

MINUTES OF THE MEETING
of the
MICHIGAN STATE UNIVERSITY
FINANCE COMMITTEE
January 18, 1974

President Wharton called the Finance Committee meeting to order at 7:49 a.m.

The following members were present: Trustees Carrigan, Huff, Martin, Merriman, Radcliffe, Stack, Stevens, and Thompson; President Wharton, Executive Vice President and Secretary Breslin, Vice President Wilkinson, Provost Cantlon, Vice Presidents Nonnamaker and Scott, Assistant to the President Ballard, Attorney Carr.

Absent: No one.

1. Investment Recommendations

Investment
Recommendations

Under the discretionary authority granted by the Board of Trustees at the October 26, 1973 meeting, Scudder, Stevens & Clark have transacted the following changes within the investment portfolio of the University. In making these changes, they stated that they believed long-term interest rates would improve during the next couple of months and it was their intent to increase the bond purchasing reserve of the University in order to take advantage of this improvement. They stated that they see a substantial increase in long-term bond financing during the next 12-month period as compared to the preceding 12-month period. It should be noted that the face amount shown does not represent University cost, but reflects the value of the security if held to maturity. Current income earned on investments was approximately 5.45% and income to be earned during the interim period will be approximately 7.54%.

Final evaluation of this recommendation cannot be made until the transaction has been completed by a transfer of these funds from the temporary commercial paper investment to a more fixed security.

Mgt. fund function-
ing as endowment3. Hotel, Restaurant and Institutional Management Fund

The School of Hotel, Restaurant and Institutional Management has requested that a fund functioning as an endowment be established. Income from this fund will be used to support student travel which will include industrial trade shows, field trips, organizational meetings, etc., student extracurricular activities in cooperation with the departmental program, support of faculty research projects in support of the hospitality industry, including faculty travel not provided from other University sources, financial aid to both undergraduate and graduate students, and other expenditures within the scope of the academic program of the School.

Currently, funds in the approximate amount of \$6,200 are in the Lewis Hill and Ruth Angel Minor Student Loan Fund, and it is the request of Dr. and Mrs. Minor that these funds be transferred to the newly established account for the intended purpose. Also, funds of approximately \$4,700 are in an unrestricted account named the Michigan Foundation, which will be transferred to the newly established account.

It is recommended that the Board of Trustees establish an account as a fund functioning as an endowment for the purpose indicated above and that the moneys be transferred as recommended. It is also recommended that the funds be invested to yield a maximum return of current income with a reasonable risk.

RESOLVED that the above recommendations be approved.

Unanimously approved. Motion by Trustee Carrigan, seconded by Trustee Thompson.

At its May 25, 1973 meeting the Board of Trustees approved the alterations to Jenison Fieldhouse locker room facilities to accommodate women. A contract and budget were approved for this project. It was necessary to perform additional work to meet code requirements for swimming pool facilities and ventilation. An additional \$19,000 will be expended for the completion of this project.

RESOLVED that the Trustees approve the above report and the additional expenditure for the completion of this project.

Unanimously approved. Motion by Trustee Merriman, seconded by Trustee Carrigan.

5. Special Appropriation for Office of University Attorney

The Board of Trustees is aware of the increased workload in the office of the University Attorney, primarily due to factors which are external to the University. These include an increase in the number of suits and claims brought against the University, an increase in the workmen's compensation area, and the need to expand legal advice relating to personnel relations, as well as the increased complications in University operations relating to contractual and other legal matters.

Because of this increase in workload, it is recommended that additional professional staff be assigned to the University Attorney's office to assist Mr. Carr. It is recommended that an appropriation of \$15,000 for the balance of this current year be approved, with an annual appropriation of \$30,000.

RESOLVED that the above staffing position be created and appropriations approved as recommended.

Unanimously approved. Motion by Trustee Stevens, seconded by Trustee Thompson.

Additional staff for Univ. Attorney's office approved

6. Special Appropriation for Alumni Census and Records

President Wharton and Vice President Scott recommend the following special appropriation

Conduct a total alumni census and record the data in the Data Processing Center. This data will then be available to the administration, colleges, development, alumni, and MSU Foundation. Estimated cost: \$70,000.

