are now in covered employment with the exception of any student who is enrolled and regularly attending classes at MSU, certain agricultural laborers and, generally, any high school student below the age of eighteen.

To be eligible to draw benefits, an unemployed former or laid-off MSU employee must have earned a minimum of fourteen credit weeks (a week in which earnings exceed $25.00) in covered employment after January 1, 1972 with MSU or in some combination with another covered employer totaling at least fourteen weeks. Benefits range from $16 to $92 per week based upon family class and average weekly earnings. An eligible claimant may draw three weeks of benefits for every four weeks of covered employment within the 52-week period preceding the filing of a claim.

The precise dimensions of our immediate liability, unfortunately, are presently unknown, being in part dependent on definitions which must be supplied by the Federal Manpower Administration and the Michigan Employment Security Commission, both of which are subject to the interpretation of the Internal Revenue Service and the courts. It is estimated, however, that our liability for fiscal 1972-73 may exceed $300,000 to the General Fund alone.

The University by law will be required to reimburse the State for all claims paid on its behalf and does not have the option to purchase insurance.

A Division of Unemployment Compensation has been established within the Office of the Comptroller to handle all claims and to advise the administration in the formulation of personnel policies as may be deemed necessary. In administering the program, the Unemployment Compensation Division has been directed to bear in mind that under no circumstances should attempts be made to deny a former employee's rights to benefits. Emphasis should instead be to identify problem areas and recommend programs to stabilize employment and thereby minimize unnecessary claims and needless expenditure of University funds.
Finance Committee Minutes, continued

10. President Wharton presented to the Board a list of names as possible recipients of the Trustees' Distinguished Citizen Award.

On motion of Trustee Merriman, seconded by Trustee Huff, it was unanimously voted that two (2) MSU Trustees' Distinguished Citizen Awards would be awarded annually and that the awards would be made during Michigan Week.

On motion by Trustee Stevens, seconded by Trustee Hartman, Mr. Stephen Nisbet was nominated as a recipient of the Trustees' Distinguished Citizen Award. Unanimously approved.

On motion by Trustee Carrigan, seconded by Trustee Huff, C. S. Mott was nominated as a second recipient. Unanimously approved. The Trustees agreed that if either person declined there would only be one award this year.

11. President Wharton recommended that honorary degrees be awarded as follows at winter commencement, March 12, 1972, and spring commencement, June 11, 1972.

**Winter Commencement**

Speaker - Vernon Jordan, Executive Director, National Urban League
Alumnus - Francis E. Ferguson, President, Northwestern Mutual Life Insurance Co.
Scholar or Scientist - Jorge Luis Borges, considered Latin America's foremost living author
Public Life or Business - William W. Keeler, Chairman and chief executive officer of Phillips Petroleum Co.

**Spring Commencement**

Speaker - Honorable Warren E. Burger, Chief Justice U. S. Supreme Court
Alumnus - Russell G. Hawby, President, W. K. Kellogg Foundation
Scholar or Scientist - Percy L. Julian, President, Julian Laboratories
Public Life or Business - Henry L. Caulkins, President, Waterways Navigation Co. of Detroit

Motion was made by Trustee Stevens, seconded by Trustee Carrigan to approve the above recommendations. Unanimously carried.

****

The meeting recessed at 8 p.m. Thursday evening and reconvened at 7 a.m. Friday morning, January 21. Present were Trustees Carrigan, Hartman, Huff, Martin, Merriman, and Stevens; President Wharton, Executive Vice President and Secretary Breslin, Provost Cantlon, Attorney Carr, Vice President Wilkinson, Assistant to the President Ballard; Gary Posner, Paul Rumpsa, and Stephen H. Terry from the Office of the Vice President of Business and Finance. Trustees Thompson and White were absent.

12. Vice President Wilkinson and Mr. William Broucek of the Ann Arbor Trust Co. presented the following plan for the refinancing of "balloon" payments for Trusts 5682 and 5683 effective March 1, 1972.

Trust 5682 pledged the revenue from Holmes and Hubbard Halls, and it is necessary to refinance a debt retirement of $4,250,000.

Trust 5683 pledged the revenue of Mason-Abbot, Takeley-Gilchrist, and Landon Halls, and it is necessary to refinance $2,005,000.

**SUMMARY OF $10,000,000 MICHIGAN STATE UNIVERSITY HOUSING REVENUE AND REFUNDING BONDS OF 1972**

1. Amount. $10,000,000.00
2. Dated. March 15, 1972
3. Purpose
   a. Refund the forthcoming balloon payments on two term loans dated in April of 1965 and due in April of 1972................ $6,255,000
   b. To free approximately $600,000 of housing revenue in order to allow the University to begin funding its pension plan for employees in the self-liquidating area with this revenue. This can be accomplished by retiring in full the outstanding balances of three older bond issues.................. $2,930,000
   c. To provide funds for a Debt Service Reserve for this issue........................................ 815,000

Total $10,000,000
12. Trusts 5682 and 5683, continued

4. Security and Estimated Net Income. This issue would be secured by a pledge of the housing and dining net income from the following facilities:

6. Description. Serial bonds maturing on March 15, of each year beginning in 1973 and ending in 1992 (20 years). $5,000.00 denominations; non-callable for 10 years; call premiums beginning at 103 in the 11th year.

7. Repair and Replacement Reserve Account. The issue calls for the establishment of a Repair and Replacement Reserve Account out of net income in excess of the Debt Service payments in amount up to $100,000 per year or such portion thereof as is available, with the Reserve Account to be used by the University to cover unusual or extraordinary maintenance or repairs.

8. Principal Covenant. The Board agrees to set reasonable rules and regulations relative to the residence of single students to assure maximum occupancy of the facilities and charge room and board rates sufficient to produce the required net income.

9. Sale of Bonds. It is proposed that a negotiated sale of this issue take place with an underwriting group and/or institutional investors not later than February 15th.

On motion by Trustee Huff, seconded by Trustee Carrigan, it was unanimously voted to approve the above recommendation.

13. Vice President Wilkinson, Assistant Vice President Stephen Terry, Comptroller Paul Rumpsa, and Director of Staff Benefits Gary Posner made a presentation before the Board of Trustees on a new contributory retirement program to replace the present University non-contributory retirement plan.

This program covers the benefits primarily of the labor and clerical-technical employees. It also covers a lesser number of faculty administrative-professional, and Cooperative Extension employees.

The basis of the plan is a TIAA-CREF employee contribution program, supported by a University contribution.

It was recommended to the Trustees that the plan be approved in principle and that the University Administration be directed to negotiate this plan with the appropriate employee groups. It was further recommended that the University Administration be authorized to develop the financial plans as outlined to the Trustees.

Motion was made by Trustee Hartman, seconded by Trustee Carrigan, to approve the proposed plan in principle, with the request that the Administration report back to the Trustees at a later time relative to developments. Motion carried by a vote of 5 to 1. Trustee Huff wanted to be recorded as not voting for the proposed new retirement program because he felt some of the cost of the program would be reflected in increased dormitory rates and perhaps increased student fees.

14. Dr. Larry Kleiner and Mr. Ed Beller presented to the Board of Trustees for their approval the program statement relative to the space needs for the departments that will be housed in Life Sciences II.

It was recommended that KMB Health Systems be employed to assist in development of Life Sciences II building and a space program in sufficient detail to allow architectural planning and design to proceed.
Finance Committee Minutes, continued

14. Plans for Life Sciences II, continued

It was further recommended that KMB Health Systems be retained to assist in the development of the federal grant application for this facility.