RESOLVED that the above appropriation be approved.

Unanimously approved. Motion by Trustee Merriman, seconded by Trustee Thompson.

Special approp. for Alumni census and records approved

Several of the items on the proposed questionnaire to be sent to the alumni were questioned by the Trustees and it was agreed that the items will be reviewed by Vice President Scott before the questionnaire is finalized.

7. Amendment of Alumni Association Charter (Transfer of Fund Raising)

President Wharton and Vice President Scott recommend the following action:

The Charter of the Michigan State University Alumni Association granted May 18, 1967 by the University Board of Trustees be altered as provided in Article 10 (b) to transfer the responsibility for fund raising from the Alumni Association to the Office of University Development.

RESOLVED that the Charter of the Michigan State University Alumni Association be altered as recommended.

Unanimously approved. Motion by Trustee Thompson, seconded by Trustee Carrigan.

Amendment of Alumni Assoc. Charter to Transfer Fund Raising approved

8. Information Items and Progress Reports

a. Student Aid

Vice President Nonnamaker reported that there is a surplus of funds in the Student Aid Grant account this year due to an 8% decrease in applicants for financial aid and a higher denial rate, which is attributed to the fact that parental assets were considered differently in determining financial need. Approximately \$50,000 of the surplus will be transferred to financial aid for graduate students and \$250,000 will be transferred to the National Direct Student Loan Program as part of MSU's contribution to that program.

It was suggested that the administration look into the question of providing loans for students who do not receive Federal assistance.

b. February Board Meeting

Because of an unusually large number of items to be discussed at the February Board meeting, President Wharton requested that the Trustees reserve all day Friday, February 15, so that if necessary the Finance Committee meeting could be held in the morning and the open meeting could begin at 1:30 p.m. on that date.

c. Administrative-Professional Grievance Procedure

The A-P Grievance Procedure which was on the agenda for the January 18 open Board meeting was discussed and it was agreed this procedure would be referred back to the A-P Association for certain minor language changes.

d. Governor's Commission on Higher Education

Trustee Merriman reported on reactions to the draft proposals of the Governor's Commission on Higher Education as expressed in the meetings of the Michigan Association of Governing Boards. With revisions to recommendation 2 as noted, the Trustees concurred in the following Statement of the Position of the Michigan Association of Governing Boards.

8. Information Items and Progress Reportsd. Governor's Commission on Higher Education

Statement on Gov's Comm. on Higher Ed. proposals; Expression of Trustees re election vs. appointment of State Bd. of Education and university governing boards

"The Michigan Association of Governing Boards has discussed at length the draft proposals presently being considered by the Governor's Commission on Higher Education. These proposals suggest a means for accomplishing state-wide coordination of higher education.

This Association finds itself in general disagreement with many of the provisions contained in these proposals. It therefore offers the following recommendations to the Commission as constructive alternatives which would preserve the present high quality system of higher education in the state of Michigan and provide an efficient means of achieving necessary state-wide coordination:

1. From both a qualitative and cost standpoint, it can be amply demonstrated that the Michigan system of higher education is equal to or superior to that in any other state. One of the major factors that has enabled this state to develop such a system is the constitutional provision vesting basic policy and fiscal responsibilities in the governing boards of the individual institutions. We feel it is absolutely essential that, in the development of any vehicle for coordination, both the spirit and the letter of the existing constitutional language dealing with institutional autonomy must be retained.
2. There is general agreement that there should be established ~~some effective~~ ADDITIONAL means for ~~achieving~~ CONTINUING EFFECTIVE state-wide coordination of higher education. This can be accomplished either voluntarily between the individual institutions and the State Government or it may be done through constitutional amendment. If the boards of the individual institutions agree to support such an amendment, then this Association recommends the creation of a constitutionally separate Commission for Higher Education with responsibility for advising the Governor, the Legislature, and the institutional governing boards on matters of planning and coordination of higher education/ WHILE RETAINING THE PRESENT SOLE RESPONSIBILITY OF EACH GOVERNING BOARD FOR ITS INSTITUTION'S BASIC EDUCATIONAL AND FISCAL POLICIES.