It was also recommended that KMB Health Systems be paid $40,000 for the professional services required in the performance of this consulting work. In addition to the $40,000, it was recommended that expenses for travel, telephone, copying, and report preparation be paid to KMB Health Systems in an amount not to exceed $4,500. The total cost of this consulting work will be part of the total budget of Life Sciences II.

On motion by Trustee Huff, seconded by Trustee Carrigan, it was unanimously voted to approve the above recommendations.

15. Trustee Merriman reported that he had been contacted by the Detroit Edison Co. indicating that the state FFA convention, which for years has been held at Michigan State University, is going to Western Michigan University. They are transferring because Western Michigan has offered them a financial subsidy. Trustee Merriman felt that, long range, this would adversely affect this University because of this University's long-time connections with the agricultural interests of this state. Trustee Merriman also expressed concern for the duplication of other agricultural-related programs now being offered at other state-supported institutions.

It was the unanimous feeling of the Board that the University should continue to encourage the state FFA conference to remain at Michigan State University, and the President indicated that he would discuss this matter with the appropriate University people at once. There seemed to be unanimous agreement on the part of the Trustees that financial support should be provided if this is necessary to retain the conference.

Adjourned.
Resignations, continued

6. William T. Pizzi, Assistant Professor, Business Law and Office Administration, effective December 31, 1971, to accept a position as Assistant United States Attorney for the District of New Jersey.

8. Richard A. M. Scott, Resident Coordinator, Department of Communication, effective December 15, 1971, to accept a position in Florida.

9. William H. Greene, Instructor, Teacher Education, effective February 9, 1972, to take a position at the University of Massachusetts.

10. John A. Quest, Research Associate, Pharmacology, effective December 31, 1971, to accept a position with the William H. Rorer Co.

12. George A. Thottappilly, Research Associate, Entomology, effective November 30, 1971, to accept a position in Canada.

13. Alexander Martin, Research Associate in Physics, effective December 31, 1971, to be reappointed as a temporary assistant professor.

14. Michael R. Felder, Research Associate, MSU/AEC Plant Research Laboratory, effective January 15, 1972, to accept a position at the University of South Carolina.

15. Neill D. Varner, Assistant Professor, Anatomy, effective December 31, 1971, to devote more time to personal business interests.

16. Cancellation of appointment of Eugene W. Friesen as Clinical Associate Professor, Family and Community Medicine, effective September 1, 1971 through August 31, 1972.

17. Thomas E. Nugent, Clinical Instructor, Family and Community Medicine, effective May 31, 1971, because of other commitments.

18. Cancellation of appointment of John T. Himant as Instructor, Anthropology and African Studies Center, and Dean of Social Science, effective September 16, 1971 through June 30, 1972, to be reappointed on a 10-month basis.

22. Donald S. Biskin, Instructor, Center for Urban Affairs, effective December 31, 1971, to accept employment elsewhere.

23. George W. Logan, Instructor, Center for Urban Affairs, effective December 31, 1971, to be appointed as Assistant Professor subject to rules of tenure.

24. Gwendolyn C. Wade, Instructor, Center for Urban Affairs, effective October 31, 1971, because she is leaving the area.

Leaves--Sabbatical

1. Raleigh Barlowe, Professor, Resource Development, with full pay, from February 1, 1972 through July 31, 1972, to study and travel in the United States and Western Europe.

Appointments

1. Robert J. Rosenow, Instructor and Coordinator, Student Programs, Resident Instruction, at a salary of $10,500 per year on a 12-month basis, effective January 1, 1972 through June 30, 1972.

2. Cathy Louise Gallagher, Extension Home Economist, Wayne and Oakland Counties, at a salary of $9,500 per year on a 12-month basis, effective February 1, 1972.

4. Thomas Michael Balys, 4-H Youth Agent, Genesee County, at a salary of $9,500 per year on a 12-month basis, effective December 15, 1971.

5. Harold Dewey Rouget, Extension Agricultural Agent, Bay County, at a salary of $12,800 per year on a 12-month basis, effective January 1, 1972.

6. Thomas John Andrews, Research Associate, Biochemistry, at a salary of $8,000 per year on a 12-month basis, effective January 1, 1972 through June 30, 1972.

7. Thomas H. Massey, Research Associate, Biochemistry, at a salary of $8,500 per year on a 12-month basis, effective December 1, 1971 through February 29, 1972.

8. Delbert Lewis Mokma, Research Associate, Crop and Soil Sciences, at a salary of $12,500 per year on a 12-month basis, effective January 1, 1972 through June 30, 1972.

9. Young-Oh Shin, Research Associate, Crop and Soil Sciences, at a salary of $7,500 per year on a 12-month basis, effective October 1, 1971 through March 31, 1972.

12. Istvan Gyessli, Instructor, Packaging, 50% time, at a salary of $4,800 per year on a 12-month basis, effective December 16, 1971 through June 30, 1972.

15. Donald Schultz, Instructor, History, 80% time, at a salary of $650 per month on a 12-month basis, effective January 1, 1972 through June 30, 1972.

16. Jack Terry Vander Ven, Instructor, History, 70% time, at a salary of $566.66 per month on a 12-month basis, effective April 1, 1972 through June 30, 1972.

19. Gerald E. St. Amand, Specialist, Office of the Dean of Business, and Computer Laboratory, at a salary of $12,000 per year on a 12-month basis, effective January 1, 1972.
Appointments, continued

January 21, 1972

20. Robert D. H. Sallery, Resident Director, MSU/AID Communication Workshops, Communication, at a salary of $18,000 per year on a 12-month basis, effective January 1, 1972 through August 31, 1972.

22. David James Hyslop, Instructor, Secondary Education and Curriculum, at a salary of $8,000 for the period September 1, 1971 through June 30, 1972.

24. Hazel Patten, Instructor, Student Teaching, 50% time, at a salary of $2,668 for the period January 1, 1972 through August 31, 1972.

26. Keller Suberkropp, Research Associate, Engineering Research, at a salary of $10,000 per year on a 12-month basis, effective December 1, 1971 through June 30, 1972.

27. Masayuki Takahashi, Research Associate, Food Science and Human Nutrition, at a salary of $7,500 per year on a 12-month basis, effective December 1, 1971 through October 30, 1972.

28. Ray K. Hamoud, Research Associate, Biochemistry, at a salary of $8,500 per year on a 12-month basis, effective February 1, 1972 through April 30, 1972.

30. R. Roderic Abbott, Assistant Clinical Professor, Medicine, without pay, variable time, on a 12-month basis, effective January 1, 1972 through June 30, 1972.

31. Paul Clifton Turner, Assistant Clinical Professor, Medicine, without pay, variable time, on a 12-month basis, effective September 1, 1971 through June 30, 1972.

32. Gary F. Dardas, Assistant Clinical Professor, Microbiology and Public Health, without pay, variable time, on a 12-month basis, effective January 1, 1972 through June 30, 1972.

33. Terry J. Dardas, Assistant Clinical Professor, Microbiology and Public Health, without pay, variable time, on a 12-month basis, effective January 1, 1972 through June 30, 1972.

34. Henry A. Kallet, Assistant Clinical Professor, Pathology, without pay, 10% time, on a 12-month basis, effective January 1, 1972 through June 30, 1972.

35. Laurence Robert Simson, Jr., Assistant Clinical Professor, Pathology, without pay, 10% time on a 12-month basis, effective January 1, 1972 through June 30, 1972.

36. Hugh A. Tilson, Research Associate, Pharmacology, at a salary of $8,000 per year on a 12-month basis, effective January 1, 1972 through December 31, 1972.

38. Leslie Y. Ch'eng, Clinical Professor, Psychiatry, without pay, on a 12-month basis, effective November 1, 1971 through June 30, 1972.

39. Mary Louise Flickinger, Assistant Professor, Psychiatry, Nursing, and Continuing Education, at a salary of $12,000 per year on a 12-month basis, effective November 15, 1971 through June 30, 1972.

40. Thomas J. Stachnik, Associate Professor, Psychiatry, and Family and Community Medicine, at a salary of $23,000 per year on a 12-month basis, effective December 1, 1971.

41. Larry J. Robson, Assistant Clinical Professor, Surgery, without pay, variable time, on a 12-month basis, effective January 1, 1972 through June 30, 1972.

42. Ralph Worthington, Assistant Clinical Professor, Surgery, without pay, variable time, on a 12-month basis, effective January 1, 1972 through June 30, 1972.

43. William Philip Dreischer, Instructor, Health Services Education and Research, at a salary of $12,000 per year on a 12-month basis, effective December 1, 1971 through June 30, 1972.

44. Dixie Platt, Specialist, James Madison College, at a salary of $8,500 per year on a 10-month basis, effective January 1, 1972 through August 31, 1972.

   t. For the MSU Development Fund Unrestricted account for the President’s Club:
      $1,000 from Mr. and Mrs. R. E. Olds Anderson, East Lansing
      $1,000 from Mr. and Mrs. Donald A. Cob, Tecumseh
      $1,000 from Clare F. Jarecki, Grand Rapids
      $1,000 from Jack L. Otto, Grosse Pointe Woods
      $1,000 from Walter F. Patenge, East Lansing

   u. For the MSU Development Fund Unrestricted account:
      $5,000 from the Leo Burnett Co., Detroit
      Dow Chemical Co. stock valued at $1,022 from Mr. and Mrs. John A. Church, Midland
      $4,000 from the estate of Martin DeCloppe
      $1,000 from Mrs. Hilda Mitchell, Lansing, for the Arthur Mitchell Memorial Fund
      $5,000 from O. W. Moyer, Lansing, for the area of greatest need and the
      John A. Hannah Professorships
      $1,000 from Richard H. Updike, Detroit, for the College of Veterinary Medicine

   v. $38 from the Central Michigan Oldtimers Baseball Association, Lansing, for the
      MSU Development Fund Restricted Account and designated for use by Baseball.

11. Grant of $1,750 from the County of Kalamazoo, Commissioners, Kalamazoo, Michigan, to
    be used under the direction of G. S. McIntyre, Cooperative Extension Service, as part
    of the salary of an Extension Agent for the period July 1, 1971 through December 31, 1971.

12. Grant of $4,000 from the County of Oakland, Commissioners, Pontiac, Michigan, to be used
    under the direction of G. S. McIntyre, Cooperative Extension Service, as part of the
    salary of an Extension Agent for the period July 1, 1971 through December 31, 1971.

13. Grant of $100 from the American Oil Company (Standard), Detroit, Michigan, to be used
    under the direction of G. L. Beckstrand, 4-H Youth Programs, towards expenses of 4-H
    Tractor Operator’s Contest trip.

14. Grant of $1,550.38 from Cities Service Foundation, Washington, D.C., to be used under
    the direction of G. L. Beckstrand and Mary Woodward, 4-H Youth Programs, to obtain/provide
    Key awards for 4-H delegates.

15. Grant of $500 from Hillsdale County, Hillsdale, Michigan, to be used under the direction
    of G. L. Beckstrand and Mary Woodward, 4-H Youth Programs, to defray expenses of
    International Farm Youth Exchanges.

16. Grant of $500 from Kent County, MI Leaders 4-H Club, Grand Rapids, Michigan, to be used
    under the direction of G. L. Beckstrand and Mary Woodward, 4-H Youth Programs, to defray
    expenses of International Farm Youth Exchanges.

17. Grant of $4,000 from the Michigan 4-H Foundation, East Lansing, Michigan, to be used
    under the direction of G. L. Beckstrand, 4-H Youth Programs, to help finance
    International Farm Youth Exchange program.
B. GIFTS AND GRANTS, continued

January 21, 1972

18. Grant of $3,500 from the Michigan 4-H Foundation, Lansing, Michigan, to be used under the direction of G. L. Beckstrand, 4-H Youth Programs, to help finance 1971 4-H Leadership held at Kellogg Center.

19. Grant of $215 from the National 4-H Service Committee, Washington, D.C., to be used under the direction of G. L. Beckstrand, 4-H Youth Programs, to defray expenses of delegates to 4-H Grain Marketing Conference.

20. Grant of $150 from the National 4-H Foundation, Washington, D.C., to be used under the direction of G. L. Beckstrand and Mary Woodward, 4-H Youth Programs, to help defray expenses of Report to the Nation conferences.

21. Grant of $125 from the National 4-H Foundation, Washington, D.C., to be used under the direction of G. L. Beckstrand and Mary Woodward, 4-H Youth Programs, to help defray expenses of Report to the Nation conferences.

22. Grant of $850 from Ontonagon County, Ontonagon, Michigan, to be used under the direction of G. L. Beckstrand and Mary Woodward, 4-H Youth Programs, to defray expenses of Teen Caravan trip to Austria.

23. Grant of $69,390 from C.S. Mott Foundation, Flint, Michigan, to be used under the direction of L. H. Humphrey, Family Living Education, to help low income families manage financial resources and expand knowledge of techniques and methods necessary for improving standard of living.

24. Grant of $246,700 from the Agency for International Development, Washington, D.C., to be used under the direction of G. L. Johnson, Agricultural Economics, to provide assistance to Korean institutions and donor agencies concerned with programs, policies, loans, etc. which affect directly the agricultural sector and indirectly the country as a whole.

25. Grant of $1,200 from the Michigan State Department of Agriculture, Lansing, Michigan, to be used under the direction of Mary Zehner, Agricultural Economics, to conduct a market study of present and proposed packaging of blueberries.

26. Grant of $22,000 from the U. S. Department of Agriculture, Washington, D.C., to be used under the direction of W. Vincent and M. Hayenga, Agricultural Economics, to construct and test a systems model of the hog-pork industry.

27. Grant of $4,166.24 from the Detroit Edison Company, Detroit, Michigan, to be used under the direction of R. L. Maddex, Agricultural Engineering, for support toward radio program "Energy for Living" and other educational programs related to the application and use of electricity for the year 1972.

28. Grant of $3,775 from the Michigan Blueberry Growers Association, Grand Junction, Michigan, to be used under the direction of D. R. Heldman, Agricultural Engineering, to improve blueberry handling techniques from the mechanical harvester to the processor.

29. Grant of $2,500 from Pickle Packers International, Inc., St. Charles, Illinois, to be used under the direction of B. F. Cargill, Agricultural Engineering, for on-going field research in post harvest handling of pickles.

30. Grant of $1,000 from Armour Pharmaceutical Company, Kankakee, Illinois, to be used under the direction of E. R. Miller, Animal Husbandry, to determine the comparative requirements of germ-free and conventional pigs for dietary iron.

31. Grant of $4,250 from Smith, Kline & French Laboratories, West Chester, Pennsylvania, to be used under the direction of D. E. Ulrey, Animal Husbandry, to establish the effective level of virginiamycin in promoting weight gain in swine.

32. Grant of $700 from the Dow Chemical Company, Midland, Michigan, to be used under the direction of J. F. Holland, Biochemistry, for unrestricted research.