In arriving at such a conclusion, the Association considered several factors:

- a. The present State Board of Education is so completely enmeshed in its primary task of supervising the State's K-12 educational effort that it is impossible for it to give proper attention to the area of higher education. In addition, there are other significant differences between the K-12 system and higher education, such as the basic funding process, which suggest separate agencies for coordination at the state level.
- b. The Association obviously cannot speak for the junior and community colleges of the State. It leaves for them to decide either individually or collectively the agency which can best serve their interest at the state level.

The Association feels the junior and community colleges would likely prefer either inclusion within the area of higher education or independent status because of their varied constituencies. It therefore makes no recommendation on this question.

- c. In establishing the aforementioned Commission for Higher Education, the Association feels that the Commission's responsibilities, which would include general planning and coordination of higher education, must be carefully articulated so that it can function in a compatible and complimentary manner with the individual institutions of higher education.

The Association takes no position on the matter of election versus appointment of this Commission or any institutional board as this is a political question better resolved elsewhere.

In conclusion, the Michigan Association of Governing Boards reaffirms its commitment to providing high quality higher education in this state in the most efficient and effective manner possible. It is in this spirit that it offers these recommendations and comments.

In separate actions on the question of whether the State Board of Education and the university governing boards should be elected or appointed, the Trustees, in each case by a vote of 6 to 2, voted in favor of election. Trustees Merriman and Thompson voted in favor of appointment.

12. Gift of electronic equipment, including a remote display cabinet with keyboard, analyzers, frequency counter, frequency calibrator, voltmeter, symbol writer, receiver-transmitter, Beckman power module and other equipment with a total value of \$262,849.54 from the National Science Foundation to be used for research under the direction of Leonard Cohen in the Department of Osteopathic Medicine.
13. Gift of equipment, including a gyroscope, transducer, analyzer, amplifiers, embossing machine, generator, Franklin high speed printer, and miscellaneous materials with a total value of \$254,602.49 from the National Science Foundation to be used for research under the direction of Leonard Cohen in the Department of Osteopathic Medicine.
14. Gift of a Dalco Audiomonitor 054 Audio-Respiratory and Cardiac Amplifier valued at \$125 from Donald B. Rogers, Dalco Medical Products, Inc., Havre deGrace, Maryland, to be used to monitor animals during anesthesia by students and faculty in the Department of Small Animal Surgery and Medicine.
15. Gift of infant circle anesthesia apparatus valued at \$350 from Robert Trimby, East Lansing, to be used on small animals by students and faculty in the Department of Small Animal Surgery and Medicine.
16. Gifts with a total value of \$8,386, including archaeological field materials, birds, mammals, reptiles, vertebrate fossils, Civil war period uniform jacket, from various donors as per the list on file in the Secretary's Office for research and display in the Museum.
17. Grants to be used for scholarship purposes as follows:
 - a. \$2,000 from Farm Bureau Services, Inc., Lansing, for recipients to be selected by the Ag Tech Office
 - b. \$200 from Rhoda H. Kotzin, East Lansing, for an outstanding first-year graduate student in philosophy
 - c. \$3,500 from the Ingham County Medical Society, East Lansing, to provide 7 scholarships of \$500 each in the College of Human Medicine
 - d. \$100 from Dr. and Mrs. Mary K. Peirce, Grand Rapids, for the College of Human Medicine Scholarship Fund
 - e. \$200 from Russell A. and Laura T. Runnells, Kalamazoo, as a contribution to the Russell A. Runnells Pathology Prize fund
 - f. \$3,000 from Vilican-Leman & Associates, Inc., Southfield, to assist undergraduate students, preferably from minority groups, for the academic year 1974 in the area of urban planning
 - g. \$19,290 from General Motors Corporation, Detroit, to be used for payments under the GM scholarship plan for the academic year 1973-74
 - h. \$100 from C. W. Minkel, East Lansing, as a contribution to the Latin American Research Fund
 - i. \$325 from the Women's Fellowship of Plymouth Congregational Church, Lansing, to provide scholarship assistance winter term 1974 for a native American MSU student
 - j. \$260 from Mr. and Mrs. Ernest C. Fox, Lansing, for the Richard F. Fox Memorial Scholarship Fund
 - k. \$100 from Mrs. George V. Gulash, Gaines, as a contribution to the John Gulash Memorial Scholarship Fund
 - l. \$457 from various donors for the John R. Winchester Memorial Fund
18. Grants as follows to the MSU Development Fund:
 - a. 50 shares of Pullman stock valued at \$3,225 from Leslie W. Scott, East Lansing, as a contribution for the Performing Arts Center
 - b. \$100 from Roger E. Wilkinson, Okemos, for the Department of Accounting and Financial Administration
 - c. \$100 from William J. E. Crissy, East Lansing, to be used under the direction of R. L. Blomstrom in the School of Hotel, Restaurant, and Institutional Management
 - d. \$130 from John H. Daily, Okemos, to be deposited in the Development Fund Restricted Account for the Geriatric 6
 - e. \$300 from the Damon Foundation, Needham Heights, Mass., to support a continuing seminar program in the College of Veterinary Medicine
 - f. \$15 from the Greater Lansing Auxiliary to the Michigan Veterinary Medicine Association for the purchase of a textbook in memory of Dr. Weisner
 - g. \$36.35 from the Southwestern Michigan Veterinary Medical Association, Paw Paw, for the purchase of a Rand McNally atlas in memory of David Turner
 - h. \$24 from the Womens Auxiliary to the MSU Student Chapter of the A.V.M.A. for books for the Veterinary Alumni Reading Room
 - i. For the Department of Small Animal Surgery and Medicine:
 - \$352.76 from the Jaxon Kennel Club, Inc., Cement City
 - \$250 from the Lake Shore Great Dane Club, Inc., Oak Park, Illinois
 - \$244.76 from Parke, Davis and Company, Ann Arbor
 - j. \$25 from Mrs. Carol Sprank, Williamston, for the Center for Laboratory Animal Resources to acquire books for departmental faculty, staff, students and others interested in laboratory animal medicine and related areas
 - k. \$10 from William M. DePuy, Charlevoix, for archaeological research
 - l. For the Intramural Sports Department account:
 - \$20 from Robert J. Tibbetts
 - \$200 from Charles E. Kirsch