33. Grant of $1,000 from Heath International Inc., Richmond, Michigan, to be used under the direction of J. F. Holland, Biochemistry, for investigation in the field of scientific instrumentation.

34. Grant of $1,000 from the National Science Foundation, Washington, D.C., to be used under the direction of N. E. Tolbert, Biochemistry, to supply use for postdoctoral fellow.

35. Grant of $5,000 from the Hancock Foundation, Jackson, Michigan, to be used under the direction of D. D. Harpstead, Crop and Soil Sciences, as initial deposit for development of new research facilities.

36. Grant of $2,500 from the Newaygo County Board of Commissioners, Fremont, Michigan, to be used under the direction of E. P. Whiteside, Crop and Soil Sciences, for up-dating soil maps for Newaygo County.

37. Grant of $2,500 from County of Oceana, Hart, Michigan, to be used under the direction of E. P. Whiteside and I. F. Schneider, Crop and Soil Sciences, for up-dating soil map names for Oceana County.
Gifts and Grants

38. Grant of $1,500 from the Sewerage Commission of Milwaukee, Milwaukee, Wisconsin, to be used under the direction of J. B. Beard, Crop and Soil Sciences, for biological decomposition of thatch study.

39. Grant of $1,041.44 from the Washtenaw County Board, Ann Arbor, Michigan, to be used under the direction of E. P. Whiteside, Crop and Soil Sciences, to assist in field mapping of Washtenaw County.

40. Grant of $2,650 from the Dairy Equipment Company, Madison, Wisconsin, to be used under the direction of D. V. Armstrong, Dairy Science, to study new developments and research under way on milking systems and management practices.

41. Grant of $1,000 from E. I. duPont de Nemours & Co., Wilmington, Delaware, to be used under the direction of J. W. Thomas, Dairy Science, to determine if Hydan will increase milk production of dairy cows in selected herds in Michigan.

42. Grant of $200 from the Dow Chemical Company, Packaging Research Division, Midland, Michigan, to be used under the direction of C. L. Bedford, Food Science and Human Nutrition, for packaging research.

43. Grant of $44,080 from the U. S. Department of Agriculture, Extension Service, Washington, D.C., to be used under the direction of P. Morris, Food Science and Human Nutrition, and the Cooperative Extension Service, for the development of a rapid objective procedure to evaluate progress of nutrition projects.

44. Grant of $5,000 from Fats and Proteins Research Foundation, Inc., Des Plaines, Illinois, to be used under the direction of G. A. Leveille, Food Science and Human Nutrition, to investigate the metabolic effects of dietary lipid in swine.

45. Grant of $20,445 from the National Institutes of Health, Bethesda, Maryland, to be used under the direction of D. J. Morris, Food Science and Human Nutrition, to study the possible interaction of the adrenal gland and obesity on the reproductive process.

46. Grant of $15,000 from the U. S. Department of Agriculture, Northeastern Forest Experiment Station (USFS), Upper Darby, Pennsylvania, to be used under the direction of N. R. Kolling, Forestry, to determine relative cost advantages of two types of sap collection systems over a range of size of operations.

47. Grant of $7,500 from the North Central Forest Experiment Station, St. Paul, Minnesota, to be used under the direction of R. S. Manthey, Forestry, to develop procedures for estimating supply-demand-price relationships and coefficients for lumber and other major products for short-term and long-term projection analyses.

48. Grant of $1,900 from CIBA-Geigy Corporation, Ardsley, New York, to be used under the direction of A. R. Putnam, Horticulture, to support herbicide research programs in progress relating to horticultural crops.

49. Grant of $700 from the Dade Fruit Tree Association, Hartford, Michigan, to be used under the direction of R. F. Carlson, Horticulture, for education and dissemination of research results pertaining to scion/rootstock relationship of fruit trees.

50. Grant of $1,106.32 from Green Bay Food Co., Green Bay, Wisconsin, to be used under the direction of C. Nicklow, Horticulture, to support research for obtaining maximum return for once-over mechanical harvesting of pickles in Michigan.

51. Grant of $300 from Kalamazoo Valley Plant Growers Cooperative, Inc., Comstock, Michigan, to be used under the direction of W. H. Carlson, Horticulture, to support research work in progress on slow release fertilizers on floriculture crops.

52. Grant of $2,000 from Michigan Apple Committee, Lansing, Michigan, to be used under the direction of D. H. Dewey, Horticulture, to support program in progress to improve internal quality of apples for fresh market and processing.

53. Grant of $2,201.16 from the Michigan Foundation Seed Association, Inc., East Lansing, Michigan, to be used under the direction of J. C. Weeks, Horticulture, in support of plant breeding research on horticultural crops.

54. Grant of $3,500 from the Michigan State Horticultural Society, East Lansing, Michigan, to be used under the direction of J. Hull, Horticulture, for stenographic help to assist with educational programs of Michigan State Horticultural Society.

55. Grant of $200 from the Michigan State Horticultural Society, East Lansing, Michigan, to be used under the direction of J. H. Hull, Jr., Horticulture, for miscellaneous materials and expenditures of the Michigan State Horticultural Society.

56. Grant of $500 from the Michigan Package Carrot Council, Grant, Michigan, to be used under the direction of L. E. Baker, Horticulture, to support on-going research to develop high quality hybrids adapted for production in Michigan.

57. Grant of $2,000 from the Michigan State Florists Association, Haslett, Michigan, to be used under the direction of W. Carpenter, Horticulture, to support continuing work on greenhouse flower crops; to continue study of consumer preferences.
58. Grant of $1,300 from Mikkelsens, Inc., Ashtabula, Ohio, to be used under the direction of K. C. Sink, Horticulture, to support on-going research on direct rooting — propagation of poinsettia.

60. Grant of $1,000 from Shell Development Co., Division of Shell Oil Co., Modesto, California, to be used under the direction of W. Carlson and W. Carpenter, Horticulture, to support research comparing effect of SD8339 with other plant growth regulating chemicals for improved branching of greenhouse crops.

61. Grant of $600 from Michigan Senate Conservation and Tourism Committee, Lansing, Michigan, to be used under the direction of L. R. Moncrief, Park and Recreation Resources, for study of state natural resources, agency organizations.

62. Grant of $15,000 from the U. S. Department of Agriculture Agricultural Research Division, Beltsville, Maryland, to be used under the direction of H. C. Zindel and L. R. Champion, Poultry Science, for the study of Marek's disease.

63. Grant of $1,600 from Parke-Davis & Co., Detroit, Michigan, to be used under the direction of D. Polin, Poultry Science, to obtain data on dilantin levels in tissues of broiler-type chickens.

64. Grant of $1,000 from the U. S. Department of Agriculture, Washington, D.C., to be used under the direction of L. B. Perkinson, Resource Development, for the study of the organization and financing of rural local government.

65. Grant of $100,000 from the Regents of the University of Michigan (NASA), Ann Arbor, Michigan, to be used under the direction of R. Vlasin, Resource Development, and M. Boylan, Urban Planning and Landscape Architecture, for development and demonstration of operational uses of remote sensing related to land and water use policy planning.

66. Grant of $4,798.04 from Jameson Corporation, Saginaw, Michigan, to be used under the direction of B. H. Good, University Farms, to improve horse production in selection, breeding, feeding, management and marketing.

67. Grant of $10,000 from the National Endowment for the Arts, Washington, D.C., to be used under the direction of F. Love, Art, to purchase paintings by living American artists for MSU art collection in the Kresge Art Center Gallery.