D. OTHER ITEMS FOR ACTION

1. It was recommended that the appropriate degrees be awarded to those students who, according to the records of the Registrar, completed the requirements for graduation summer and fall terms 1973.

Degrees awarded summer and fall terms 1973

RESOLVED that the degrees be awarded as recommended.

Unanimously approved. Motion by Trustee Thompson, seconded by Trustee Huff.

2. The students graduating at the 1973 fall term commencement who had the highest scholastic averages at the close of their last term in attendance and were therefore recommended to receive the Board of Trustees Awards are:

Board of Trustees Awards fall term 1973

First high woman - Alesia Ranney Marinelli, General Business Administration major, 3.988 average, graduate of Homer High school, Homer, New York

First high man - Christopher Martin James, James Madison - Social Science - Socio Economic major, 3.968 average, graduate of E. W. Seaholm High School, Birmingham, Michigan

Second high woman - Catherine Britton, Applied Music major, 3.863 average, graduate of Dobyns-Bennett High School, Kingsport, Tennessee

Second high man - Donald Sherman Reynolds, Psychology major, 3.947 average, graduate of Grosse Ile High School, Grosse Ile, Michigan

RESOLVED that the Board of Trustees Awards be approved.

Unanimously approved. Motion by Trustee Merriman, seconded by Trustee Stevens.

3. During the 1972-73 academic year, the newly-founded Physically Handicapped Students program was provided with temporary office space in a study lounge of the Owen Graduate Halls. Last June, it was decided that the program could be permanently accommodated in the University's main Library, specifically in a portion of the area designated as the Reading Room for the Blind. The PHS office was moved to the Library and the arrangement has worked out to the advantage of all concerned, sighted and unsighted.

Approval renovation of Library space for Physically Handicapped Students program

However, because the area is divided into a number of small cubicles, lacks the wider doors required for passage in wheelchairs, is not properly lighted, etc., the space is not totally satisfactory. Alterations making it so have been estimated at \$13,600. Approval of the Board of Trustees is requested to fund the project out of Account No. 11-5173, Special Alterations and Improvements, and to proceed.

RESOLVED that the renovations for the Physically Handicapped Office in the Library are approved as recommended.

Unanimously approved. Motion by Trustee Huff, seconded by Trustee Carrigan.

Alterations to
Rooms 116-118
Linton Hall for
Instr. TV
approved

4. Due to a serious lack of office and certain types of support space at its Erickson Hall originating studio, it has been necessary to transfer those elements of the Instructional Television Services to Rooms 116-118 Linton Hall, space formerly assigned to another division of the Instructional Media Center.

The cost of necessary alterations to these spaces (2,366 NASF) has been estimated at \$14,000. If approved by the Board of Trustees, the entire amount will be funded by Account NO. 11-5173, Special Alterations and Improvements.

RESOLVED that the alterations for Instructional Television Services in Linton Hall are approved as recommended.

Unanimously approved. Motion by Trustee Carrigan, seconded by Trustee Martin.

Improvements
in Rooms 106
and 137 Women's
IM Bldg.
approved

5. Two University classrooms in the Women's Intramural Building, Rooms 106 and 137, seating a combined total of 110 students, are in essentially the same state they were when that building was opened in 1916. The simple, most effective improvement that can be made to these rooms is to upgrade their lighting and install new lay-in ceilings. Some of the original fixed seating is also in need of repair.

The cost of the improvements has been estimated at \$10,000. If approved by the Board of Trustees, the project would be funded by Account No. 11-5173, Special Alterations and Improvements.

RESOLVED that the improvements in Rooms 106 and 137 Women's Intramural Building are approved as recommended.

Unanimously approved. Motion by Trustee Carrigan, seconded by Trustee Thompson.

MSU participa-
tion in Michigan
Intercollegiate
Graduate Studies
Program
approved

6. A number of years ago the CIC (Big 10 plus the University of Chicago) Traveling Scholar Program was developed to permit graduate students enrolled in one of the CIC universities to take special courses at any other CIC institution without paying out-of-state fees.

A proposal which would institute such an exchange of graduate students among the public, graduate-level institutions in Michigan has been developed. The proposed agreement has been perfected by the Michigan Council of Graduate Deans and has been approved by the Michigan Council of State College Presidents.

This proposal, if approved by all the universities, would clearly establish yet another major area in which the Michigan universities can voluntarily coordinate their efforts to the benefit of the people of Michigan.

The proposal has been examined by the Graduate Council of this university and given unanimous endorsement. It has been evaluated by the Office of the Provost and now comes to the Board with the administration's recommendation for approval.

RESOLVED: The Board approves the participation of Michigan State University in the Michigan Intercollegiate Graduate Studies Program.

Unanimously approved. Motion by Trustee Thompson, seconded by Trustee Huff.

Administrative
responsibility
for Medical
Technology trans-
ferred to
Colleges of
Human and
Osteo. Med.

7. The following recommendation, jointly signed by the deans of the Colleges of Human Medicine, Osteopathic Medicine, and Veterinary Medicine, comes to the Board with the administration's full support.

We wish to recommend that the present arrangement of joint administration of the School of Medical Technology by the Colleges of Veterinary Medicine, Human Medicine, and Osteopathic Medicine be changed -- specifically, that the Board of Trustees charge the Colleges of Human Medicine and Osteopathic Medicine with the sole administrative responsibility for the School of Medical Technology effective January 1, 1974.

This proposed change represents the termination of the long-time relationship between the College of Veterinary Medicine and the medical technology program. It should be understood that it was an accident of history that the program began in the College of Veterinary Medicine in the 1920's as a result of Dean Ward Giltner's interest. Medical technology, of course, is related almost entirely to human medicine. Reflecting this, several years ago the curriculum coding of all medical technology students and general administrative responsibilities at the college level were shifted to the College of Human Medicine. We believe that this present recommendation is a logical extension of these changes already effected and makes greater sense educationally than continuation of the present arrangement.

RESOLVED: The program in Medical Technology is hereby transferred organizationally from the College of Veterinary Medicine to joint administration by the Colleges of Human and Osteopathic Medicine.

Unanimously approved. Motion by Trustee Thompson, seconded by Trustee Merriman.