68. Grant of $2,000 from the Colgate-Palmolive Co., New York, New York, to be used under the direction of J. W. Allen, Marketing and Transportation Administration, for the administration of Food Systems Economics and Management Program.

69. Grant of $6,300 from the Michigan Department of Commerce, Lansing, Michigan, to be used under the direction of F. H. Mossman, Marketing and Transportation Administration for mobility handicapped case study.

70. Grant of $1,000 from The Pillsbury Company, Minneapolis, Minnesota, to be used under the direction of D. A. Taylor, Marketing and Transportation Administration, to support the development of marketing program and faculty at MSU.

71. Grant of $3,600 from Escanaba Area Schools, Escanaba, Michigan, to be used under the direction of A. J. Kloster, Administration and Higher Education, for diagnostic study of organization and management systems.

72. Grant of $6,000 from Flat Rock Community School District, Flat Rock, Michigan, to be used under direction of A. J. Kloster, Administration and Higher Education, to provide assistance in school plant study, instructional improvement, program planning; development of program plan and specification for school and community recreation and outdoor education site.

73. Grant of $5,000 from Linden Community School District, Linden, Michigan, to be used under the direction of A. J. Kloster, Administration and Higher Education, to evaluate curriculum and instructional program; inventory and assess existing plant; develop forecasts and recommendations.

74. Grant of $4,000 from Perry Public School District, Perry, Michigan, to be used under the direction of A. J. Kloster, Administration and Higher Education, to assist in instructional improvement and install, monitor and evaluate remediative programs in math and reading in grades K-6.

75. Grant of $20,760 from the Governor's Office on Drug Abuse, Lansing, Michigan, to be used under the direction of W. C. Hinds, Counseling, Personnel Services, and Educational Psychology, to train professional and paraprofessional workers in counseling skills applicable to drug abuse problems.

76. Grant of $7.50 from Western Carolina University, to be used under the direction of N. Kagan, Counseling, Personnel Services, and Educational Psychology, for interpersonal process recall research.
B. GIFTS AND GRANTS, continued

January 21, 1972

77. Grant of $282,287 from the Department of Health, Education, and Welfare, U. S. Office of Education, Washington, D.C., to be used under the direction of L. Alonso, Elementary and Special Education, for the continuation of the demonstration project "Regional Instructional Materials Center for Handicapped Children and Youth."

78. Grant of $2,635 from Lansing School District, Lansing, Michigan, to be used under the direction of D. H. Nickerson, Elementary and Special Education, to cover salary expenses during Teacher Corps orientation.

79. Grant of $38,000 from the Michigan Department of Education, Division of Vocational Education, Lansing, Michigan, to be used under the direction of P. G. Haines and R. Poland, Secondary Education and Curriculum, for improving teacher performance for emerging office education/distributive education programs through in-service programs.

80. Grant of $9,000 from the Michigan Department of Education, East Lansing, Michigan, to be used under the direction of L. Borosage, Secondary Education and Curriculum, to augment services offered by the College of Education for in-service training of industrial education teachers which will include on-campus as well as off-campus activities.

81. Grant of $9,000 from the Michigan Department of Education, Lansing, Michigan, to be used under the direction of O. D. Headers, Secondary Education and Curriculum, for in-service activities for support of vocational education in agriculture in Michigan, 1971-72.

82. Grant of $5,500 from the Michigan Department of Education, Vocational Education and Career Development Service, Lansing, Michigan, to be used under the direction of R. E. Ray, Secondary Education and Curriculum, to provide tuition and departmental/project support for four Michigan participants in the EPDA-Leadership Development Program in Vocational-Technical Education.

83. Grant of $720 from the Michigan Department of Education, Lansing, Michigan, to be used under the direction of Elaine Uthe, Secondary Education and Curriculum, as an additional grant to complete slide-tapes for cooperative education.

84. Grant of $17,160 from Midwest Universities Consortium for International Activities, Inc., East Lansing, Michigan, to be used under the direction of H. L. Case, Institute for International Studies in Education, to support operating budget for office of Program of Advanced Study in Institution Development and Technical Assistance Methodology.

86. Grant of $2,254.92 from Drexel Firestone Inc., Philadelphia, Pennsylvania, to be used under the direction of D. Jacobson, Social Science Teaching Institute, to help defray expenses of the Conference of Applied International Education to be held October 14, 15, and 16, 1971.

87. Grant of $5,000 from the Esso Education Foundation, Linden, New Jersey, to be used under the direction of M. H. Chetrick, Chemical Engineering, as an unrestricted grant.

88. Grant of $194,805 from the Office of Child Development, to be used under the direction of B. Garlick, Family and Child Sciences, for the training and leadership development of Head Start directors, teachers and other staff.

89. Grant of $36,180 from the Michigan Department of Education, Division of Vocational Education, Lansing, Michigan, to be used under the direction of N. Bobbitt, and A. Dobry, Family Ecology, for the development and implementation of curriculum approach for conceptual reorientation of secondary home economics programs with emphasis on meeting needs of special groups.

90. Grant of $9,012 from the Michigan Department of Education, Division of Vocational Education, Lansing, Michigan, to be used under the direction of N. Bobbitt, Family Ecology, for professional development and leadership activities of vocational home economics personnel in Michigan and at MSU.

91. Grant of $10,000 from the McGregor Fund, Detroit, Michigan, to be used under the direction of O. Michelsen, Food Science and Human Nutrition, to perform tests pertaining to nutrition on group of women tested 20 years ago to evaluate influence of dietary practices.

92. Grant of $20,714 from the National Institutes of Health, to be used under the direction of M. G. Yang, Food Science and Human Nutrition, to determine fate of an organic mercurial compound in fetal and neonatal animals and elucidate mechanisms of the toxicity of this compound.

93. Grant of $800 from Mr. and Mrs. Al Aalbers, Grand Rapids, Michigan, to be used under the direction of A. D. Hunt, Dean of the College of Human Medicine, as an unrestricted grant.
B. GIFTS AND GRANTS, continued

January 21, 1972

94. Grant of $1,600 from the University of Texas Medical School, San Antonio, Texas, to be used under the direction of C. W. Smith, Anatomy, for research supplies in connection with grant to investigate chemotactic properties of invertebrate venoms.

95. Grant of $44,027 from the National Institutes of Health, Bethesda, Maryland, to be used under the direction of T. M. Brody, Pharmacology, for research in phenothiazine tranquilizers and brain NA K-ATPase.

96. Grant of $26,775 from the National Institutes of Health, Bethesda, Maryland, to be used under the direction of J. B. Hook, Pharmacology, for the study of factors affecting renal physiology in the newborn.

97. Grant of $26,300 from the American Cancer Society, New York, New York, to be used under the direction of E. D. Coppola, Surgery, for research in the role of Peyer's patch cells in humoral immunity and effects of anti-Peyer's patch serum.

98. Grant of $5,547.90 from the John and Mary R. Markle Foundation, New York, New York, to be used under the direction of E. D. Coppola, Surgery, to assist the Scholar in advancement of his academic career.

99. Grant of $6,000 from Harvard University, Cambridge, Massachusetts, to be used under the direction of S. Katz, Health Services Education and Research, for development, revision, and refinement of classification system, testing feasibility, reliability, applicability and usefulness of that system.

100. Grant of $13,673 from the National Institutes of Health, Bethesda, Maryland, to be used under the direction of E. Kuntz, Biophysics, to study biochemical changes caused by radiation.