8. The Committee on Student Publications Fee Revision, established by the Board of Trustees, has completed its deliberations and recommends as follows:
1. That the present Student Publications Tax of \$1.00 per term for the State News be continued without change as to amount or distribution, except as it may be modified in the future through the provisions of the succeeding paragraph.
 2. That, to provide means for an expression of sentiment by the student body on a tax collected by the University, the "Tax Collection Criteria-Student Governing Groups and Organizations" adopted by the Board of Trustees on July 28, 1972, be amended to delete therefrom Section 2d(2) and add a new section reading as follows:
 - "3. Referendum.
 - a. Any tax collected by the University on behalf of a student governing group, organization or publication shall be subject to modification or removal by referendum. The Board of Trustees will direct that such a referendum be held when either of the following conditions have been met:
 - 1) Any student subject to such a tax may initiate a referendum calling for the revocation of the University collection procedure for such tax by following the steps enumerated in Sections 2a(4) and 2a(5), exclusive of the compliance provisions in Section 2a(4); provided, however, that such referendum does not revoke the power of the governing group, organization or publication to assess its own members.
 - 2) The governing group, organization or publication may request a referendum for modification or removal of a previously established tax.
 3. That the Board of Trustees requests ASMSU and COGS jointly to consider placing a referendum before the student body that would create a student publications fee of the type suggested in the document entitled "Student Publications" (on file in the Secretary's Office). Should such request be presented to the Board of Trustees, arrangements will be formulated for the holding of the referendum at the most appropriate time.

Recommendations of Committee on Student Publications Fee Revision approved; Committee discharged

RESOLVED that the recommendations of the Committee on Student Publications Fee Revision be approved.

Resolution approved by a vote of 7 to 0 upon Trustee Huff's motion seconded by Trustee Thompson. Trustee Carrigan did not vote.

Motion was made by Trustee Stevens, seconded by Trustee Huff, and unanimously carried, to discharge the Committee on Student Publications Fee Revision with thanks for the work they had done. It was suggested that the administration explore the possibility of establishing a complete printing facility on campus.

9. In conformity with existing practices, the College of Osteopathic Medicine would like to have the University enter into an affiliation agreement with the Edgewood Non-profit Housing Corporation and the Grand Rapids Osteopathic Hospital. These agreements will formalize those made for providing clinical training of COM students and such other activities as are stipulated in the two documents.

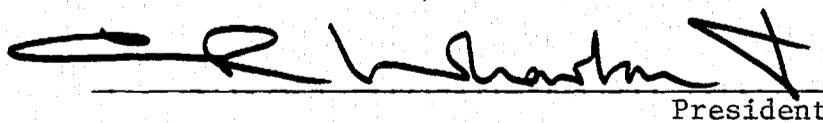

Affiliation agreements between College of Osteo. Med. and Edgewood Non-profit Housing Corp. and Grand Rapids Osteo. Hospital approved.

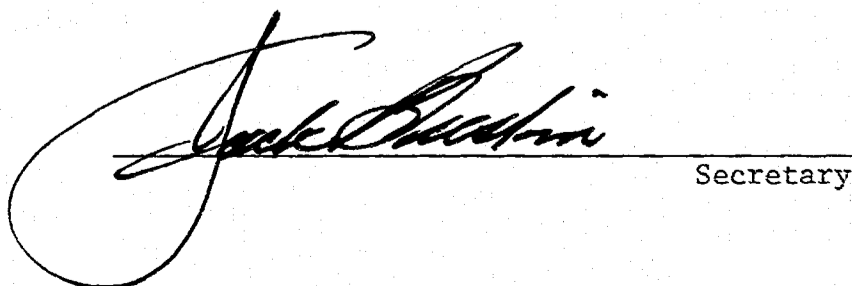

The two agreements have been examined by the College of Osteopathic Medicine, the Office of the Provost, and the University Attorney. They come to the Board with administration recommendation that these two agreements be approved.

RESOLVED: The affiliation agreements between Michigan State University and Edgewood Non-profit Housing Corporation and the Grand Rapids Osteopathic Hospital are hereby approved, effective January 1, 1974.

Unanimously approved. Motion by Trustee Merriman, seconded by Trustee Thompson.