101. Grant of $17,917 from the U. S. Atomic Energy Commission, Washington, D.C., to be used under the direction of E. Kuntz, Biophysics, for research in physical mechanisms in inactivation of proteins by radiation.

102. Grant of $2,500 from the Environmental Protection Agency, Research Triangle Park, North Carolina, to be used under the direction of A. L. Andersen, Botany and Plant Pathology, to teach extension personnel to recognize air pollution injury on plants and to evaluate economic losses resulting from air pollution damage on crops common to Michigan.

103. Grant of $30,367 from the National Institutes of Health, Bethesda, Maryland, to be used under the direction of E. C. Cantino, Botany and Plant Pathology, for research in biochemistry of morphogenesis in Blastocladiella emersonii.

104. Grant of $48,700 from the National Science Foundation, Washington, D.C., to be used under the direction of W. A. Imshaug, Botany and Plant Pathology, for taxonomic study of terrestrial cryptogams of the subantarctic with analysis of their geographic relationships.

105. Grant of $10,000 from the U. S. Atomic Energy Commission, Washington, D.C., to be used under the direction of L. W. Mericle, Botany and Plant Pathology, to study the factors responsible for changes in radiosensitivity of embryonic tissues.

106. Grant of $2,500 from the Dow Chemical Company, Midland, Michigan, to be used under the direction of A. I. Popov, Chemistry, to support the Third International Conference on Nonaqueous Solvents to be held at MSU July 5-7, 1972.

107. Grant of $65,028 from the National Institutes of Health, Bethesda, Maryland, to be used under the direction of H. Hart, Chemistry, for studies in organic syntheses.

108. Grant of $37,833 from the National Institutes of Health, Bethesda, Maryland, to be used under the direction of A. I. Popov, Chemistry, to study physicochemical properties of convulsant tetrazoles.

109. Grant of $35,839 from the National Institutes of Health, Bethesda, Maryland, to be used under the direction of W. H. Reusch, Chemistry, for approaches to structurally modified steroids.

110. Grant of $4,000 from the National Science Foundation, Washington, D.C., to be used under the direction of A. I. Popov, Chemistry, to support Third International Conference on Nonaqueous Solvents, July 5-7, 1972, to be held at MSU.

111. Grant of $500 from CIBA Corporation, Summit, New Jersey, to be used under the direction of A. Howitt, Entomology, for support for fruit research.

112. Grant of $250 from CIBA Corporation, Summit, New Jersey, to be used under the direction of G. Guyer and A. Wells, Entomology, for evaluation of insecticides.

113. Grant of $120 from FMC Corporation - Niagara Chemical Division, Middleport, New York, to be used under the direction of B. Croft, Entomology, to study site control.

114. Grant of $500 from the Upjohn Company, Kalamazoo, Michigan, to be used under the direction of A. Howitt, Entomology, as support for research on fruit pests.
115. Grant of $42,161 from the National Institutes of Health, Bethesda, Maryland, to be used under the direction of H. L. Sadoff, Microbiology and Public Health, to study cell differentiation in procaryotic organisms.

116. Grant of $30,000 from the National Science Foundation, Washington, D.C., to be used under the direction of T. R. Corner, Microbiology and Public Health, for study of biomechanics of microbial membranes.

117. Grant of $80,700 from the National Science Foundation, Washington, D.C., to be used under the direction of G. A. Smith, Physics, to study the properties of sub-nuclear elementary particles at high energies.

118. Grant of $52,500 from the National Science Foundation, Washington, D.C., to be used under the direction of H. McManus, Physics, to investigate scattering problems and the theory of nuclear structure.

119. Grant of $42,800 from the Department of the Navy, Office of Naval Research, Washington, D.C., to be used under the direction of A. Galonsky, Physics-Cyclotron, for research on charged particle shielding.

120. Grant of $120,000 from the National Science Foundation, Washington, D.C., to be used under the direction of G. H. Lauff, Kellogg Biological Station, for integrated research on freshwater systems and training of scientists with competency in ecosystems analysis.

121. Grant of $27,115 from the Lansing School District, Lansing, Michigan, to be used under the direction of J. R. Brandou, Science and Mathematics Teaching Center, to assist Michigan Migrant Education Program with Science-Oral language program.

122. Grant of $120,000 from the National Science Foundation, Washington, D.C., to be used under the direction of M. S. Magen, Dean of the College of Osteopathic Medicine, for integrated research on freshwater systems and training of scientists with competency in ecosystems analysis.

123. Grant of $50 from the Southeastern Michigan Osteopathic Association, Carleton, Michigan, to be used under the direction of M. H. Lauff, Dean of the College of Osteopathic Medicine, as an unrestricted grant.

124. Grant of $199,649 from the Michigan Association for Regional Medical Programs, East Lansing, Michigan, to be used under the direction of J. P. Howard, Family and Community Medicine, to develop a system model for the delivery of comprehensive health care service to a low-income population in Pontiac, Michigan.

125. Grant of $4,600 from the National Institute of Health, Chevy Chase, Maryland, to be used under the direction of D. L. Grummon, Psychology, as support for a doctoral candidate.

126. Grant of $47,525 from the Michigan Department of Education, Division of Vocational Education, Lansing, Michigan, to be used under the direction of D. H. Kruger, Labor and Industrial Relations, to provide experiences and assistance in audio-visual education.

127. Grant of $254 from the American Institute of Planners Foundation, Washington, D.C., to be used under the direction of M. Boylan, Urban Planning and Landscape Architecture, as assistance for undergraduate financially needy and minority students.

128. Grant of $800 from Herbert Bergman, East Lansing, Michigan, to be used under the direction of H. Bergman, American Thought and Language, to work on The Journalism of Walt Whitman, The Recognition of Walt Whitman, Walt Whitman, Clyde Fitch, and Walt Whitman Journalist.
134. Grant of $2,000 from Carl Witus, M.D., East Detroit, Michigan, to be used under the direction of W. W. Armistead, Dean of the College of Veterinary Medicine, as assistance to veterinary medicine students through Student Emergency Loan Fund.

135. Grant of $1,000 from Grayson Foundation, Inc., Lexington, Kentucky, to be used under the direction of M. L. Calhoun, Anatomy, for publication cost of completed research on integumentary and urinary systems of the horse.

136. Grant of $34,817 from the Department of the Army, Washington, D.C., to be used under the direction of D. W. Tophy, Microbiology and Public Health, to study the nature of immunity to leishmaniasis.

137. Grant of $9,582 from Pitman-Moore, Inc., Fort Washington, Pennsylvania, to be used under the direction of G. R. Carter, Microbiology and Public Health, for serologic study of strains of Pasteurella multocida from cattle, swine, and rabbits.

138. Grant of $178,83 from C. L. San Clemente, Department of Microbiology and Public Health, Michigan State University, to be used under the direction of C. L. San Clemente, Microbiology and Public Health, for research supplies, equipment, and travel.

139. Grant of $1,000 from Armour Pharmaceutical Company, Kankakee, Illinois, to be used under the direction of C. L. Waxler, Pathology, to determine influence of intestinal flora upon dietary iron requirement of the baby pig and its response to iron administered parenterally.

140. Grant of $31,544 from the National Institutes of Health, Bethesda, Maryland, to be used under the direction of J. E. Gibson, Pharmacology, for research in perinatal pesticide toxicity.

141. Grant of $331 from the National Institutes of Health, to be used under the direction of R. A. Bernard, Physiology, for electrophysiological studies of the gustatory system.

142. Grant of $12,000 from Generics Corporation of America, Moonachie, New Jersey, to be used under the direction of G. H. Conner, Large Animal Surgery and Medicine, to determine effects of orally administered Neo-Arth on the physical, cellular and chemical components of synovial fluid from arthritic horses.

143. Grant of $850 from Michigan Veterinary Medical Association, Holland, Michigan, to be used under the direction of F. H. Oberst, Large Animal Surgery and Medicine, as an unrestricted grant.

144. Grant of $800 from Jackson Kennel Club, Inc., Cement City, Michigan, to be used under the direction of W. O. Brinker, Small Animal Surgery and Medicine, for orthopedic equipment and supplies for student surgery laboratory.

145. Grant of $50 from Herbert L. Marsh, Princeton, Illinois, to be used under the direction of W. O. Brinker, Small Animal Surgery and Medicine, for orthopedic equipment and supplies for student surgery laboratory.

146. Grant of $250 from Hayim Newman, Haymarket, Virginia, to be used under the direction of W. F. Keller, Small Animal Surgery and Medicine, as an unrestricted grant.

147. Grant of $100 from the Michigan Farm Bureau, Lansing, Michigan, to be used under the direction of A. L. Hunter, Continuing Education, as a contribution toward Adventure in World Understanding.

148. Grant of $50 from Woman's Society of Peoples Church, East Lansing, Michigan, to be used under the direction of A. L. Hunter, Continuing Education, as a contribution toward Adventure in World Understanding.

149. Grant of $87,000 from the Michigan Department of Mental Health, Lansing, Michigan, to be used under the direction of A. J. Enelow, Continuing Education, and Psychiatry, for a program of staff development, continuing education, and program consultation for state hospitals and community mental health programs.

150. Grant of $5,000 from the Martha Baird Rockefeller Fund for Music, Inc., New York, New York, to be used under the direction of D. Pash, TV Broadcasting, to assist in the production of television recital programs with young musicians.

151. Grant of $1,000 from Edwin N. Mathews, Jacksonville, Florida, to be used under the direction of G. E. Sheehe, Highway Traffic Safety Center, for financial aid to graduate students enrolled in the Traffic Education Program.

152. Grant of $33,150 from New Detroit, Inc., Detroit, Michigan, to be used under the direction of R. L. Green, Center for Urban Affairs, to develop a 24-day conference on the Black Police Officer in Detroit, Michigan.

153. Grant of $1,000 from New Detroit, Inc., Detroit, Michigan, to be used under the direction of M. C. Jackson, Jr., Center for Urban Affairs, to provide minority students with learning experiences that will acquaint them with media production and how it might be used in their areas of study to express the concerns of minority people and urban communities.
B. GIFTS AND GRANTS, continued

154. Grant of $33,75 from J. Frank Schmidt & Son Co., Troutdale, Oregon, to be used under the direction of M. Baron, Campus Park and Planning, to increase the collection of rare landscape woody plant materials.

155. Grant of $25 from the Grosse Pointe Garden Club, Grosse Pointe, Michigan, to be used under the direction of F. W. Freeman, Campus Park and Planning, to purchase books for library at Hidden Lake Gardens.

156. Grant of $500 from Fundacion Creole, New York, New York, to be used under the direction of H. Iligbee, International Programs, to further the program for foreign students.

157. Grant of $500 from Alcoa Foundation, Pittsburgh, Pennsylvania, to be used under the direction of C. R. Wharton, Jr., President's Office, as an unrestricted grant.

158. Grant of $500 from American Metal Climax Foundation, Inc., Hiles, Michigan, to be used under the direction of C. R. Wharton, Jr., President's Office, as an unrestricted grant.

159. Grant of $2,500 from Bethlehem Steel Corporation, Bethlehem, Pennsylvania, to be used under the direction of C. R. Wharton, Jr., President's Office, as an unrestricted grant.

160. Grant of $500 from the Holland Chamber of Commerce, Holland, Michigan, to be used under the direction of C. R. Wharton, Jr., President's Office, as the honorarium for Dr. Wharton's speaking engagement.

161. Grant of $750 from International Business Machines Corporation, Port Washington, New York, to be used under the direction of C. R. Wharton, Jr., President's Office, as an unrestricted grant.

162. Grant of $500 from the National Association of Food Chains, to be used under the direction of C. R. Wharton, Jr., President's Office, as an institutional grant for science, 1971.

163. Grant of $1,000 from the National Science Foundation, Washington, D.C., to be used under the direction of C. W. Minkel, Research Development, as Gost-of-Education allowance for NSF Postdoctoral student in Biochemistry.

164. Grant of $15,500 from Louisville Urban Education Center, Louisville, Kentucky, to be used under the direction of J. H. McMillan, Equal Opportunity Programs, to provide practical educational experiences in area of urban education in an urban setting.

On motion by Trustee Carrigan, seconded by Trustee Merriman, it was unanimously voted to accept the gifts and grants.

C. BIDS AND CONTRACT AWARDS

1. At the time bid specifications were prepared for the first phase of television production equipment for the Life Science I studio, the amount of funds available for this purpose was not definitely established. Therefore, a decision was made to divide the initial equipment needs into the following partial packages:

   a. Studio cameras and controls (base bid A, B, C, D)
   b. Video recorder (alternate B)
   c. Audio system (alternate F)
   d. Lighting system (alternate G)
   e. Cyclorama curtain (alternate H)
The specifications have been reviewed with the Dean of the College of Human Medicine and the Provost, and they are aware of the limitations of this package. However, an agreement was reached that it is in the best interests of the University to purchase the base package now and check the possibility of purchasing the necessary video recorder when a final accounting of capital funds for Life Science I is available. Some time in the future it will be desirable to provide for the purchase of the remainder of the necessary "first phase" equipment. In the meantime, Instructional Media Center/Instructional Television will provide partial audio lighting and other equipment from existing facilities in Erickson Hall by placing limitations on services from that studio.

Following are the bids received on this project:

*Bid on Part A only

The bid from the G. E. Corporation contained a qualification which stated they took exception to all of the University specifications and that their bid proposed the use of G. E. equipment, which does not meet the bid technical specifications. It is the opinion of the IMC/ITV personnel that the equipment proposed by G. E. would not satisfy the requirements of this project.

It was therefore recommended that the contract be awarded to the Phillips Broadcasting Equipment Corporation, the second low bidder, with certain reductions as follows:

a. Included in its bid was an alternate which permits substitution of a lens in Group A, Item 8 at a reduction of $3,000. We have investigated this alternate and recommend its acceptance.

b. Subsequent to the bid, the Phillips Corporation has offered an alternate which permits the substitution of a demonstration camera in Group A, Item 1, at a reduction of $5,000. We have evaluated this alternate, a camera with full new warranty and meeting all our specifications, and recommend its acceptance.

c. Subsequent to the bid, the Phillips Corporation has offered an alternate in which IMC/ITV will assume additional installation responsibilities (paragraph 4, page 1 of MSU bid specifications) at a reduction of $10,000. This does not reduce the bidder's responsibility for the performance of the system. IMC/ITV can perform the necessary installation with existing staff at a cost of $1,000, and its acceptance was recommended.

d. The equipment list presented in the Phillips Corporation bid contains one signal generator in excess of the system's requirements. Deletion of this item at a reduction of $2,000 was recommended.

The total of the reductions listed above are as follows:

- Original base bid $246,326
- Total reduction:
  - a. $3,000
  - b. $5,000
  - c. $10,000
  - d. $2,000
- Reduced base bid $226,326

It was recommended that the Board of Trustees award a contract to the Phillips Broadcasting Equipment Corporation in the amount of the reduced base bid of $226,326 and the allocation of $1,000 for the IMC/ITV costs of installation.

Motion was made by Trustee Martin, seconded by Trustee Carrigan, to approve the above recommendation. Unanimously carried.

D. OTHER ITEMS FOR ACTION

1. Recommendations by Attorney Leland W. Carr, Jr., on the Committee on Domiciliary Determination.

This item was deleted from the agenda -- see item 1 under Special Miscellaneous, page 7289.
2. Executive Vice President Breslin recommended that the following benefit be approved for the Administrative-Professional employees.

Administrative-Professional employees with at least five (5) years of continuous full-time employment shall become eligible for extended sick leave in case of total disability as defined in the long-term disability plan.

Extended sick leave benefits shall not exceed six (6) months and are to be granted after an employee has used all accumulated sick leave, vacation, and personal leave time. The aggregate of these paid leave benefits shall not exceed six (6) months.

On motion by Trustee Carrigan, seconded by Trustee Merriman, it was unanimously voted to approve the above recommendation.

3. Provost Cantlon explained the Administration's position in recommending the adoption of the following policy for the dissemination of faculty salary information. (A copy of Dr. Cantlon's remarks is filed with the materials relevant to this meeting.)

The Faculty Affairs and Faculty Compensation Committee has recommended that information on salaries be released in the following manner:

1. The high, low, median, and average salaries of each academic rank in each department, school and center be released, without identifying the recipients; and that the salaries of any twelve-month faculty included in such a release be presented in their ten-month equivalents and noted.

The Administration endorsed this recommendation and suggested the following for implementation:

- That the general format be as outlined below.
- That in any college the small units (with five or less faculty members) be grouped under one heading -- "other units."
- That deans be excluded from the college listing but be included as a group in the University summary.
- That joint appointments be handled by making all tabulations on a FTE basis.
- Appointments in non-instructional units be appropriately grouped.
- That the completed summary be distributed to each dean's office and each vice president's office, and copies made available at the reference desk in the Library.
- All data should reflect the situation as of a given date, either July 1 or as soon thereafter as salary increases have been approved.

### All Salaries Equated to 10-Month Basis

Following Dr. Cantlon's presentation, Professor Bob Repas, Chairman of the Committee for a Rational Pay Policy, and Professor Frederick D. Williams, Chairman of the Faculty Affairs and Faculty Compensation Committee presented remarks on behalf of their respective groups (complete copies of their statements are filed in the Secretary's Office). Included in Professor Williams' remarks was a recommendation that an additional category covering administrators' salaries be added to the Administration proposal.
D. OTHER ITEMS FOR ACTION, continued

January 21, 1972

3. Dissemination of Faculty Salary Information, continued

Trustee Carrigan proposed two motions as an alternative to the Administration proposal. Her first motion, seconded by Trustee Huff, was:

a. That beginning with the current year, official salary documents, as defined in b and c, be regularly placed in the University Library and in each departmental office, with some number of additional copies made available for purchase, at cost, as public documents;

b. That the faculty salary document include for each faculty member, in addition to name, rank or title, department, and annual salary, at least the following information: sex, years of professional experience, status in tenure system, term of appointment (e.g., 10 vs. 12 months), and assigned time fraction;

c. That a parallel document be compiled for so-called "temporary" faculty.

Trustee Merriman, supported by Trustee White, offered a substitute motion that the recommendation of the Administration be followed. This motion was defeated by a vote of 1 to 6, Trustee Merriman voting "Yes."

Trustee Carrigan's motion carried by a vote of 6 to 1, Trustee Merriman voting "No."

The second motion submitted by Trustee Carrigan, seconded by Trustee Martin, was:

That the annual faculty salary proposal submitted to the Board of Trustees include the same information as the documents described in the preceding motion, and be prefaced by a statement of the guidelines employed in arriving at the recommendations submitted.

Motion carried by a vote of 6 to 1, Trustee Merriman voting "No."

At the close of Professor Repas' remarks he had requested the Trustees to ask the Academic Council to make available to him a transcript of that portion of the recording of the November 30, 1972 Academic Council meeting dealing with the censure of Professor Repas and Trustee White for releasing the faculty salary lists.

Trustee Stevens moved, seconded by Trustee Huff, that the Academic Council be asked to provide this transcript. President Wharton explained that the Secretary of the Faculties did not believe he had authority to do so based upon a statement of former President Adams when taping of the Council meetings was initiated. President Wharton also explained that the Academic Council had not met since Professor Repas' request had been submitted to the Steering Committee and the Secretary of the Faculties, and that the request would probably receive favorable action. Trustees Stevens and Huff withdrew their motion.

4. The initial clinical faculty for the College of Osteopathic Medicine was small and hence aggregated into the two multiple interest departments - the Department of Osteopathic Medicine and the Department of Family and Community Medicine. Now as the clinical faculty's growth accelerates, the direction of department chairmen is essential for effective recruiting of faculty, for shaping the research and service programs in the various clinical areas, and for articulating these with existing programs on campus.

The College recommended that the present Department of Family and Community Medicine be divided into:

a. Department of Family Medicine
b. Department of Community Medicine

The College also recommended that the present Department of Osteopathic Medicine be divided into:

a. Department of Osteopathic Medicine
b. Department of Biomechanics

These recommendations have been examined carefully and were forwarded to the Board with the administration's recommendation for approval, effective July 1, 1972.

Motion was made by Trustee Huff, seconded by Trustee Carrigan, to approve the above recommendation. Unanimously carried.

5. Recommendation by Executive Vice President Breslin that the following revised schedules for Administrative-Professional, Clerical-Technical, Health Professions, and hourly non-union labor payroll groups be approved, effective November 15, 1971.

*The Special grade is not changed

On motion by Trustee Carrigan, seconded by Trustee Huff, it was unanimously voted to approve the above revised schedules.

6. It was recommended that Daverman Associates, Inc., Grand Rapids, be employed as the architects for the Ice Arena. The second choice would be Warren-Holmes Co., Lansing.

The fee paid to the architectural firm for the Ice Arena will be consistent with the State of Michigan architectural scale.

Motion was made by Trustee Stevens, seconded by Trustee Carrigan, to approve the employment of Daverman Associates, Inc. as the architects for the Ice Arena. Unanimously carried.
7. Trustee Carrigan reported that within the past few days she had called to the Administration's attention the fact that the TIAA-CREF retirement program provides an annuity which in dollar amount is equal for men and women but is apportioned actuarially according to predicted life expectancy for males and females which yields different amounts. The result is that the annual annuity for women who have paid X number of dollars for X number of years into the program might be $9,500 while a man having worked the same number of years and paid the same amount out of his pocket into the program would have an annual annuity of $10,800. Trustee Carrigan noted that the Commission on the Status of Women at Wayne State University had communicated its concern to TIAA-CREF and that President Gullen of Wayne State had indicated that a Wayne State Vice President would speak to this concern at the February meeting of TIAA-CREF.

President Wharton noted that no matter which criteria are employed for the determination of the annuity which has been built up, they are inevitably arbitrary; however, it may be that the present system chooses criteria which are more arbitrary and there could be the possibility of influencing the choice of the less arbitrary in terms of impact upon the individuals.

Vice President Wilkinson pointed out that we are dealing with a policy that affects not only TIAA-CREF but the entire insurance industry.

President Wharton recommended and the Trustees concurred that it would be desirable for the Administration to contact President Gullen and TIAA-CREF to explore this matter further.

Adjourned.
